## JUST THINKING

Number 18

Mao's great slogan was *The Great Leap Forward*.

**JT:** It was a great leap backwards. Do you know that Mao's Great Leap Forward resulted in 45 million Chinese deaths directly tied to the Great Leap? (The pun is intentional!) (<http://www.independent.co.uk/arts-entertainment/books/news/maos-great-leap-forward-killed-45-million-in-four-years-2081630.html>). Perhaps Obama is thinking that his *Forward* contains a similar result that could reduce unemployment.

\*\*\*

Will Obama lose Pennsylvania, Ohio, and Florida on November 6?

**JT:** The voting machines are already programmed to make a win for Barack Hussein Obama in these states. This is a recording and I, Barack Hussein Obama, approve this message.

\*\*\*

The latest Quinnipiac polls conjecture "if Obama is having ... problems in Pennsylvania, he'll lose Indiana and could possibly lose Wisconsin and Virginia as well."

**JT:** The voting machines are already programmed to make a win for Barack Hussein Obama in these states. This is a recording and I, Barack Hussein Obama, approve this message.

\*\*\*

*The Weekly Standard's* Daniel Halper says, "If only the Obama team could scrub the minds of the American electorate as easily as they can their own websites."

**JT:** If the American electorate is dumbed down as they have been over the last four-plus years, there is no need for scrubbing the minds.

\*\*\*

Concerning the killing of Bin Laden, Brian Williams of NBC asks Obama, “If this [Osama bin Laden operation] had failed in spectacular fashion... it would have blown up your presidency. I think, by all estimates, it would have been your Waterloo, and perhaps your Watergate—eh, consumed with hearings and inquiries. How thick did the specter of Jimmy Carter, Desert One, hang in the air here?” Obama answers, “Certainly we thought about the fact that if there was a failure here, it would have disastrous consequences, uh, for me politically. We knew the examples of the, uh, Carter presidency and we understood what happened there. ...But I tell you, the only thing that I was thinkin’ about throughout this entire enterprise was, ‘I really want to get those guys back home safe.’”

**JT:** Now I'll translate this for you. Obama responds, Oh I don't think there was any risk of losing Waterloo Station in London. As for Watergate. There was no risk there either. The Watergates in America are the best in the world and they control flooding. As for Jimmy Carter and Desert One. There is always the possibility of having Desert Two after a good meal. That is what Michelle tells me. My real thoughts were how can I play my golf game to get a better handicap?

\*\*\*

WashingtonTimes.com reports, “Russia’s most senior military officer said Thursday that Moscow would strike and destroy NATO missile defense sites in Eastern Europe before they came online if the U.S. pushes ahead with deployment. ‘A decision to use destructive force pre-emptively will be taken if the situation worsens,’ Russian Chief of General Staff Nikolai Makarov said at an international missile defense conference in Moscow attended by senior U.S. and NATO officials.”

**JT:** Methinks that Russia need not worry. Puppet Obama does not talk back to Master Putin, Master Medvedev, or any Master Russian General!

\*\*\*

"Nazi madman Adolf Hitler craved cocaine and cars, farted uncontrollably due to his vegetarian diet and was injected with semen from young bulls to keep up with his curvy gal pal Eva Braun, according to a rarely seen and historic cache documents, X-rays and maps of the fuehrer's "Wolfs Lair" set for public auction next week." (<http://washingtonexaminer.com/politics/washington-secrets/2012/05/docs-reveal-hitler-farted-received-sex-injections-craved-cocaine>)

**JT:** Vorwärts, Vorwärts, Vorwärts Obama! Forward, Forward, Forward!

\*\*\*

If all of the people who are looking for work are counted as unemployed, the unemployment rate is at least 14.5% and more.

**JT:** Obama says that the unemployment rate is at circa 8% or less. This is proof enough that Obama doesn't understand simple economics.

\*\*\*

In the May 2012 edition of *The Obama Timeline* Don Fredrick notes: "With 13.5 million unemployed Americans and new jobs being created at the rate of only 115,000 per month, it would take 117 months, or almost 10 years, to put the unemployed back to work. But there are *also* about 1.75 million college graduates every year. Over 10 years, they would create a demand for an *additional* 17.5 million jobs. Add the high school graduates who do not attend college, and it is clear that 500,000 or more new jobs per month are needed to put the economy back on track. That may not happen if Mitt Romney is elected, but it will not happen if Obama is reelected."

**JT:** This is all true! Now here's my two cents. If the American voters allow Mitt Romney eight years as President, the chances are that it will take less than ten years "to put the unemployed back to work." I'm willing to give him the chance, if he is a natural born citizen.

\*\*\*

Concerning Obama's handling of the Chinese blind dissident Chen Guangcheng. Linda Chavez at Townhall.com reports that "Chinese thugs already had managed to intimidate Chen's wife, according to friends and human rights activists, threatening her with beatings and even death if Chen did not leave the embassy and go to a Beijing hospital.

American diplomats were only too eager to oblige. Photographed with U.S. Ambassador Gary Locke as he departed the security of the embassy, Chen soon enough saw that American promises to ensure his safety were nothing more than a convenient compromise to get him out of the way so as not to jeopardize the Clinton-Geithner mission."

**JT:** Methinks that the Chinese government officials were advised by Barack Hussein Obama. If anyone knows how to intimidate, Obama knows! If anyone knows how to break promises, Obama knows!

\*\*\*

Senator Charles Grassley (R-IA) thinks that "The Attorney General is facing a real test of leadership (with Fast and Furious gunrunning.).

**JT:** The real test of leadership is with Congress. It is waiting too long to prosecute Eric Holder. The longer they wait, the less chance of success against Holder!

\*\*\*

*The Life of Julia* has been taken off Twitter.

**JT:** Good. Those who came up with the idea should be taken off the payroll of the American taxpayer.

\*\*\*

Ann Romney wears expensive clothes.

**JT:** Expensiveness is a matter of relevance. At least her clothes are prim, proper, and show good taste. Michelle's clothes show broadness, are wrong, and are ugly, or ... is it just Michelle, or ... a combination of the two?

\*\*\*

Concerning Obama's May 1 agreement with Afghanistan's President Karzai, Daily Caller informs us the United States is prohibited from attacking al-Qaeda leaders or fighters

hiding in Pakistan. “The surprising commitment effectively bars Obama and his successors from launching another nighttime helicopter raid like the one that that killed Osama bin Laden. That raid has proven to be Obama’s primary foreign-policy success because it killed bin Laden, scooped up much intelligence data and shocked Pakistan. Obama’s commitment will also end the use of secretive drone-attacks from Afghanistan. The United States further pledges not to use Afghan territory or facilities as a launching point for attacks against other countries.”

**JT:** Why would Obama do this? It is only the case of one good Muslim helping other good Muslims. (Of course, they are all good. Ask them!) The agreement is definitely against US interests. How can the United States get out of the agreement? It's quite simple. The agreement was signed by an illegal, usurper president and thus Obama's signature has no legal standing.

\*\*\*

The Obama decision to kill Bin Laden was gutsy!

**JT:** That wasn't gutsy. Playing golf on that day was gutsy. After a hard week's work, deciding to play golf is gutsy! Do you know what is in Obama's guts? Feelings for Larry Sinclair, Donald Young, Larry Bland, Deval Patrick, Kal Penn, Reggie Love (Oh yes, Reggie!), Arthur Davis, Bill First, etc.

\*\*\*

The Obamas will have another illegal “Dinner with Barack” fundraising contest.

**JT:** Rumor has it that a lot of top dogs will attend.

\*\*\*

Don Fredrick of The Obama Timeline notes, "Although Obama has been campaigning for months, May 5 is the advertised “official” start of his reelection campaign. May 5 is also the anniversary of the birth of Karl Marx."

**JT:** Here is my addition: Karl Marx once said, "I'm not a Marxist". Most likely it was because he had no desire to be identified with mobs that murdered people so that their

visions of a classless society could become reality. Evidently, Marx would not want to have been associated with the Occupy Movement. For both, Obama and Marx refuse to take responsibility for their ideas.

\*\*\*

FoxNews.com reports that at "The arraignment Saturday of the five defendants in the 9-11 attacks stretched into the evening as the self-proclaimed mastermind and his four co-defendants refused to answer the judge's questions and interrupted the proceeding with prayers and outbursts—all in an apparent attempt to delay the process. The appearance of the five men at the military tribunal at Guantanamo Bay, Cuba, marked the first time in more than three years that the public has seen Khalid Sheikh Mohammed and the other men. ...More than seven hours into the hearing, the judge at the U.S. military base in Cuba hadn't yet read the charges against the men. They face 2,976 counts of murder and other charges related to the 2001 attacks and could receive the death penalty if convicted of the most serious crimes." (Don Fredrick of *The Obama Timeline* says, "The shenanigans by the defendants and their attorneys prove that those who opposed the Obama administration's plans to try them in New York City were correct. Cheryl Bormann, a civilian attorney for [Walid] bin Attash, appeared in a conservative Islamic outfit that left only her face uncovered and she asked the court to order other women present to wear 'appropriate' clothing so that defendants do not have to avert their eyes 'for fear of committing a sin under their faith.' Actions like that are intended to delay the proceedings and force an escalation of the costs of the trial, which is likely to take at least six months—although Obama may be hoping to have a guilty verdict by the end of October in order to make him appear 'tough on terrorists' just in time for the election.)

**JT:** Saint Matthew knew what he was preaching:

*Matthew 7:15 Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves.*

*Matthew 7:16 Ye shall know them by their fruits. Do men gather grapes of thorns, or figs of thistles?*

*Matthew 7:17 Even so every good tree bringeth forth good fruit; but a corrupt tree bringeth forth evil fruit.*

*Matthew 7:18 A good tree cannot bring forth evil fruit, neither can a corrupt tree bring forth good fruit.*

*Mathew 7:19 Every tree that bringeth not forth good fruit is hewn down, and cast into the fire.*

*Mathew 7:20 Wherefore by their fruits ye shall know them.*

*Matthew 7:21 Not everyone that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven.*

*Mathew 7:22 Many will say to me in that day, Lord, Lord, have we not prophesied in thy name? and in thy name have cast out devils? and in thy name done many wonderful works?*

*Mathew 7:23 And then will I profess unto them, I never knew you: depart from me, ye that work iniquity.*

\*\*\*

Breitbart.com reports that two of the candidates for president in Egypt “have endorsed jihad against the United States and one of them even supports al Qaeda.” Abd Al-Mun’im Abu Al-Futouh, an alleged “moderate” Islamist, stated in 2004, “Like all members of the Muslim Brotherhood in Egypt and around the world, I personally hope to have a chance to bear arms to confront the U.S. occupation in Iraq... This is a matter of religion, not of politics. When a Muslim land is occupied, jihad becomes an individual duty.” Hamadein Sabahi stated in 2005, “When a weapon is pointed at the Americans, it is good. Any weapon that kills an American is good. Any gun pointed at the Marines is good. Any kidnapping or slaughtering of an American in Iraq is good. ...One must salute this organization [Al-Qaeda] when it kills any American soldiers—a soldier, not a civilian. The presence of Al-Qaeda in Iraq as part of the resistance is a positive phenomenon that should be supported. I support Al-Qaeda when it kills Americans.”

**JT:** See what happens when you worship the Moon-god Allah-Hubal! You become a lunatic!

\*\*\*

President Nicolas Sarkozy of France is no longer president of *Le Grand Nation*. François Hollande, the socialist, is now the President of the now-not-so-grand nation. Press secretary Jay Carney says that Obama “indicated that he looks forward to working closely with Mr. Hollande and his government on a range of shared economic and security challenges.”

**JT:** The translation is this: Obama hopes that Hollande will hold his hand in implementing socialism in the United States of America and more socialism in France by borrowing/or printing money so that the governments can invest in jobs for the unemployed. The security challenges concern how to make the lives of Muslims in

France and the United States of America safer and how to implement sharia law in both countries.

\*\*\*

In Greece, voters reject the austerity program the government imposed in an effort to avoid default. The new, fragmented parliament is likely to have a difficult time agreeing on much of anything, let alone succeed in pulling the country back from the brink of fiscal disaster.

**JT:** There will be no new parliament. There will be new elections in June. If the Left becomes the largest majority in parliament, there will be no solution to Greece's financial problems. The Greeks are the fault of their own fate. "The road up and the road down are one and the same." [Heraclitus (c.540-c.480 BC)]

\*\*\*

HotAir.com says that Obama's campaign is still about Hope and change.

**JT:** No it's not! It's still about a dope who wants chains!

\*\*\*

On *Meet the Press*, Vice-President Joe Biden refers to Mitt Romney as *President Romney!*

**JT:** Well, Well, Well! Biden ***is*** an upright American!

\*\*\*

On *Meet the Press* reporter/common tater Tom Brokaw says, "I've been all over the country in the last three weeks and with all due respect to [Obama], there's a real wariness out there."

**JT:** Why should Obama receive respect from anyone? I can't answer the question!

\*\*\*

At the International School in Dhaka, Bangladesh, Secretary of State Hillary Clinton is asked about “the common perception held by many young people that the U.S. is anti-Muslim.”

**JT:** They are asking Mrs. Muslim, Why should Americans be against those who worship the Moon-god Allah-Hubal? She answered the question, but said nothing. The question contains the answer. That is the reason. Worshipping a Moon-god is nothing more than worshipping a Moon-god according to the dictates of control by a possibly non-existing person named Mohammed. (I'm not the expert, but Robert Spencer is! *Did Mohammed Exist An Inquiry into Islam's Obscure Origins*, ISI Books, Wilmington, Delaware: 2012.)

\*\*\*

Here are a few famous Obama statements:

“The time has changed for come,”

“With our country founded more than 20 centuries ago, we have much to celebrate,”

“reforms that bring greater inefficiencies to our health care system,”

“We know that countries like Europe are willing to stand with us in our fight to halt the rise of privacy,”

“Israel is a strong friend of Israel’s,”

“Let’s face it, everybody knows that it makes no sense that you send a kid to the emergency room for a treatable illness like asthma and they end up taking up a hospital bed. It costs, when, if you, they just gave, you gave them treatment early, and they got some treatment, and ah, a breathalyzer, or an inhalator. I mean, not a breathalyzer,” and “I don’t know what the term is in Austrian for that...”

**JT:** Methinks Obama is saying, "I don't know what I am talking about. I've always had a problem with thinking and speeches."

\*\*\*

PJMedia.com notes, “Michelle Obama told the crowd in Virginia that ‘life experiences’ help guide the decisions of her ‘magnificent’ husband.”

**JT:** As if life's experiences don't guide the decisions of us all. Michelle is such a genius. I would have never thought that my life's experiences had anything to do with my decisions. I thought that all persons make their personal decision by rolling dice! Michelle should get the Nobel Prize for one-sentence-say-nothings!

\*\*\*

*The New York Times*, reports that Joe Biden does not attend the White House Sunday evening re-election briefings after Obama returns from his golfing.

**JT:** Why should Joe Biden attend? He's only the Vice-President. Furthermore, Not all dolts are always dumb!

\*\*\*

*The Times of Israel* writes, "Israel's Prime Minister Benjamin Netanyahu is calling early elections so that he and his government will be free to deal with Iran's nuclear program this September-October, one of Israel's best-informed political commentators said on Friday night.

**JT:** Right on! For what is right!

\*\*\*

Britain's *Daily Mail* has an investigative article that says a white woman, Alex McNear dated Obama while he was at Occidental College and when she told Obama she loved him, his response was, "Thank you."

**JT:** Barack Hussein Obama! We American Patriots don't love you! We don't even like you! We don't even want to!

\*\*\*

*Newsweek* magazine shows a photograph of Obama with a rainbow halo over his head and the headline, "The First Gay President."

**JT:** Is Obama gay? I think he is also evil! As for Obama's position (The pun is intentional!) on gay marriages, as far as I'm concerned, he can marry himself and conduct whatever self-servicing he needs.

\*\*\*

*The Daily Mail* reveals more of the information in Edward Klein's soon-to-be-published book about Obama, *The Amateur*: "Michelle Obama orders women close to her husband to be watched in case he cheats on her like John F. Kennedy did to his wife. ...The First Lady is supposedly 'unusually jealous' and has so little trust in Barack Obama that she turns up unannounced during the day to see what he is doing. She also objected to her husband's close relationship to U.S. chat show queen Oprah Winfrey—and shunned her because she 'hates fat people.'" Klein "claims that Mrs Obama's 'obsessive' behaviour is the talk of the White House."

**JT:** This is a good one! Michelle should keep an eye on Barry's cheating on her by having relationships with body servants. Michelle is a First Lady? There's nothing lady-like about her! She is "unusually jealous" of Barry? She is jealous of a non-entity! She has little trust in Barry? That is the only thing she has in common with patriotic Americans. Michelle shunned Oprah Winfrey because "she hates fat people"? That is like the black cauldron calling the black pot black! Michelle shows "obsessive behavior in the White House? In this regard she is no different from Hillary Clinton.

\*\*\*

At a fund raiser in New York City, Obama says that his basic idea is: "I want everybody treated fairly in this country."

**JT:** Well, let's start with Barack Hussein Obama. I take it for granted that Americans observe and obey the laws of the *Constitution*. When they don't, they are criminals. Let's accuse Obama of his at least 32 constitutional crimes and felonies and bring him immediately before a court of law. Let's make sure that he is treated like any criminal is treated. It's only fair!

\*\*\*

The Obama Timeline notifies us that on "May 15, Seth Mandel reports at CommentaryMagazine.com that the Obama administration has been updating the

www.whitehouse.gov biographies 'of every single U.S. president since Calvin Coolidge (except, for some reason, Gerald Ford)' to brag about Obama's accomplishments."

**JT:** Why was Gerald Ford left out? Methinks I have the answer. Gerald Ford pardoned Richard Nixon for the crimes he committed against the *Constitution for the United States of America*. Barack Hussein Obama does not want to remind anyone of his crimes and possible future pardon, which in itself would be a crime against the American Republic.

\*\*\*

PJMedia.com reports, "Just a week ago the establishment media was aflutter with news that a CIA double-agent had thwarted a new type of underwear bomb attack targeting U.S. flights in a plot devised by al-Qaeda of the Arabian Peninsula. But as the week progressed, a developing bombshell story got buried under ...Obama's gay marriage announcement. Not only is the supposed CIA asset not a CIA asset at all, but the entire operation was exposed prematurely and the double-agent's life was immediately threatened by an intelligence leak that very well may have come out of the White House for political gain. As the story broke, the establishment media was more than happy to attribute the intelligence coup to the CIA and the Obama administration, describing the mole as a 'CIA informant.' It turns out that wasn't true. The double-agent hadn't been recruited and placed by the CIA, but by British intelligence, who also managed the operation. In fact, the Americans had only recently been made aware of the joint British-Saudi effort. The leaks about the operation from the American side have infuriated British intelligence officials, who had hoped to continue the operation. The leaks not only scuttled the mission but put the life of the asset in jeopardy."

**JT:** Of course, as Pamela Geller at AtlasShrugs notes, this is treason committed by Barack Hussein Obama and nobody cares. I think that one way to play tit-for-tat on Obama could be the British intelligence officials making public the Kenyan birth records of Barack Hussein Obama.

\*\*\*

Barack Hussein Obama says that Michelle's advice to women is, "You can be stylish and powerful too."

**JT:** Michelle is giving advice on being stylish? Well, I suppose that Michelle is one of only a few women who can down XXL hamburgers that are stylish. What about being

powerful? I wouldn't want Michelle to overtake me or anyone else on a crowded sidewalk. Some pedestrians would be shoved in front of a vehicle. It is important that Michelle goes forward, somehow!

\*\*\*

The "NBC Bay Area Investigative Unit" reports that \$1.26 million in federal stimulus funds was given to the University of California at San Francisco for "studies into the erectile dysfunction of overweight middle aged men and the accurate reporting of someone's sexual history."

**JT**: I think NBC Bay Area Investigative Unit got it wrong. The studies were not for men. It was a study on a male obot named Michael More!

\*\*\*

At NewsWithViews.com investigative reporter Jim Kouri writes, "Newly released, declassified files released by the United Kingdom reveals U.S. officials' concerns that Kenyans studying in America, including ...Obama's father, may have had ties to Kenyan terrorist groups that were supported by communist nations in the 1950s and early 1960s. ... Documents released in April by the British government ...reveal that [Obama's] father, Barack Hussein Obama, Senior, was the target of an international investigation due to his ties to Kenyan terrorist groups in the 1950s such as the group responsible for the so-called *Mao-Mao Uprising* in Kenya.

**JT**: As the father so the son!

\*\*\*

Eric Holder and the DOJ refuse to provide the House Oversight and Government Reform Committee with additional documents related to Operation Fast and Furious.

**JT**: I think it's time for Holder's arrest and prosecution!

\*\*\*

Greek citizens withdraw \$894 million worth of euros from their bank accounts in one day.

**JT:** As long as it is from their banks, who cares? The majority view among European experts who are not members of the World Bank or the Euro institutes are of the opinion that Greece should withdraw from the European community and go back to the days of the drachma. That is the position I have argued for a year or more. Greece has not stopped spending. In 2005, Greece (the government) spent 58 billion dollars. In 2011 it more than doubled. The saying used to be *Beware of Greeks bearing gifts*. Now it is *Beware of Greeks making debts*. In the future it will be *Beware of Greeks*.

\*\*\*

On May 17 Breitbart.com posts a 1991 booklet from Obama's literary agent that states he was "born in Kenya and raised in Indonesia and Hawaii." Miriam Goderich, who worked at the Acton & Dystal agency, quickly comes forward to take the blame for the Obama biography. She claims, "You're undoubtedly aware of the brouhaha stirred up by Breitbart about the erroneous statement in a client list Acton & Dystel published in 1991 (for circulation within the publishing industry only) that ...Obama was born in Kenya. This was nothing more than a fact checking error by me—an agency assistant at the time. There was never any information given to us by Obama in any of his correspondence or other communications suggesting in any way that he was born in Kenya and not Hawaii. I hope you can communicate to your readers that this was a simple mistake and nothing more."

**JT:** Regarding Miriam Goderich's statement: It seems to me that Miriam Goderich's mistake lies in saying that she made a mistake. Lies, Lies, Lies. Where Obama is there are lies! Obama probably furnished the info himself. It is interesting that Mitt Romney gives it no importance, just like John McCain. Could it be that they will not touch the matter because both of them aren't natural born citizens either? Moreover, Mitt Romney's projected possible vice-presidential candidates, Mark Rubio and Bobby Jindal aren't natural born citizens. Well, if the Democrats can undercut the law of the *Constitution*, why can't Republicans? The *Constitution* is only a piece of paper to some. But not to me! It is the moral backbone of the Republic of the United States of America.

\*\*\*

FoxNews.com reports, "Republicans on Capitol Hill are furious over the Obama administration's handling of a purported Hezbollah commander [Ali Musa Daqduq], who was connected to the killing of five U.S. soldiers in 2007 and now is set for release by an Iraqi court. The most recent GOP lawmaker to express frustration and to demand answers from the administration is Florida Rep. Allen West, who on Wednesday sent a letter to ...Obama questioning why Ali Musa Daqduq was turned over to Iraq in

December 2011. West dismissed the argument by Obama officials that they were forced under a Bush administration agreement to release Iraqi citizens upon exiting in December 2011, saying Daqduq was in fact a Lebanon citizen. ...West suggested Daqduq should have been transferred to the U.S. prison at Guantanamo Bay, Cuba, where he could have been tried before a military commission. He also called Daqduq's release an 'utter betrayal' to American soldiers who have died in Afghanistan and Iraq."

**JT:** Has anyone counted the number of treasonous activities that Barack Hussein Obama has undertaken/committed since he became usurper? If anyone has, write Don Fredrick an email with the documented evidence/sources. He will surely include it in *The Obama Timeline*.
