

Frederick William Dame

A Tale Told by a Doped-Up Idiot and Believed by Idiots

On February 12, 2013 Barack Hussein Obama delivered his fifth State of the Union Message to Congress and America.¹ This author has completed a sentence-by-sentence examination and exposé of many of Barack Hussein Obama's speeches. The proofing has always showed that Barack Hussein Obama's speeches are full of lies. One can truly say that Barack Hussein Obama is not only high on drugs, but also high on lies. The fifth State of the Union Message to Congress is no different. Practically every sentence is an outright lie. Therefore, this author will not waste any time and effort to prove what is already a fact: the speeches lie!² The most important matter is to expose what is behind the fifth State of the Union Message to Congress; indeed, all of Barack Hussein Obama's speeches.

¹ If the reader can stomach it (with a barf bag), the reader can read the text of the speech at http://www.nytimes.com/2013/02/13/us/politics/obamas-2013-state-of-the-union-address.html?_r=0 and view the video of the speech at <http://www.cbsnews.com/video/watch?id=50140940n>.

² There are already a number of commentaries. Some of the best are at:

What is the message behind Barack Hussein Obama's crap? The following true words explain what The One was really saying to the American people. After the State of the Union message Barack Hussein Obama was discussing the presentation with Michelle and Valerie Jarrett, the well-known ogress slumlord from Chicago who is his ultra evil ego.

Suddenly from a *deus ex machina*: A cry of rage is heard. The shout is "Obama's plans are falling apart around him."

OBAMA: Wherefore was that cry?

VALERIE: The *country*, my lord, is dead.

OBAMA: *It's too soon! My plan was that it should have died hereafter;*
There would have been a time for such a word.
To-morrow, and to-morrow, and to-morrow,
Creeps in this petty pace from day to day
To the last syllable of recorded time,
And all *America's* yesterdays have lighted fools
The way to dusty death. Out, out, brief candle *America!*
America's but a *nothing* shadow, a poor player
That strutted and fretted *its* hour upon the stage
And *now* is heard no more: *America* is a tale
Told by *Founding Father* idiots, full of sound and fury,
Signifying nothing.³

For Barack Hussein Obama the United States of America is a lousy creation by founders who were not intellectuals but political idiots because they knew nothing of the so-called rewards of socialism-communism-leninism-stalinism-fascism-hitlerism-maoism-marxism. In short, the Founding Fathers knew nothing of modern-day evil political systems that choke the freedoms of the citizens and make them puppets reacting to dens of rats pulling the strings.

The United States of America is like a bad stage production waiting to be rescued by a new plot of hope and change from a drug addict,⁴ his cocained wife,⁵ and slimy

³ Adapted from William Shakespeare, *Macbeth*, Act 5, Scene 5, Dunsinane, inside the castle.

advisor Valerie. Only Barack Hussein Obama knows what good productions are. They have to be interlaced with lies as truths; so many of them that The One's subjects will be so dumbed-down that they will never realize what real truth and honesty are. Destroy their patriotism. Make them POLD patriots. Take away the citizen's rights and methods of self-protection. Create the special effects of free goodies from the government. All that needs to be done is to print more money to pay for them. If no special effects are at hand, create them and call them crises. Never let these creations go to waste.

Good Barack Hussein-Michelle-Jarrett politics do not need any truths at all to interest us, just the portrayal of human beings who need government to take care of them. Give us falsities and trumped up effects with created human dramas. That will be reason enough to care about the Barack Hussein-Michelle-Valerie spectacle and the POLDS – the Progressives, Obots, Leftists, Dumbed-downers, Sheeple – will be captivated.

Create non-existing class warfare sound and fury. Bring it out from Barack Hussein Obama's teleprompters. Tell POLDS that Republicans will fight against them, march against them with Tea Party armies carrying the red, white, and blue flag of American oppression. Tell them that Republican and capitalism economics are magic tricks to make the rich richer and keep the poor poor.

Keep voting for Democrats and Barack Hussein Obama. They will take care of themselves!

Whizzes! Needles!! Bangs!!! Scams!!!! Democrat Snot!!!!!! Slavery!!!!!!! Flams!!!!!!!

That is the truth behind Barack Hussein Obama's State of the Union Message.

Barack Hussein Obama will appoint new idiot directors to implement the coming evil.

The only thing that is missing is a finale with capitalism's severed head.

Patriotic, Steadfast, and True
Frederick William Dame
February 14, 2013.
