Scott Paulson at <http://chicago.cbslocal.com/2012/08/17/2016-obamas-america-movie-is-disturbingly-necessary/> reviews the film *2016: Obama's America*.

JT: If you don't know who you will vote for in November, you will after you have read the review and seen the movie.

I recognize Bo The Dog. But what are the other two creatures?

At <http://www.westernjournalism.com/navy-seals-pac-rips-liberal-media-matters/> we receive more information regarding the Navy seals and their program.

JT: Now that's patriotism!!!

The German city of Hamburg signs an important Agreement with local Muslims.

"Hamburg authorities have signed a deal with the city's Muslim community groups, guaranteeing Islamic holidays, school religion lessons, and burial rights. It's the first agreement of its kind in Germany.

"It is the first ever deal between a German state and its Muslim community," Hamburg's centre-left mayor Olaf Scholz said - **"a signal that we're ready and willing to cooperate."**

The 11-page agreement, which still has to be approved by the city parliament, is meant to regulate religious freedoms, school lessons, burial rituals, and recognition of Germany's constitution, the *Taz* newspaper reported. The deal, which has been in negotiations since 2007, was signed by the council of Islamic communities (Schura), the Turkish-Islamic Union (Ditib), the association of Islamic cultural centres (VIKZ), as well as the city's Alevi community.

[...] Hamburg city authorities will declare Eid al-Adha ("Festival of Sacrifice"), Eid ul-Fitr (the end of Ramadan), and the Day of Ashura ("Day of Mourning"), officially recognised holidays.

Muslim and Alevi workers will be allowed to take these days off, and their children will be allowed to stay out of school if they wish

The deal also promises Islamic communities more say in how religious lessons in school are formed."

Read it all at http://atlasshrugs2000.typepad.com/atlas_shrugs/2012/08/hamburg-signs-historic-deal-with-muslims.html

and <http://www.spiegel.de/international/zeitgeist/hamburg-gives-muslims-right-to-religious-holidays-a-850241.html>

JT: Why should Hamburg cooperate with Islam/Muslims? It is a wrong-way cooperation. From Wikipedia, which is pro-Obama and pro-Islam, we learn

"There are two main **holidays in Islam**: [Eid Al-Fitr](#) and [Eid Al-Adha](#). Eid Al-Fitr is celebrated at the end of [Ramadan](#) (a month of fasting)¹, and Muslims usually give [zakat](#) (charity) on the occasion.² Eid Al-Adha is celebrated at the end of [Haji](#) (annual pilgrimage to [Mecca](#)), and Muslims usually sacrifice an animal and distribute its meat amongst family, friends and the poor.

Many, but not all, Muslims celebrate additional holidays. [Ashura](#) is a sombre day commemorated especially by [Shias](#) and many [Sunnis](#). Many Muslims celebrate [Lailat al Miraj](#), and [Laylat al-Qadr](#).

All Islamic holidays follow the [lunar calendar](#), and thus move each year relative to the [solar calendar](#). The [Islamic calendar](#) has 12 months and 354 or 355 days."

These are seven holidays. Yet, the Muslims also get to have free days when German holidays occur, of which there are approximately seventeen, depending on the state in which one lives. If the seven Muslim holidays are so important for Muslims, perhaps they should work on the German holidays. Oops, ... that would be in Obama's words – racist!

This sounds so nice and peaceful! The outcome for Hamburg is that Islam now has not only its foot in the door, but both legs. This is the beginning of undercutting German culture in Hamburg. There is another undercutting that takes place every year on the German national holiday of 3 October, when Germans celebrate their re-unification. What do the Moslems do on that day? They undercut the German national holiday by declaring the 3rd of October the German-Muslim day of the open mosque and invite everyone to celebrate how tolerant Islam is.

The Muslim organizations also agreed to observe the German *Grundgesetz* (Constitution). Now that makes everything Allah-goody! The Germans and the German politicians do not understand that a Muslim or Muslim organizations will agree to anything as long as it furthers the advance of Islam as the eventual controlling dogma. This is nothing but deception, their al-taqiyya. *Yeah, we'll say that we owe allegiance to the German constitution as long as we get what we want. But we all know that our true allegiance is to the Koran, Mohammed, and the Hadiths.* This is the reality!

JT readers should also realize that the Islamization of Germany is steadily taking place just like the Islamization of America is steadily advancing. The modus operandi is the same. At the beginning of the school year in North-Rhine Westfalia, the school children are now being taught Islam in the schools. The question/homework for August 22 was for the children to write down thoughts about what kind of person Mohammed was. Of course, the teacher did not tell the pupils that recent archaeological evidence and historical, literary evidence comes to the conclusion that

¹ Fasting during the day. Beginning at sunset, Muslims gouge down what they can, as much as they can and as long as they can until sunrise!

² *Zikat* should not be given to a non-Muslim.

Mohammed never existed and that Islam pays allegiance to the moon-god Allah-Hubal.

Now back to Hamburg. This is only the beginning! Next will probably be that the Muslims will want to have the city change its name because they are insulted due to the word *ham* in the city's name. It does not matter that *ham* in Hamburg has nothing to do with *ham*, but with the first castle that was built there, the *Hammaburg*. The Old Saxon word *Ham*, meant *at the river or marshy area*. Burg means *castle*. Therefore, the *Hammaburg* was the castle at the river/marshy area. But this is not important. What is important is that Islam and Muslims are successful in pulling their so-called culture over that of another culture to eventually replace the culture that has been duped.

JT has heard rumors that the leftist mayor of Hamburg, Olaf Scholz, now has a new title: Kalif (Caliph) Olaf!

Saudi Arabia plans new city for women workers only

<http://www.guardian.co.uk/world/2012/aug/12/saudi-arabia-city-women-workers> reports that Saudi Arabia is planning a new city for women (workers = slaves?) only.

JT: Methinks that they will have to remove their burqas so that the authorities can make sure that they are women.

Mitt Romney should release the last ten years of his tax returns.

JT: Those in the know, like JT, do know that Mitt Romney has released his tax returns for the last ten years, many weeks ago. The Greek President Adonis Samaras visited the German Chancellor Andrea Merkel and the French President François Gérard Georges Nicolas Hollande and hoped that Greece would receive at least a two-year delay in implementing the bureaucratic, political, and financial reforms required by the European Community. He said that Greece needed more time to institute the reforms.

JT: It seems to me that Greece didn't need much time in bringing itself to the verge of bankruptcy. It also seems to me that Greece thinks that the other European Community countries should bail out Greece and that Greece should be allowed to continue its high-living that caused its financial self-destruction. Perhaps the European Community should threaten Greece with the following: *If you don't get your country in order, we'll sell you to Turkey.* That would put activity into their reforms!

JT: The report forgot one item. With the disappearance of the Allah-Hubal moon on the morning horizon and the coming sunrise to signal the dawn of a new day, Bo the Dog, at the request of a non-existent Moh Am Heh-a-dey, barks out the name for the new nation. Instead of the former United States of America, the new nomenclature is as of Allah-hop, Allah-hop, Alah-hop sunrise, Arf! Woof! Ruff! The United Umma Caliphate of al-Amer-eek-ali. Arf! Woof! Ruff!

Read: <http://creepingsharia.wordpress.com/2012/08/19/canada-man-arrested-for-walking-dog-at-near-muslims-in-public-park/>

JT: Muslims are afraid of dogs. Let me explain their logic which is nowhere near being logical. (But when is Islam logical?) The Koran has nothing against dogs. There is not one verse in the Koran that says something that is anti-canine. The Koran has no suras (verses) that mention dogs. The fear of dogs is based on Mohammed's fear of dogs. The non-logic is interesting. If Mohammed was really a prophet, he must have known that Allah-Hubal would never have allowed his prophet to be placed in danger, let alone be placed in the dangerous position of being with a dog, man's best friend. Maybe that is the reason Mohammed did not like dogs. He was jealous that a dog is man's best friend and not Mohammed. Nevertheless, the crux of the situation is revealed in a hadith in Sahih Muslim, *Book 010, Number 3813*: "Abu Zubair heard Jabir b. 'Abdullah (Allah be pleased with him) saying: Allah's Messenger (may peace be upon him) ordered us to kill dogs, and we carried out this order so much so that we also kill (sic) the dog coming with a woman from the desert. Then Allah's Apostle (may peace be upon him) forbade their killing. He (the Holy Prophet further) said: It is your duty (to kill) the jet-black (dog) having two spots (the eyes), for it is a devil." (Refer to <http://www.cmje.org/religious-texts/hadith/muslim/010-smt.php#010.3810>). There are 30 hadiths concerning the killing of dogs in Chapter 31: COMMAND OF KILLING DOGS AND THEN ITS ABROGATION, AND PROHIBITION OF KEEPING THEM BUT FOR HUNTING AND PROTECTION OF LANDS OR CATTLE OR LIKE THAT. It seems that Mohammed could not make up his doggone mind! However, Islamic reality has ordained that Bo The Dog must be killed. Bo The Dog is, after all, the Devil. But don't blame JT. Blame Islam and Mohammed!

To counter reports that Paul Ryan has a daily workout at 6:00 a.m., the Associated Press eagerly reports that Michelle Obama "gets up at 4:30 a.m. or 5 a.m. to work out before her kids wake up."

JT: Exclusive! JT has been presented with evidence of Moose Michelle's pre-workout at 4:30 or 5:00 Am.

At his impromptu, but really organized news conference, Obama tells reporters, “On Syria, obviously this is a very tough issue. I have indicated repeatedly that President al-Assad has lost legitimacy, that he needs to step down. So far, he hasn't gotten the message, and instead has double downed in violence on his own people. The international community has sent a clear message that rather than drag his country into civil war he should move in the direction of a political transition. But at this point, the likelihood of a soft landing seems pretty distant. ...We have been very clear to the Assad regime, but also to other players on the ground, that a red line for us is we start seeing a whole bunch of chemical weapons moving around or being utilized. That would change my calculus. That would change my equation.” Don Fredrick of *The Obama Timeline* at Colony 14. Net comments, "To some, that statement may sound like, 'As long as Assad kills innocent people with conventional weapons we won't get involved.'")

JT: It seems to me that these are the exact reasons not only why Assad has lost legitimacy, but also Barack Hussein Obama. This is a Saul Alinsky method. Accuse someone else of the things you are doing. To make the argument clear, we can use Obama's own words to justify his removal from office and disappearance from politics. American Patriots say,

"On *Obama being an illegal president*, obviously this is a very tough issue. We have indicated repeatedly that *putative* President *Obama* has lost legitimacy, that he needs to step down. So far, he hasn't gotten the message, and instead has double downed in *economic, social, and racist* violence on his own people. Although the international community has *not* sent a clear message that rather than drag his country into civil *unrest* he should move in the direction of a political transition. But at this point, the likelihood of a soft landing seems pretty distant. ...We have been very clear to the *Obama* regime, but also to other *regime* players on the ground, that a red line for us is we start seeing a whole bunch of *illegal military* moving around or being utilized *by the Department of Homeland Security*. That would change *our* calculus. That would change *our* equation.

Yup! You can't beat Barry up, but you can surely quote him.

Metromix, Des Moines, Iowa (http://desmoines.metromix.com/music/blog_post/hank-williams-jr-brings/3177424/content) reports that at the Iowa State Fair Hank Williams, Jr. performs for a crowd of 8,500. After singing *We Don't Apologize for America* the audience chants, "USA! USA!" Williams then says, "We've got a Muslim president who hates farming, hates the military, hates the US and we hate him!" When reached for comment Saturday, Brad Anderson with the Obama campaign in Iowa said in an email, "That type of absurd nonsense doesn't really deserve a response."

JT: We learn at least three things here:

1. Hank Williams, Jr. sees straight through Barack Hussein Obama.
2. What Hank Williams Jr. said doesn't deserve a response because there is no sense in contradicting the truth.
3. Truth is nonsense.

JihadWatch reports that Colorado's Democrat governor, John Hickenlooper, rescinded a statewide fireworks ban on July 8—too late for Americans to celebrate the Fourth of July, but just in time for Muslims to celebrate the end of Ramadan.

JT: Praise be to Allah-Hubal! Three cheers! Allah hop! Allah hop! Allah hop!

PJMedia.com obtains documents from the Department of Justice (DOJ) “detailing efforts to recruit attorneys and staff who are dwarfs or who have ‘psychiatric disabilities’ or ‘severe intellectual disabilities.’ ... (T)he documents reveal *deliberate recruitment efforts* to hire as attorneys and staff for the Department of Justice people suffering from psychiatric disorders and intellectual disabilities. ... (T)hey don’t have to endure the regular civil service competition among applicants, but can be plucked from the stack of resumes and hired immediately instead. ... Moreover, lawyers with psychiatric disabilities and ‘severe intellectual’ disabilities receive a waiver from the requirement that a new DOJ employee (has to) have practiced law for one year before being hired.”

JT: So that is what the idiots at the Department of Justice under chief idiot Eric Holder do!

The Ulsterman Report posts a photograph of Obama and three Ohio college students spelling out the state’s name, a la “YMCA.” Obama is the “H,” positioned to misspell the name “OIHO.” (Don Fredrick of The Obama Timeline says, "It is assumed Obama knows how to spell YMCA, as well as 'Man’s Country,' the gay bath house in uptown Chicago which Obama and his former chief of staff, Rahm Emanuel, reportedly frequented.")

JT: Who cares about being able to spell correctly as long as one is gay in spelling incorrectly?

CNSNews.com reports that Michelle Obama “is serving as guest editor for <http://cnsnews.com/news/article/michelle-obama-guest-editor-website-featuring-sex-tips-including-prostitutes>. NBC’s ‘community of online women’ that offers sexually explicit material, including graphic sex tips from prostitutes, ‘20 kinky things you SO can do,’ and a list of ‘naughty’ apps for mobile devices. ...Michelle Obama is identified as a ‘Guest Editor’ on all of the website’s pages, including several titled ‘Love & Sex.’ Video clips of iVillage interviews with Mrs. Obama appear on some of those sexually-oriented pages, although the first lady herself does not discuss sex.”

JT: Evidently they need professional advice from a pervert from Chicago.

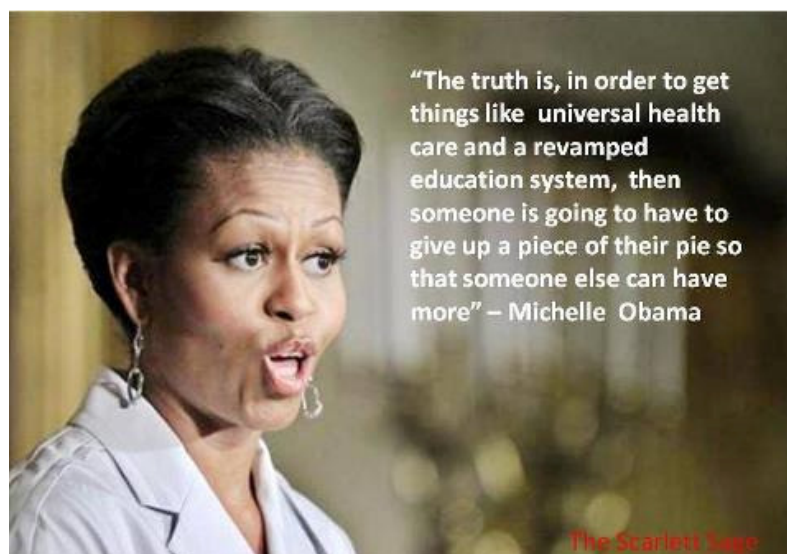

Campaigning in Detroit, Michigan, Joe Biden states, “I can tell you, and I’ve known eight presidents, three of them intimately...” (He does not provide

details or photographs, but on April 25 Biden told an audience, “Now is the time to heed the timeless advice from Teddy Roosevelt, ‘Speak softly, and carry a big stick.’ End of quote. I promise you, [Obama] has a big stick.”)

JT: has come the closest, with the exceptions of Joe Biden, Moose Michelle, and a number of body servants dead and alive to reveal Obama's big stick.

JT: This is what Michelle means: high living off the taxpayers.

<http://www.weeklystandard.com/blogs/michelle-obama-get-polls-november-2-650573.html>, reports that Michelle Obama, who is campaigning in Florida, says, "So that one new voter that you register in your precinct—think about it—that one neighbor that you get to the polls on November the 2, I want you to understand, that could be the one that makes the difference. That one conversation, that one new volunteer you recruit, that could be the one that puts this over the top." (The election is November 6.)

JT: Michelle doesn't know when Election Day is in November, or she is privy to information that Barry will have already won the election four days before the election. Even so, wouldn't it be wonderful if that one registered neighbor's vote is for Romney-Ryan? ... and they win? Perhaps she meant Barry's erection and not election.

New CBS News/New York Times/Quinnipiac University polls show Obama leading Mitt Romney 49–47 percent in Wisconsin, 49–46 in Florida, and 50–44 in Ohio.

JT: Hot off the news wires, at least those from the lamestream media. "I assure all of my obots and progressives who hate America that I have already won the election in Wisconsin, Florida, and Ohio. The results will be made public on November 2, as Michelle said in Florida. This is Barack Hussein Obama and I approve this message."

Don Frederick of *The Obama Timeline* has collated the following information from the numbered sources in brackets, which are listed in his documented sources at <http://www.colony14.net/id651.html>.

While leftists prepare to cause trouble at the Republican national Convention, RedState.com reports, "Starting at the end of this month the Democratic National Convention will open with a focus on Islam. 20,000 Muslims are expected to attend according to the Bureau of Indigenous Muslim Affairs (BIMA), the national Muslim American non-profit coordinating the two days of events they claim are non-political. 'Jumah at the DNC' begins August 29 and will start with a Friday afternoon jummah prayer followed by other unnamed programs and events, leading up to the Islamic Regal Banquet. The following day will be an all day Islamic Cultural and Fun Fest which will include discussions on the topics of Islamophobia, Anti-Shariah, Middle Eastern Crisis, Patriot Act, National Defense Authorization Act and more. The purpose, according to BIMA, is to attract national and international attention to the plight of American Muslims and to hold political parties accountable for issues that affect them." The event, led by radical Islamists Jibril Hough and Imam Siraj Wahhaj, has the blessings of the Democrat National Committee. The skids were likely greased by Minnesota Congressman Keith Ellison, a Muslim and a member of the socialist Democratic-Farmer-Labor Party. [35917]

RedState.com notes that Jibril Hough has defended the terrorist group Hamas and accused the United States and Israel as being the source of the only "real" terrorism. As noted previously in this *Timeline*, Siraj Wahhaj, a leader of the Muslim Alliance of North America, was an un-indicted co-conspirator in the 1993 World Trade Center bombing investigation and is a member of CAIR's board of advisors. According to WND.com., Wahhaj was a "character witness for Omar Abdel Rahman, the 'blind sheik' found guilty of conspiracy to overthrow the U.S. government in an investigation stemming from the 1993 World Trade Center bombing." In a November, 2009 address at New York's Queens College, Wahhaj stated, "If we were united and strong, we'd elect our own emir [in the United States] and give allegiance to him. ...take my word, if 6 to 8 million Muslims unite in America, the country will come to us." Wahhaj is also reported to have said it is the duty of Muslims in the United States to replace the US Constitution with the Quran. [41, 43, 380, 381, 382, 408, 558, 2668, 2669, 5428, 5430, 5431, 5446, 5447, 5448, 5454, 5480, 5523, 5524, 5646, 6068, 6689, 35917]

LUNATICS!

South Africa has passed a law requiring that imports from Israel must have proof that they were made in the 1949 borders or have a stamp on them Made in the West Bank. Denmark followed a day later! (<http://www.csmonitor.com/World/Middle-East/2012/0521/Israel-South-Africa-s-desire-to-label-West-Bank-goods-is-racist>)

JT: Now that's logical! So is this! All exports from South Africa to anywhere in the world must have proof that they were manufactured, made, or grown in the pre-South African borders before 31 May 1961.

JT: The NAZIS in the Third Reich under Adolf Hitler attempted to exterminate all of the German Jews, European Jews, in effect, Jews. They did not succeed. Evidently a present-day German court has decided to exterminate a part of Jewish cultural tradition, indeed, a covenant between the Jews and God. Is the German court saying that God's covenant with the Jews is null and void? That's an interesting form of German arrogance and cultural extermination.
