## JUST THINKING

Number 29

In his latest email to yours truly, Barack Hussein Obama writes:

"Frederick William

It's August 23rd. And 75 days from now, I'll either be looking at another four years in the White House -- or the end of this opportunity.

I know what's at stake for the parents worrying about health care, the kids who need help to go to college, and the seniors who want a secure retirement.

But we're getting outspent by wide margins in critical battleground states -- and what we do about that today could be the difference between winning and losing on November 6th.

So as we near one of the last fundraising deadlines of this campaign, I'm asking you to pitch in \$3 right now:

<https://my.democrats.org/75-Days>

Thanks for all you do,

Barack"

JT: The reason I receive emails from the Democrat Party and its goons is because in 2008 I wrote warnings to the Democrat Party about Barack Hussein Obama and his not being a legal candidate for the office of the Presidency of the United States of America. I also warned them about his being a Chicago thug, a crook, and everything else that bad politicians are. They never answered my correspondence. Evidently they knew from the beginning that the Democrat Party under the DNC chairwoman Nancy Pelosi would break the law and rubber stamp all of the necessary documents so that Barack Hussein Obama could be their candidate. They received my emails and so they had my email address. That made me an automatic member of the Obama supporters!

Barack Hussein Obama is crying his heart out for support because he thinks that his end in Washington, D. C. is coming quickly.

I hope so. I can hear the violins playing his political funeral dirge. I really don't think that would be an end for America. It would be a wonderful beginning. I'm very grateful that he thanks me for all that I do. If only one percent of one percent of one

percent that I do will help to send him onto political oblivion, then I will be grateful that my efforts and arguments will have been heard.

Do you want to know important information about Israeli women? Go to <http://www.theblaze.com/stories/46-reasons-why-iran-should-think-twice-before-attacking-israel-hint-women-with-guns/>.

JT: I wonder if the mullahs in Iran have thought that should they attack Israel and any of their military idiots get killed by an Israeli female soldier, that according to Islam, they will not go the Muslim paradise and receive 72 grapes?

\*\*\*

Of all places! We read at <http://www.nbc29.com/story/19369132/obama-update> that the University of Virginia said NO to Barack Hussein Obama and told him that he would receive no permission to speak on their campus!

JT: Isn't academic freedom wonderful?

We read that two US soldiers were killed by an Afghan colleague and the Taliban behead 17 civilians for attending a musical event in Helmand Province. [http://www.nypost.com/p/news/international/taliban\\_insurgents\\_behead\\_afghan\\_FYdpo0GwYfvR9WwLOJ2B3I](http://www.nypost.com/p/news/international/taliban_insurgents_behead_afghan_FYdpo0GwYfvR9WwLOJ2B3I).

JT. This is the religion of peace doing its peaceful best. Sure, they hate Americans. But why do they hate music? The one-sentence reason is that "using music is one of the customs of the kuffaar." (al-Saheehah, 1/145). For some other eye-opening unbelievable crap reasons why music is forbidden go to [http://wikiislam.net/wiki/Qur%27an, Hadith and Scholars:Music](http://wikiislam.net/wiki/Qur%27an,_Hadith_and_Scholars:Music). At the same time Afghan men are known for their love of young boys dancing to music. Since Muslims are to emulate Mohammed, it is evident that Mohammed liked young boys dancing to music as well. In paying respect(?) to the United States astronaut and space pioneer Neil Armstrong, who dies at age 82, Obama refers to him with his first name, Neil.

JT: Obama and Neil Armstrong were not personal friends. To me, referring to him in this manner and publicizing the following picture is a sign of disrespect.

Source: <http://www.soopermexican.com/2012/08/26/obama-remembers-neil-armstrong-with-a-big-picture-of-himself/>

On the other hand, why should anyone get upset? All we see in the picture is the number one Muslim in America looking at the Islamic sickle moon and showing his devotion to the Islamic moon-god Allah-Hubal!

\*\*\*

Obama twitters the following message: "Today marks four years since I chose @JoeBiden to be my running mate. Here's to an outstanding Vice President and a great friend. –bo."

JT. The African-American Washington, D.C. plantation dictator who learned his thugging in Chicago has a White Boy and will keep the White Boy, Joe Biden, as his VP choice. (<http://www.sodahead.com/united-states/white-house-says-obama-is-sticking-with-biden-as-his-running-mate-is-this-a-mistake-or-not/question-3107861/>) Was that statement racist?

The Obama Timeline reports that at "Townhall.com Katie Pavlich posts an audio clip of Obama arguing against the "Born Alive Act" while he served in the Illinois State Senate. The legislation required doctors to treat a child that survives an abortion. Obama voted against the bill, thus endorsing a procedure of simply leaving the child to die, unattended. Obama said, 'That if that fetus, or child, however you want to describe it, is now outside of the mother's womb and the doctor continues to think that it's non viable but there's let's say movement or some indication that they're not just coming out limp and dead that in fact they would then have to call in a second physician to monitor and check off and make sure that this is not a live child that could be saved?' (Don Fredrick points out, "As noted in Part I of this *Timeline*, Obama argued that it would be a burden to require that surviving babies be treated because, in his view, '...essentially adding an additional doctor who then has to be called in an emergency situation to come in and make these assessments is really designed simply to burden the original decision of the woman and the physician to induce labor and perform an abortion.' Obama doesn't want anything to interfere with the killing of the child. Although a 'pre-viable fetus' that survives an abortion is not considered a 'person' by Obama, he has yet to provide a reasonable or legally acceptable name for those living, breathing, kicking, and crying viable 'non-persons.' Obama argued that defining '...a pre-viable fetus' that survives an abortion as a 'person' or 'child would essentially bar abortions, because the Equal Protection Clause does not allow somebody to kill a child, and if this is a child, then this would be an anti-abortion statute.' Obama was essentially arguing, 'We can't call it a person because then we can't kill it.' Testifying in favor of the law was an Illinois nurse, Jill Stanek, who had witnessed infants being left to die by abortionists. Stanek later wrote, 'Obama articulately worried that legislation protecting live aborted babies might infringe on women's rights or abortionists' rights. Obama's clinical discourse, his lack of mercy, shocked me.')

JT: This is logical when one considers that Muslims have a duty to kill unbelievers. What better way to do it and not have blood on your hands than to use the law of the

land? For the chief Muslim in America, this is an Allah-Hubal-Mohammed given command. All imams, mullahs, and the devout of the religion of human pieces are proud of their self-appointed saint Barack Hussein-the-fetus-killer Obama.

\*\*\*

Obama wants the Palestinian Authority to wait until after the November election before they declare Palestine a state. (<http://www.wnd.com/2012/08/obama-to-palestinians-delay-statehood-until-election-over/>)

JT: Of course! If Obama wins the election, he will have more flexibility in destroying Israel.

\*\*\*

NYPost.com says that Obama has “turned down a chance to have Timothy Cardinal Dolan deliver a prayer at the Democratic National Convention after Dolan told Democrats he would be ‘grateful’ to deliver a blessing in Charlotte.”

JT: Methinks that the only speakers at the Democratic National Convention in Charlotte should be approved by the Council on American Islamic Relations and the King of Saudi Arabia!

\*\*\*

At CNSNews.com we read, “The Social Security Administration released its annual statistical report on federal disability insurance last month, revealing that at the end of 2011 there was a then-record of 8,575,544 workers collecting federal disability benefits and among them were 1,304,851 doing so because they suffered from ‘mood disorders.’ ...Massachusetts led the 50 states for disabling mood disorders. In that state, 22.8 percent of disability beneficiaries had been diagnosed with a mood disorder. New Hampshire was second with 22.2 percent, and Rhode Island was third with 20.7 percent.”

JT: This is the sickness you get when you vote for the Democrat Party and Obama!

\*\*\*

*The New York Times*, reports that "a review of the 2010 tax return released by Mitt Romney proves he has paid income taxes for at least the last 10 years."

JT: How frightful! Senator Harry Reid said that he had inside information that Romney did not pay any taxes for the last ten years. Was Senator Harry Reid lying? Are you surprised? I'm not!!!

\*\*\*

WeeklyStandard.com notes the desperation in a recent Obama email begging for campaign cash and whining that he is being outspent by the Romney campaign two-to-one on ads. Obama writes, "Close the gap on the air by making a donation of \$5 or more now. ...We're losing this air war right now. I don't have as much time to campaign this time as I did in 2008, so this whole thing is riding on you making it happen. Donate now to close the gap on the air..." Another email that asks for donations states, "And the fact is that solving this problem [of possibly being outspent by the Romney campaign] is up to you. ...I don't have as much time to campaign this time as I did in 2008, so this whole thing is riding on you making it happen." (Don Fredrick of The Obama Timeline remarks. "In other words, 'If I lose, it's your fault for not sending me money.')

JT: Come on American Patriots! Don't send Barack Hussein Obama or the Democrat Party any monetary contributions. We can carry the blame of Obama not winning reelection. Our shoulders are broad. We can carry the fault proudly!

\*\*\*

As tropical storm Isaac becomes Hurricane Isaac, Obama quickly goes to the microphones to take credit for the preparations: "At my direction, FEMA has been on the ground for over a week working with state and local officials in areas that could be affected, from Puerto Rico and the U.S. Virgin Islands, to Florida, and more recently, Louisiana, Alabama, and Mississippi. I approved a disaster declaration for the state of Louisiana so they can get the help that they need right away, particularly around some of the evacuations that are taking place. And right now we already have response teams and supplies ready to help communities in the expected path of the storm."

JT: I wonder if the results of Obama's concern for Louisiana will be like his concern for Chicago slums?

David Axelrod, Obama's campaign strategist, calls the GOP convention's first day "a relentless cavalcade of insults and ideology, anger in place of answers, from a party more bent on tearing down [Obama] than lifting up our country."

JT: Typical! It is the Saul Alinsky strategy: Accuse others of what you say and do.

\*\*\*

At the Republican National Convention Clint Eastwood's speech addresses an empty chair, symbol of the non-presence of Obama for America.

JT: That mocking made my day!

\*\*\*

The Department of (In)Justice and the National Federation of the Blind contend that NOOK e-readers due to technological reasons discriminate against the blind.

JT: Methinks this a case of the blind Injustice kowtowing to the blind.

\*\*\*

JewishPress.com reports that Egypt has forced the closure of the nation's only Jewish temple, based on "security reasons."

JT: Are you surprised? I'm not! Perhaps Obama will call for Israel's forced closing because of "security reasons"!

\*\*\*

TheHill.com reports, "Team Obama promises it will fill every one of the seats in Charlotte's mammoth football stadium Thursday night when President Obama closes the Democratic National Convention with a speech accepting his party's nomination.

JT: Rumor has it that Charlotte's mammoth football stadium has fifty-seven seats – one for every state in the USA!

\*\*\*

HillBuzz.org reports on rumors that Obama and his wife "...are using Chicago proxy-buyers to purchase a \$35 million oceanfront estate for them in the most posh area of Oahu, [Hawaii] where they coincidentally vacation frequently already. ..."

Source: <http://a4cgr.wordpress.com/2011/07/27/07-614/>

Source: <http://www.rightklik.net/>

JT: I wonder where The Obamas get their 35 million dollars! I wonder why they would purchase with proxy-buyers! Is it the Chicago Way? It wouldn't surprise me if somehow Obama has made a secret regulation that he and Michelle will receive money from the taxpayers continuously when he is no longer in office. Could it also be that he is on the Saudi Arabia payroll?

The September 2012 installment of *The Obama Timeline* reports that "Heavy rains in Charlotte, North Carolina damage a huge sand sculpture of Obama erected for the Democrat National Convention."

Patrick Burke of [CNSNews](#) asks the question: "Is the U.S. Army headed in the right direction? His answer is: "An internal Army survey that was conducted in 2011 and published this year discovered that only 26 percent of active-duty Army officers say yes—and that one of the two main themes cited by those who say no is that the Army is now adversely impacted by 'political correctness' imposed by both outside policymakers and senior Army leaders."

JT: Methinks that political correctness on the battlefield goes something like this

US Soldier: Excuse me, Sir. May I ask if you are the enemy?

Enemy: No! Bang, another dead American soldier!

\*\*\*

According to Daily Caller "A public university in Colorado may have violated state law by offering students course credit if they volunteered with President Obama's re-election campaign. A blog post on the Adams State University website billed the opportunity as a '12 week long organizing internship for the Obama Campaign.'

Both the blog post and the course are now gone. The course was canceled due to lack of interest, according to the university. The blog post was taken down earlier this week after a conservative student blog, Campus Reform, reported on it.

The course may have been in violation of the Colorado Fair Campaign Practices Act, which prohibits the use of public resources toward 'campaigns involving the nomination, retention, or election of any person to any public office.' Oliver Darcy, the

editor at Campus Reform who first reported the story, said the course struck him as a likely violation of state law."

JT: What?!? Obama and his campaign violate state law? Never! Obama the thug is a law abiding non-natural-born citizen.
