

I WOULD NEVER SAY ... BUT I WILL SAY ...

LAYING IT OUT STRAIGHT

Let's get down to the nuts and bolts. Let's hit the nails on their heads. For liberals and snowflakes, the translation means: Let's state the basic, fundamental aspects, and essence of the Democrat Party 2020 election fraud. We will hammer and pound them into undeniable logic by being correct and accurate.

(Don Fredrick, author of *The Complete Obama Timeline*.)

By the power of the Holy Spirit and by His authority, I ask Jesus Christ to break any curses, hexes, or spells and send them back to where they came from if it is His Holy Will. I beseech Thee Lord Jesus to protect us by pouring Thy Precious Blood, which Thou hast shed for us, on American patriots, and I ask Thee to command that any departing spirits leave quietly, without disturbance, and go straight to Thy Cross to dispose of as Thou sees fit. I ask Thee to bind any demonic interaction, interplay, or communications. I place President Donald J. Trump under the protection of the Blood of Jesus Christ, which He shed for us. Amen"

HEAR YE! HEAR YE! HEAR YE!

Read the respective quotations from historical personages at <http://www.three-peaks.net/quotes02.htm>. You can make your own choices.

The lists could go on *ad infinitum* because the evilness, the anti-Americanism, and the constitutional lawbreaking in the Democrat Party is ever-present. The Democrat Party has no ethical and moral core. It is evil and contributes nothing of positive value to American tradition and culture.

Do I genuinely mean all of the above statements?

Yes, I do!

With the beginnings of federalism, the United States of America became a constitutional republic. In order to exist, a democratic republic has to base its *raison d'être* upon the virtues of its citizens, on their respect, desire and love for equality, and on their innate desire to become themselves and not just an impersonation of any buffoon who symbolizes a fraudulent character and attempts to usurp a position.

American identity is in danger of no longer existing, or at least changing from the fundamental values it once had. The being of an

American is slowly being deconstructed by an undercutting of the *Constitution for the United States of America*.

The Democrat Party is the danger to American constitutional values, the document of America's moral and just identity. The *Constitution for the United States of America* is being hollowed out from within.

Americans can only undo America by being the dupes of others. It is more important today than ever before that the patriotic American citizen be an American with upright identity. How does an American know what an American is? The answer is quite simple.

Americans should envision themselves as trees, as Liberty Trees. A Liberty Tree needs strong roots in order to grow. The tree must reach deep into the past philosophy so that the tree can wither the storms of political revolutions.

The Liberty Tree must win in depth. America can wither storms and conflicts. America and her citizens have always withered storms, particularly in troubled times, when both America and her citizens have stood together. The Liberty Tree also needs the possibility to stretch its branches and leaves into the light. The Liberty Tree must have a desire to live.

The Founding Fathers provided for the Liberty Tree's expanse and longing into eternity. Americans as Liberty Trees need the heavenly theory of paradise. The Tree of Liberty needs citizens that are scientists, musicians, preachers, politicians, dramatists, authors, etc., who are willing to be constitutionalists who demand the truth from their elected officials. It does not need citizens, illegal aliens, and leaders who are liars, who are corrupt, who commit forgery, who are America-haters, who are conniving, designing politicians that dupe the populace, and who are usurpers.

True American patriotic citizens do not wish the loss of their nation. Not one of them enjoys troubles and bitter experiences. Yet such situations come and engage Americans.

Many liberal and ultra-liberal tendencies in America have no moral, just, spine to their being, and no virtues whatsoever. The intent is to uproot the individual Liberty Trees. America, as it is, should be defoliated, clear-cut, and destroyed. Change America from a constitutional republic into a condition of no government with pure socialism or communism, indeed, even into a Muslim god-state with Islam as the official pseudo religion-ideology. In the end all of these suggested and desired changes are dictatorial to the core.

American citizens cannot turn their face against such challenges, particularly in a world where there is good and evil. Unfortunately, facing such evil challenges often means going to war. Adversaries to peace and freedom must be repelled and defeated. It is a constant fight. Americans must stand upright and show their positive patriotic identities and insist on the execution of the social contract. That is what will make the individual Trees of Liberty become a truly united Liberty Tree.

With the intended, illegal usurpation of presidential power the Democrat Party in the person of the stooge Joe Biden, backed by the absolute control of the traitor enemy mass media in the United States of America, the American is at a stage of becoming non-existent. There is little time left for Americans to regain their enumerated freedoms as listed in the *Declaration of Independence* and the *Constitution for the United States of America*, explicitly stated in the first ten amendments, the *Bill of Rights*.

The Democrat Party's goal to change the basic American identity of being free and independent into one of being dependent on government

so that the government will be able to control the citizen from the cradle to the grave is fast approaching. Total, regulated identity will be achieved and what was once America with its traditions, culture, and ethics will no longer exist.

Should Joe Biden become President of the United States of America and Kamala Harris Vice-President of the United States of America, the legacy of the traitorous Democrat Party, Joe Biden, and Kamala Harris will be a legacy of America's decline. Their spectre is haunting the United States of America. In order that America's Indomitable Patriots continue to exist, it is necessary that American Patriots, indeed, WE the People, exorcise this spectre, ... otherwise ...
