

Dante's Tenth Circle

(for Genocide, Hitler, Saul Alinsky, Barack Hussein Obama, and Followers)

Frederick William Dame

INTRODUCTION

Dante Alighieri (1265 – 1321), commonly known as Dante, is Italy's *il Sommo Poeta* (Supreme Poet) and father of the Italian language. He is world famous for his epic poem *La Divina Commedia* (*The Divine Comedy*). The poem is divided into three parts: *Inferno*, *Purgatorio*, *Paradiso*. It should be read on two levels. On the fictional, surface level, Dante relates his journey through Hell, Purgatory, and into Heaven. On the Christian-philosophic-below-surface level it is the story of the journey of man's soul towards God. The nine circles (levels) of Dante's *Inferno* are in their order of graveness Limbo, Lust, Gluttony, Greed, Anger, Heresy, Violence, Fraud, and Treachery. There are two quasi sub-circles: the Abyss between Violence and Fraud, and the Giants' Well between Fraud and Treachery. Were he alive today, Dante would surely have a tenth circle named Genocide from which no instigator or supporter of rules and steps that lead to the mass killing of innocent peoples could ever escape.

ETYMOLOGY

The word **genocide** is made up of the Greek *génos* and Latin *cide*. The Indo-European word stem for the first half of the term is *gene- gen-* meaning *to give birth, beget*, with derivatives referring to aspects and results of procreation and to familial and tribal groups. The derivative that we are concerned with is the Greek *génos* and *génea*, meaning *race, family, of a kind*. The second part of the word *-cide* comes from Latin *cidium*, meaning *killing*. It came into the English language as *-cide* from the French *cide*. Thus the verbatim translation of the term *genocide* is: *killing a race (of a kind)*.¹

HISTORY

The term **genocide** comes from Raphael Lemkin (1900 - 1959). Mr. Lemkin was a Polish-American lawyer of Jewish heritage who had already studied the circumstances of the Turkish genocide on the Armenian peoples

during and after World War One. Raphael Lemkin is best known for his work against genocide, *Axis Rule in Occupied Europe: Laws of Occupation - Analysis of Government - Proposals for Redress*, that was published in 1943.² For Lemkin genocide was a supra form of barbarity and vandalism.

As part of international law and agreements, the term **genocide** occurs in the 1948 *United Nations Convention on the Prevention and Punishment of the Crime of Genocide* (CPPCG). **Genocide** is the deliberate and systematic destruction, in whole or in part, of an ethnic, racial, religious, or national group. Article 2 of this convention defines **genocide** as "any of the following acts committed with intent to destroy, in whole or in part, a national, ethnical, racial or religious group, as such: killing members of the group; causing serious bodily or mental harm to members of the group; deliberately inflicting on the group conditions of life, calculated to bring about its physical destruction in whole or in part; imposing measures intended to prevent births within the group; [and] forcibly transferring children of the group to another group."³ As a result of the insistence of Josef Stalin, the term was not expanded to include political opponents of a government.

COMPARISONS

Mr. Gregory H. Stanton, President of *Genocide Watch The international Campaign to End Genocide* lists and explains the eight major stages that are involved when one nation, country, group of humans, or culture commits genocide against another nation, country, group of humans, or culture.⁴ These stages of genocide sounded familiar to me. I know not only Adolf Hitler's methods of the extermination of the Jews in the Third Reich, but also Saul Alinsky's *Rules For Radicals*. I immediately made the connection that post-Hitler Saul Alinsky and his followers, like Barack Hussein Obama, essentially commit genocide on a smaller scale when facing their political or social opponents. The table below compares the steps leading to genocide with the stages of genocide committed by Adolf Hitler against the Jews and other peoples who were not Arian and to Saul Alinsky's (1909-1972) rules in *Rules for Radicals: A Practical Primer for Realistic Radicals* (1971) that one should use in destroying one's political or social opponent. Indeed, there is no difference between genocide and the methods of Hitler and the revolutionary renegade Alinskyites. All of them are evil to the inhuman core.

--	--	--

1	<p>Classification</p> <p>All cultures have categories to distinguish people into “us and them” by ethnicity, race, religion, or nationality: German and Jew, Hutu and Tutsi. Bipolar societies that lack mixed categories, such as Rwanda and Burundi, are the most likely to have genocide.</p> <p>PREVENTION:</p> <p>The main preventive measure at this early stage is to develop universalistic institutions that transcend ethnic or racial divisions, that actively promote tolerance and understanding, and that promote classifications that transcend the divisions. The Catholic church could have played this role in Rwanda, had it not been driven by the same ethnic cleavages as Rwandan society. Promotion of a common language in countries like Tanzania has also promoted transcendent national identity. This search for common ground is vital to early prevention of genocide.</p>	<p>Identification</p> <p>Identify the group as a menace to the public and dangerous to the welfare of society.</p>	<p>Pick the target and make it think you have power.</p> <p>Place your target in another category. Make the situation an US or THEM situation. Never claim US and THEM. Develop institutions like Organizing for America, or a private army of supporters under ObamaCare. Propagandize so people will think you and your organization are patriotic and tolerant. Transcend identity into the political party's identity. The same for the country you are trying to take over. Begin at the local level with groups-a like unions and political bodies town councils.</p> <p>PREVENTION:</p> <p>Undertake all measures similar to those listed at the left.</p>
---	--	--	---

2	<p>Symbolization</p> <p>We give names or other symbols to the classifications. We name people “Jews” or “Gypsies”, or distinguish them by colors or dress; and apply the symbols to members of groups. Classification and symbolization are universally human and do not necessarily result in genocide unless they lead to the next stage, dehumanization. When combined with hatred, symbols may be forced upon unwilling members of pariah groups: the yellow star for Jews under Nazi rule, the blue scarf for people from the Eastern Zone in Khmer Rouge Cambodia.</p> <p>PREVENTION:</p> <p>To combat symbolization, hate symbols can be legally forbidden (swastikas) as can hate speech. Group marking like gang clothing or tribal scarring can be outlawed, as well. The problem is that legal limitations will fail if unsupported by popular cultural enforcement. Though Hutu and Tutsi were forbidden words in Burundi until the 1980’s, code-words replaced them. If widely supported, however, denial of symbolization can be powerful, as it was in Bulgaria, where the government refused</p>	<p>Registration</p> <p>Comply lists with names and addresses of Jewish families and their relatives. Make them wear identity badges like the yellow Star of David and have a J stamped in their passports. (The latter was a suggestion of the Swiss government.)</p>	<p>Threaten the target by making it appear to be a symbol of what is bad, or is a bad experience.</p> <p>Call our opponents names like racist, domestic terrorists, un-American, Muslim, etc. the way they dress, (Sarah Palin), or where they come from (Sarah Palin).</p> <p>Combine these opponents and the names you have given them with subtle hate like the MSN does to those who criticize Hussein Obama. Associate negative symbols with them, like Swastikas with conservative organizations, or constitutionalists, or the Tea Party Movement.</p> <p>PREVENTION:</p> <p>Undertake all measures similar to those listed at the left. Expose and always be transparent and truthful in your expo</p>
---	--	--	--

3	<p>Dehumanization</p> <p>One group denies the humanity of the other group. Members of it are equated with animals, vermin, insects, or diseases. Dehumanization overcomes the normal human revulsion against murder. At this stage, hate propaganda in print and on hate radios is used to vilify the victim group.</p> <p>PREVENTION: In combating this dehumanization, incitement to genocide should not be confused with protected speech. Genocidal societies lack constitutional protection for countervailing speech, and should be treated differently than democracies. Local and international leaders should condemn the use of hate speech and make it culturally unacceptable. Leaders who incite genocide should be banned from international travel and have their foreign finances frozen. Hate radio stations should be shut down, and hate propaganda banned. Hate crimes and atrocities should be promptly punished.</p>	<p>Ostracism</p> <p>Exclude the targeted Jews from society by passing laws excluding them from those citizens who have legal rights, e.g., as was the situation under Hitler's Arian laws. (The Nuremberg Laws of 1935.)</p> <p style="text-align: center;">6</p>	<p>Freeze the target.</p> <p>Make your opponents appear to be inhumane. Propagandize lies about them. Call them names like "birthers", "tea partiers" "corrupt politicians in Washington". Your incitements are by the First Amendment to the US Constitution, but prohibit others from exercising this right. Make sure they are seen as the ones who evoke the speech."</p> <p>PREVENTION: Undertake all measures similar to those listed at the left. Explain your actions and always be transparent and truthful in your exposé.</p>
---	--	---	--

4	<p>Organization</p> <p>Genocide is always organized, usually by the state, often using militias to provide deniability of state responsibility (the Janjaweed in Darfur.) Sometimes organization is informal (Hindu mobs led by local RSS militants) or decentralized (terrorist groups.) Special army units or militias are often trained and armed. Plans are made for genocidal killings.</p> <p>PREVENTION:</p> <p>To combat this stage, membership in these militias should be outlawed. Their leaders should be denied visas for foreign travel. The U.N. should impose arms embargoes on governments and citizens of countries involved in genocidal massacres, and create commissions to investigate violations, as was done in post-genocide Rwanda.</p>	<p>Organization</p> <p>Make sure that the targeted group is attacked by an organization created to do the job. Make the targeted group and other non-Arian members of the Third Reich fear this group with its hunters, the SS, the GESTAPO, and the Nazi department of justice.</p>	<p>Personalize the target through organization and make it fun for your people to do.</p> <p>Make sure your opponents are threatened by your organizations or associated organizations. In the Case of Barack Hussein Obama: ACORN, SEIU, The Black Panthers Party. These groups have plans to physically hurt their opponents, but deny it afterwards.</p> <p>PREVENTION:</p> <p>Outlaw such organizations. Bring them to trial. If they are supported by corrupt officials, bombard the courts with accusations and proceedings against officials. Do not allow them prime-time television and radio interviews. Reproach them for what they are: enemies of the republican system of government.</p>
---	---	--	---

5	<p>Polarization</p> <p>Extremists drive the groups apart. Hate groups broadcast polarizing propaganda. Laws may forbid intermarriage or social interaction. Extremist terrorism targets moderates, intimidating and silencing the center. Moderates from the perpetrators' own group are most able to stop genocide, so are the first to be arrested and killed.</p> <p>PREVENTION:</p> <p>Prevention may mean security protection for moderate leaders or assistance to human rights groups. Assets of extremists may be seized, and visas for international travel denied to them. Coups d'état by extremists should be opposed by international sanctions.</p>	<p>Polarization</p> <p>Take active and violent steps to drive the Jews apart from the rest of the society. The Reichskristallnacht of 9 to 10 November 1938 is only one example. Destroy symbols of their culture like the synagogues.</p>	<p>Polarize the target. Make it enjoyable for your people to do so.</p> <p>Target moderate people to get them on your side. Polarize your opinions of your opponents. Say things against them that they must prove are wrong. Intimidate at every possible opportunity.</p> <p>PREVENTION:</p> <p>Get witnesses and bring the Alinsky strategy to court for hate crimes, libel, etc. Get groups to boycott them.</p>
---	---	--	--

6	<p>Preparation</p> <p>Victims are identified and separated out because of their ethnic or religious identity. Death lists are drawn up. Members of victim groups are forced to wear identifying symbols. Their property is expropriated. They are often segregated into ghettos, deported into concentration camps, or confined to a famine-struck region and starved.</p> <p>PREVENTION:</p> <p>At this stage, a Genocide Emergency must be declared. If the political will of the great powers, regional alliances, or the U.N. Security Council can be mobilized, armed international intervention should be prepared, or heavy assistance provided to the victim group to prepare for its self-defense. Otherwise, at least humanitarian assistance should be organized by the U.N. and private relief groups for the inevitable tide of refugees to come.</p>	<p>Preparation</p> <p>Collect the Jews together and transport them to concentration camps where they will be exterminated. Call for a conference to establish guidelines for the Final Solution: The Wannsee Conference 20 January 1942.</p>	<p>Prepare and ridicule. Keep the pressure on the target.</p> <p>Draw up a list of targeted persons and place the pressure on them. Place verbal symbols on them. For example: Sarah Palin looks like a worn-out whore. John McCain can't even raise his arms. He is dumb and disabled. Keep them separate from your killing spotlight.</p> <p>PREVENTION:</p> <p>Keep your cool and make sure that you are always seen as an upright, moral, person with a spine. Always maintain that you are not like an Alinskyite, because you have high morals and do what is right for your country and the Constitution. Mobilize forces from church organizations and social groups to take a stance on your side.</p>
---	--	--	---

7	<p>Extermination</p> <p>The process begins, and quickly becomes the mass killing legally called "genocide." It is "extermination" to the killers because they do not believe their victims to be fully human. When it is sponsored by the state, the armed forces often work with militias to do the killing. Sometimes the genocide results in revenge killings by groups against each other, creating the downward whirlpool-like cycle of bilateral genocide (as in Burundi).</p> <p>PREVENTION:</p> <p>At this stage, only rapid and overwhelming armed intervention can stop genocide. Real safe areas or refugee escape corridors should be established with heavily armed international protection. (An unsafe "safe" area is worse than none at all.) The U.N. Standing High Readiness Brigade, EU Rapid Response Force, or regional forces -- should be authorized to act by the U.N. Security Council if the genocide is small. For larger interventions, a multilateral force authorized by the U.N. should intervene. If the U.N. is paralyzed, regional alliances must</p>	<p>Annihilation</p> <p>Kill the Jews by gassing them, shooting them, poisoning them, and conducting medical experimentation on them.</p>	<p>Kill your opponents (exterminate the professionals) by making them live under their rules.</p> <p>You are doing nothing more than dehumanizing an opponent, not a human being. Opponents are not human. Make sure your organizations back you 100 percent with verbal and monetary support. Enlist everyone you can. Threaten them into doing things for you like saying: "How do you feel about your family?" "Are your wife and children healthy?" "I hope that nothing happens to them." "Perhaps I can assist you in your promotion." "Maybe I can help you with your promotion." "My organization will do everything for you. (You know it won't, but that doesn't matter!) Make sure your supporters are willing to take a quasi-allegiance to you and to fight for your positions.</p> <p>PREVENTION:</p> <p>Organizations that show such support are most likely illegal or function illegally. At the first sign, or even before they act, call out the Alinsky opponent out on these organizations. Your evidence has to be solid proof. Have social organizations interpose on your side against Alinskyites before the organizations exercise their evilness. If the organizations on your side are attacked, support them.</p>
---	---	---	---

8

Denial

Denial is the eighth stage that always follows a genocide. It is among the surest indicators of further genocidal massacres. The perpetrators of genocide dig up the mass graves, burn the bodies, try to cover up the evidence and intimidate the witnesses. They deny that they committed any crimes, and often blame what happened on the victims. They block investigations of the crimes, and continue to govern until driven from power by force, when they flee into exile. There they remain with impunity, like Pol Pot or Idi Amin, unless they are captured and a tribunal is established to try them.

PREVENTION:

The response to denial is punishment by an international tribunal or national courts. There the evidence can be heard, and the perpetrators punished. Tribunals like the Yugoslav or Rwanda Tribunals, or an international tribunal to try the Khmer Rouge in Cambodia, or an International Criminal Court may not deter the worst genocidal killers. But with the political will to arrest and prosecute them, some may be

Secrecy and Denial

Make every effort to keep the genocide apparatus a secret. Deny it exists and that it ever existed. Tell the people that the Jews have simply been relocated.

A STATEMENT CONCERNING PREVENTION

Under Hitler's Third Reich there were no adequate means to prevent any of the above steps of genocide. There were Germans who shielded and protected their fellow citizens, Jewish or otherwise, from being hunted and exterminated by the GESTAPO, the German Secret Police. They placed their lives and those of family members in jeopardy. By saving lives of those being persecuted, they remained moral human beings

Ignore attempts to blame you. Deny you did.

Say things like "I didn't know that." "wasn't there." "That didn't happen." "I don't remember hearing, seeing, reading anything about, that."

RESPONSE:

There is always the possibility that when someone denies doing something that they really did do, there is some form of proof that they were involved in the wrong. Obtain this proof and make it public as quickly as you can. Place the pressure on them with the truth. For example, place pressure on the MSN in any interview, no matter how many seconds or minutes it takes, what they and the Alinskyites have done against the law. Political and social opponents of the Alinskyites must voice the truth and ask truthful questions at every opportunity. Let the Alinskyites call you racists, or whatever. Respond with confidence by saying that you speak the truth and are a constitutionalist and that can never be taken away or whatever it is they call you. I have always like these three retorts:

- Now that remark of yours is surely indicative of your being a cathedral of intelligence.
- Similar to a remark by Dorothy P. You are undressing your character and do not cut a very good figure.
- Your arguments and positions are all merit, morals, and justice.

J'accuse!

It is quite obvious that those who follow Saul Alinsky and his rules are also the same character types who at the wink of an eye would be willing to commit genocide, and after doing so, deny it! The statement becomes more serious – if that is possible – when we consider that Barack Hussein Obama's friend and former co-worker and adherent to the teachings of Saul Alinsky, William Ayers and his terrorist group The Weathermen, planned re-education camps for Americans and argued for the need to kill at least 25 million Americans.⁵ If that is not a call for genocide I do not know what is! Barack Hussein Obama knew of this position, for William Ayers was and still is a close friend of Barack Hussein Obama!

A second reality substantiating the argument that Barack Hussein Obama would have no scruples in committing genocide against his political opponents is that in August 2006, Barack Hussein Obama illegally campaigned for his cousin, Raila Odinga, who was running for the office of President of Kenya. Raila Odinga is a Marxist Muslim who advocates genocide for some fellow Kenyans. It is a well-known fact that Raila Odinga's followers committed ethnic cleansing and controlled genocide in the Kenyan village Eldoret, 185 miles northwest of Nairobi on New Year's Day in 2008. It was very similar to the Rwanda genocide ten years earlier. Moreover, by the Middle of February 2008, 1,500 Kenyans had been killed, 500,000 had become displaced. Villages were pillaged by Muslims supporting Raila Odinga, now Prime Minister of Kenya, the second most powerful position in Kenya. Raila Odinga promises to change Kenya into a Muslim-Allah-state if he is ever elected President of Kenya. Barack Hussein Obama has never denounced his cousin's ethnic cleansing and genocide movements in Kenya.

Barack Hussein Obama's immoral behavior should not surprise anyone. Barack Hussein Obama is a Muslim. Being a Muslim Barack Hussein Obama is bound to follow the tenets of the Koran, particularly those concerning non-believers. Those specifically relating to genocide are:

- War must be conducted against non-believers and they can be executed at whim. (The Koran, Sura 9, is a complete chapter concerning proclamations of war. In total, there are 109 Koran verses, maybe more depending on the interpretation, that justify Muslims waging war against nonbelievers.)
- Non-believers are to be converted to Islam, even with force, for according to the Koran, non-believers are "lower than animals" (Koran: 7:179; 25:44) Non-believers are under such extreme restrictions that for many the only solution to

their social situation is conversion to Islam. The rule of The Koran is: conversion, or subjugation, or death!

- Subjects not willing to convert must either be killed or become dhimmi, servants to Islam. The concept of dhimmitude is formulated out of the ideology of jihad and specific interpretations of The Koran and the hadiths, which are the sayings and actions that are attributed to Mohammed. The dhimmis must pay a tax (jizya) (Koran 9:29) to ensure that they will not lose their lives. Although the jizya is a compensation from non-Muslim subjects paid to Muslims rulers for not being slain, there is no guarantee that their lives will always be spared.

All of this and much more are so-called holy actions executed in the name of the Islamic Allah.

When we understand the situation in this light, Barack Hussein Obama's silence concerning Raila Odinga's position on genocide is an endorsement of the extinction of non-believers. It is a sanctioning of their genocide! Thus, Barack Hussein Obama is fulfilling his Islamic duty. Barack Hussein Obama will never condemn Muslims and their Islamic ideology.

Additionally, we should also be aware that there are serious connections to Barack Hussein Obama's method of duping people that are similar, if not the same as the hypnotic methods used by Adolf Hitler to dupe the German populace.⁶

If we examine the pictures of mass gatherings on Adolf Hitler's campaign trail and Nazi Party rallies as closely as possible and read the accompanying text appropriately,⁷ that is, substituting Barack Hussein Obama for Adolf Hitler and the Barack Hussein Obama logos and policies for the Nazi logos and policies, and Obama's puppet followers, who are rightly called Obots (Obama robots), for the masses of people who followed Hitler, then such an Obama-Hitler comparison has essentially a one-on-one overlap.

THE CIRCLES OF DANTE'S INFERNO AND BARACK HUSSEIN OBAMA

It is interesting to look at Dante's nine circles of the *Inferno* and see how they relate to Barack Hussein Obama.

- **Limbo:** This is the place for virtuous non-Christians. In all likelihood, Barack Hussein Obama is a Muslim. Exactly, by having been born to a Muslim father, Barack Hussein Obama automatically belongs to the Umma, the global community of all Muslims ... forever! Any virtuosity that Barack Hussein Obama shows is a sham. Virtuosity is moral excellence. This is not present in Barack Hussein Obama's character.
- **Gluttony:** Barack Hussein Obama's gluttony is not one of physical eating,

but one of an insatiable appetite for his narcissistic self only.

- **Greed:** Barack Hussein Obama's greed is to take the credit for everything successful, although he most likely has nothing to do with the success. Everything that goes wrong, he blames on someone else.
- **Anger:** Barack Hussein Obama is constantly angry at upright Americans who are not socialist or communist. He is angry at the *Constitution for the United States of America*. He is angry at American values and traditions.
- **Heresy:** Barack Hussein Obama's heresy is of a second definition degree. This dictionary definition deals with "2, a: dissent or deviation from a dominant theory, opinion, or practice; b: an opinion, doctrine, or practice contrary to the truth or to generally accepted beliefs or standards."⁸ The dominant theory, opinion, or practice from which Barack Hussein Obama deviates and is heretic is the republican form of government and the capitalist economic system. These are the truths of the American system of government and economic life.
- **Violence:** Barack Hussein Obama said on 14 June 2008 of his political opponents in the Republican Party: "If they bring a knife to the fight, we bring a gun".⁸ Furthermore, every time Barack Hussein Obama plays the race card and calls everyone and anyone who is against his politics a racist, he is on the verge of inciting violence and violence of any kind would give Barack Hussein Obama the excuse for calling out martial law in the United States of America.
- **Fraud:** Barack Hussein Obama's use of multiple social security account numbers is only one example of his committing fraud.⁹ The machinations behind Barack Hussein Obama's election, the fact that he is not a "natural born citizen", is election fraud.
- **Treachery:** This is the violation of one's allegiance or faith. Treachery is an act of perfidy or treason. Barack Hussein Obama conducts treachery very day. His usurpation of executive office and his existing as the BOGUS POTUS is an act of treason.¹⁰ Barack Hussein Obama is the prime example of a person actively conducting tyranny.
- **Genocide** is the modern tenth circle to Dante's Inferno. Those advocating Saul Alinsky's Rules for Radicals would also advocate genocide against their political opponents, for according to their social and political theories, society must be cleansed of non-believers.

Debased people like Barack Hussein Obama and his cohorts-in-crime are not of the haute-monde, but of the demi-monde. They do not look up to respectable persons or legal, republican institutions. On the contrary, they look down and heap acclaim on those who are in the abysmal pit conducting genocide, the leader of which is the Moloch of Murkiness, Barack Hussein Obama,
