HIJRA

Source: <http://pamelageller.com.c.presscdn.com/wp-content/uploads/2015/10/migrants-slovenia3.jpeg>

Approximately 800 or more *Refugees* (not even 0.001% of the total) on their way to Germany via Austria are escorted in Slovenia by Slovenian police.

DEADLY CONCEPTS OF THE CANCER ISLAM presents the Islamic concept Hijra¹ as it came directly from Muhammad.² Hijra is rampant in Europe, Canada, and the United States of America where it is definitely allowed by the respective governments. Hijra

¹ Other English spellings are Hegira, Hijrah, and Hejira. Hijra is also a term used in India for transgenders.

² <http://thecompleteobamatimeline.com/uploads/3/5/7/4/3574872/deadlyconceptsofthecancerislam.pdf>. Consult this essay for further information concerning Muslim concepts.

guarantees the metastasis of the cancer Islam that throughout history has enslaved, tortured, and killed, more human beings than all cults and religions together. The religion of peace and tolerance has enslaved ca. 28 million Africans in the last 1350 years.³ The religion of peace and tolerance of Ottoman Islam enslaved 3 million Hungarian Roman Catholics between 1574 and 1681.⁴ Moroccan Muslims of the religion of peace and tolerance enslaved 1 million Europeans between the 16th and 17th centuries.⁵ The total number of non-Muslims killed by Muslims of the religion of peace and tolerance far outnumber the deaths that resulted in the two the World Wars. Indeed, extremely less accurate, but conservative estimates are that Islam since its inception has killed 70 to 80 million innocent people. There are larger, more accurate estimates that over 270 million innocent people have been killed by Islam, the religion of peace and tolerance.⁶

Muslim movements are never restricted by the host country. Therefore, they can infiltrate all organizations and all levels of politics. Prime examples are France, the Netherlands, England, Germany, and the United States of America.⁷ The open democratic societies of the West with their constitutionally-mandated freedoms of speech, religion and assembly have made it possible for Islam to start its insidious overthrow of Western culture with the simple method of immigration, refugee invasion – the uncontrolled influx of Muslims into a foreign country. This is Jihad Hijra.⁸

Along with active Jihad, Hijra is the main activity in undermining a non-Islamic culture. Hijra is Muslim immigration so that Muslims and Islam can peacefully populate and gain political power in a Kaffir (infidel) country. Hijra is most often used in conjunction with Muruna.

⁸ For more detailed information and description concerning the immigration principles of Hijra, consult Sam Solomon and Elias Al Maqdisi, *Modern Day Trojan Horse: The Islamic Doctrine of Immigration Accepting Freedom of Imposing Islam?*, ANM Publishers, Charlottesville, Virginia: 2009.

Muruna is the Islamic *principle of suspending Sharia in order that Muslims may appear to be moderate so that the Kaffir communities believe that the new, immigrant Muslims are not a threat to the nonbeliever community*. This condition will exist until the Muslim community has gained strength and the upper hand over the host community and/or country.

Hijra comes from the Arabic هجرة Hidschra (Hedschra), which is the term that describes the immigration of Muhammad from Mecca to Medina and his arrival in Qubā (12 Rabi' al-awwal = 24 September 622). This is the beginning of the Islamic calendar. It is Islam's day one in Islam's year one. It was in Medina that Muhammad began his terror-forged Islamic state and the terror conquest of the Arabian Peninsula.

The theory in Islamic jurisprudence is that Hijra is a responsibility for all Muslims to infiltrate the House of War (non-Muslim lands) that is always considered to be hostile. Muslims immigrating to a non-Islamic country are to take Muhammad's example of immigration as a model to be emulated. The emulating can be of two kinds:

- 1) undermine the host country in order to establish an Islamic state;
- 2) leave the host country because it is an enemy of Islam, regroup forces and strength and continue the infiltration at a later date.

Once again, we meet Islam's conditioned behavior: *when weak, preach peace; when strong, wage war*; and alternate until Islam's enemy is subdued.

Hijra is extremely important when Muslims immigrate to a European country, or Canada, and the United States of America in particular. Mosques will be built and Islamic schools will become established. Even low-profile Sharia courts will come into existence.⁹

Hijra demands that the host country meet Muslim demands. It is a fact that Muslims entering Germany demand that the Germans treat them as guests because Christian Wulff, the former President of the Federal Republic of Germany, said in a

speech celebrating the 20 anniversary of the re-unification of Germany on 3 October 2010, "*Aber der Islam gehört inzwischen auch zu Deutschland.*" (*But of course, in the meantime Islam also belongs to Germany.*)¹⁰

The now President of the Federal Republic of Germany, Joachim Gauch, said on 31 May 2012 that he agrees with Christian Wulff's intention, but would have phrased it differently: "*Muslime, die hier leben, gehören zu Deutschland.*"¹¹ (*Muslims who live here belong to Germany.*) This is thus an open invitation to Muslims to come to Germany because Germany will accept them as belonging to Germany. These two statements by two Presidents of Germany have been underwritten by the Chancellor Angela Merkel with her formulation of an invitation that was voiced at the end of Ramadan in 2015 as follows: "*Islam gehört unzweifelhaft zu Deutschland.*"¹² (*Without a doubt Islam belongs to Germany.*) These utterances were welcomed by Muslims everywhere and naturally by Muslim organizations in Germany and Europe, as well as in Islamic countries. In essence these statements have developed into official, open invitations to come to Germany.

Indeed, it is fact that the Federal Republic of Germany has been actively involved in open recruitment of refugees throughout the year 2015.¹³ A strategy paper authored by Aydan Özoguz of the Social Democratic Party, who is the responsible representative for Integration and Refugee Matters, argues that Germans must integrate with the (Muslim) refugees so that integration is not a one-sided matter.¹⁴

Islam gehört zu Deutschland or any other country is truthfully reversed into *Deutschland or any other country belongs to Islam* because as Muhammad said, wherever a Muslim emigrates and sets his foot, that land belongs to Islam,¹⁵ for Allah sent him there as a messenger to insure the expansion of Islam. We find the following statement fourteen times in the Koran: "And to Allah belongs the kingdom of the heavens and the earth." The logic is that Allah created the heavens and the earth (Suras 5:17; 120) and therefore everything belongs to him.¹⁶ Because Muslims are Allah's servants, they are to prostrate themselves and show awe, respect and obedience to Allah and Mohammed upon the soil to which Allah has directed them. That is the Islamic land claim for Allah and Islam.¹⁷

The Koran 22:58-59 unequivocally states (emphasis in red),

"Those who **emigrate for the sake of Allah**, then get killed, or die, Allah will surely shower them with good provisions. Allah is certainly the best Provider. Most assuredly, He will admit them an admittance that will please them. Allah is Omniscient, Clement."

And Koran 22:78,

"You shall strive for the cause of Allah as you should strive for His cause. He has chosen you and has placed no hardship on you in practicing your religion."

Hijra is intertwined with the doctrine Daru 'l-Harb: *the earth belongs to Allah and to his Messenger*. Because Islam says that the world belongs to Allah and his Messenger, and Allah promised the world to his followers, Muslims must liberate countries from foreign occupation. Through Jihad and through Hijra Muslims are re-taking what is theirs. Thus Muslims are only defending what is rightly theirs and Jihad and Hijra are defensive undertakings. Belonging to Deutschland or to any other country, or rather the reverse, Deutschland or any other country belonging to Islam will be accomplished in a sly and very subtle manner. Such minor, non-discriminatory demands will include

- a low-key demand for special, public prayer rooms,
- a low-key demand for female head and face coverings,
- halal food,
- high-decibel, five-times-daily calls to prayer,
- neutralizing of official descriptive language about Islamists and Jihad,
- official swearings-in on Korans in place of customary Bibles,
- making Islamic holidays legal,
- removal of Christian symbols because Muslims feel insulted by them,
- removal of representations of pigs from the public sphere,
- revision of so-called offensive content in movies and television programs,
- segregated male-female gym and swimming pool hours,
- Sharia-compliant financial transactions,
- the censorship of Christmas activities,
- the construction of footbaths at universities and public places,
- the elimination of Christian holidays,
- the elimination of Easter,
- the expunging of imagined depictions of Arabic characters that connote Allah,
- the expunging of offensive likenesses of Mohammed,
- work-place dispensations for handling pork products.

All of these activities will be undertaken with the argument that the host country must respect their guest Muslims and Muslim religious beliefs. Islamic communities will brainwash the people in the respective communities of the host country into believing that these are only minor activities that the host country and/or community can undertake to make Muslims feel at home. After all, the hosts are welcoming a new addition to a multi-cultural community. The new additions are guests. It is also a great opportunity for the hosts to gloat over their own tolerance!

Hijra is a 1,400 year-old concept originating with Muhammad, the Koran, and the Sunnah for Islamic expansion. From the beginning Hijra has exploited ethnic separatism in order for the Muslims to live in their own areas in the host country and not integrate, but slowly engulf the host country's society, traditions, and culture until they become non-existent. The gaining of Muslim privileges in a host country is

nothing more than an undermining and subversion of the host country's culture and traditions that will eventually be replaced by Sharia and Islamic belief.

Hijra and Jihad are the two sides of the medal of Islamization. The initial stages may include receiving permission for public calls to prayer, the establishing of Islamic schools, libraries, research centers, and the teaching of Arabic accompanied by the Muslims engaging in Haram (that which is allowed) so that an eventual establishment of the Ummas (communities) can be achieved. Even the rules of the Koran may be suspended as long as the suspension allows for the spreading of Islam. The host community will be brainwashed into accepting that the construction of a mosque is nothing more than a Muslim church. A mosque is not a church. It is a building of prayer to a moon god named Allah and a hot-bed center of local Jihad, Islamic life, and activities that are mistakenly understood by non-Muslims. Sam Solomon and E. Al Maqdisi are quite explicit in their description of the mosque as being¹⁸

- Central to the life of a Muslim community
- A civil as well as a religious building
- A Court as well as a classroom
- A military as well as a mission base
- A place of commendations as well as a place of condemnations

The true aim is to establish a purposeful non-integrated Muslim identity to assure the Islamization of the host country/community.

None of the leading politicians in Canada, the United States of America, Europe, indeed in Germany, understand the concept of Hijra and the doctrine of Daru 'l-Harb: *the earth belongs to Allah and to his Messenger*.

The North German Radio (NDR 1) (NDR.de) reports the small village of Lauenberg, which has 60 inhabitants, has been informed by authorities in Schleswig-Holstein that that it can expect 1,500 refugees.

¹⁸ Solomon and Al Maqdisi, p. 71.

"The country plans on the premises in the Hagener Ronde district Groß Weeden to accommodate up to 1,500 refugees. The small village in the district of Lauenburg has just 60 inhabitants. The target for Schleswig-Holstein is to increase 'the number of registrations gradually to 25,000 by the end of the year,' said Interior Secretary of State Manuela Söller-Winkler on Tuesday. This was necessary to allow incoming refugees in the country a humanitarian accommodation and a regular recording procedure.

County and municipality have been taken completely by surprise by its own account of the plans. District Governor Christoph Mager (CDU) only found out about the project on Monday afternoon. He said from now on he would cancel all of his appointments and sat down with the various administrative bodies in connection. 'We are still looking for the right words,' said Mayor Andreas Albrecht Ronde Hagens in an initial statement. There were concerns and open questions. Finally Groß Weeden is a small hamlet. Therefore, there will soon be a public meeting at which the citizens should be informed about the planned 375 containers.

By the end of November, according to the Interior Ministry in Rondeshagen, 200 places in 50 containers will be available and by the end of December a further 900 places will be created in an additional 225 containers. 'People need a solid roof over their heads, said Söller-Winkler. The property refugee locations in Rondeshagen should be fully established by the end of January. According to NDR 1, the containers with function rooms themselves providing for the care and support of refugee will be placed in front of the local disco. Overall, the county is planning 375 residential containers." ¹⁹

Pamela Geller poses the following questions concerning the refugee invasion:

¹⁹ <http://pamelageller.com/2015/10/village-of-60-must-accept-1500-muslim-migrants.html/>.

"Do people understand what is happening? Town by town, village by village, Europe is being swallowed whole. Do these people know what is actually happening to them, their cities, their countries? Their only option will come down to civil war. At the very least, German voters will be kicking quite a few elected officials out of office in the next elections."

No, Pamela Geller, the political authorities do not understand what is happening. They do not understand that Europe and Canada, and the United States of America are being swallowed piece-by-piece by invading Islam. The people do not know what is happening to their towns, their cities, or their countries.

The people and the leading politicians always emphasize that Islam is peaceful and tolerant and that the mission of those in the invaded country is to show humanity to the great world religion Islam and to give it the opportunity to exist peacefully and tolerantly with the religions of the host country.

"With a rate of more than 10,000 'refugees' per day, Germany will be a third world country very soon: the highest court in Germany ruled that every refugee is entitled to get the same social benefits that German citizens get."²⁰

In closing her video report on the Austria-Slovenia border chaos, Pamela Geller says, "Americans don't know, and it's coming here."

This is the reason she does what she does.

Consider these quotes:

- "If you don't accept the brave new world that is sure to bring more Jihad and more Sharia to Europe, you're a Nazi and a racist. Meanwhile, no one is bothering even to ask, much less answer, one central question: why is it incumbent upon Europe have to absorb all these refugees? Why not Saudi Arabia or the other Muslim countries that are oil-rich and have plenty of space? The answer is unspoken because non-Muslim

²⁰ <http://pamelageller.com/2015/10/latest-video-from-austrian-border-chaos.html/>.

authorities refuse to believe it and Muslims don't want it stated or known: these refugees have to go to Europe because this is a hijrah.

This is also Europe's death knell." – Robert Spencer²¹

- "The world is reaping what has been sown. **[That is, what the West has wrought in the Middle East.]** Hundreds of thousands of people have been displaced and are on the move, a massive sea of humanity flowing into Western Europe. They are also threatening to overrun the borders into Eastern European nations. The American and Western European government are saying this is a "refugee crisis," and the news media, **like good propagandists**, run images of a few poor women and children, while neglecting to show us the rest of the situation. Not displayed is **the mass of overwhelmingly young, healthy, well-dressed males, carrying the latest smart phones**. Far from the starving widows and orphans one might imagine upon hearing the word, "refugee," these men have come to riot, rampage, and destroy.

[NB] Lest anyone allow themselves to be deceived, this is not a normal migration – it is a ***hijra***." – Father John Suhlisdorf²²

- "Among them, there are almost no women, no children — the overwhelming majority are young aggressive males"²³

Hirja is Jihad *per pedes*. There can be no doubt that Muhammad would not only epileptically shout **Allahu ackbar**, but also epileptically shout **Hirja ackbar**.

Healthy, political Western democratic republics cannot allow the cancer Islam to infect their societies. Islam has never made positive contributions to the development of any country.

In 2012 the National Geographic Society published the book *1001 Inventions, The Enduring Legacy of Muslim Civilization*²⁴ which was an accompaniment to a travelling museum road show around the world claiming that Muslims made this or made that, did this or did that, or invented this or invented that. What the book really shows is that all of the claims it makes are lies and deceptions.²⁵ Nothing positive has ever come out of Islam.

Where Islam has appeared there has been nothing more than destruction and retrogression. Islam will never establish a God-like state because Islam's god Allah is evil.

The only cure for humanity is the excision of the evil, corrupt rottenness of Mohammed's anti-humanity, epileptical hallucinations.

Frederick William Dame
Patriotic, Steadfast, and True
