JT. All of the world's news pundits are aghast about the shooting of 14-year-old Malala Yousafza. Well not that they are aghast for about 24 hours, the subject will fade out of the news by then! That is the epitome of the hypocrisy. Just forget about it. They are only some deranged within the Taliban who shot her. We must not forget that the Taliban are really freedom fighters, ... yup, fighters against freedoms! The deranged are in the West in the democratic republics who keep kowtowing to Islam. The Western democratic republics should finally get a backbone with spine and stand up straight, head held high, and fight against creepy creeping Islam and the evil dogma coming from Allah-Hubal, the Koran, and what's his name, you know, the one who probably never existed! This is Islam! Obama says respect it!

Here is Joe Biden's reaction to the Taliban attack, or for whatever it's worth – his answer to any question:

Source: <http://iowntheworld.com/blog/?p=154390>.

Fatwas have been issued against the Taliban gunmen who shot Malala Yousafza. (<http://www.guardian.co.uk/world/2012/oct/12/malala-yousafzai-fatwa-gunmen-pakistan>.)

JT: Methinks that fatwas could be issued against all of the Taliban because they condone and actively participate in all of these kinds of actions. What does Joe Biden think about the fatwas issued against the Taliban gunmen who shot Malala Yousafza? See above!

Unwilling to continue addressing questions from reporters about Benghazi, State Department spokeswoman Victoria Nuland says, "Look, I'm generally dumber than most of the rest of the government. I mean, that's what I'm paid to be. We're not going to parse this any further. We're just not." (<http://www.breitbart.com/Big-Peace/2012/10/12/State-Department-plays-dumb-says-protest-outside-Libya>)

JT. What a relief! A state Department person under the Obama Regime has finally told Americans what is wrong with foreign policy. Victoria Nuland most likely got her orders to say this from Valallahrie Jarrett. It is rumored that Valallahrie Jarrett is really Obi-Wan-Kenobi of *Star Wars Episode IV, A New Hope*, who said, "Who's the more foolish: the fool, or the fool who follows?"

JT: Sources (the children) have told JT that Moose was telling them that she is to be the replacement for Big Bird.

FreePresws.Org reporters Bob Fittrakis and Harvey Wasserman write at <http://freepress.org/departments/display/19/2012/4742>: “Electronic voting machines owned by Mitt Romney’s business buddies and set to count the votes in Cincinnati could decide the 2012 election. The narrative is already being hyped by the corporate media. As Kelly O’Donnell reported for NBC’s Today Show on Monday, October 8, Ohio’s Hamilton County is ‘ground zero’ for deciding who holds the White House come January, 2013. ...This November, much of the Ohio electorate will cast its ballots on machines again owned by close cronies of the Republican presidential candidate.”

JT: Methinks if any tinkering with voting machines occurs, it will be the POLDS, the progressives, the obots, the leftists, and the dumbbed-downers.

As reported by <http://cnsnews.com/news/article/mrs-obama-promotes-birth-control-mandate-then-says-every-single-child-country-worthy>, in Ohio, Michelle Obama says, “Every single child in this country is worthy. We want our children to have that sense of limitless possibility; the belief that here in America, the greatest country on the planet, there is always something better out there if you’re willing to work for it.” She later states that her husband “...will always, always fight to make sure that we as women can make our own decisions about our bodies and our health care—always.”

JT: Thank You Michelle! We are so proud of you and your husband and your stance on the worthiness of children. There is a memorial for you and your husband being constructed keeping in mind the wonderful words that you spoke in Ohio:

Michelle and Barry are such wonderful, holy-like people and parents. Here is more on Michelle's and Barry's concern and sincerity at <http://www.sodahead.com/united-states/how-can-you-support-this/blog-153557/>.

http://www.americanthinker.com/2012/10/obama_oy_vey_american_jews_finally_hav_e_had_enough.html tells us that The Simon Wiesenthal Center just publicly requested that Obama cut off all contact with the Muslim Brotherhood and condemn its anti-Semitic calls for jihad against Israel.” The center calls Egypt’s Muslim Brotherhood “the most dangerous anti-Semitic organization in the world today.”

JT: I have to qualify that statement: Egypt's Muslim Brotherhood and the Obama Thugs like Valerie Jarrett, Susan Rice, Samantha Power, Jeremiah Wright, Louis Farrakhan, Rashid Khalidi, David Axelrod and the rest of his anti-Israel cronies, **are** “the most dangerous anti-Semitic organizations in the world today.”

Columnist Caroline Glick writes at <http://www.carolineglick.com/e/2012/10/justice-for-ft-hood-heroes.php>, “November 5, the day before the US Presidential elections will be the third anniversary of the massacre of 13 US soldiers at Ft. Hood by Islamic terrorist, US Army Maj. Nidal Malik Hasan. The Obama administration has refused to acknowledge that the attack was a terrorist attack. ...Still today the Defense Department insists on defining the massacre as a case of ‘workplace violence.’ To advance this fiction, the Defense Department has refused to award Purple Hearts to the families of the soldiers murdered by Hasan, or to those who were wounded in his attack. It has refused to compensate the families of those murdered or the survivors who were incapacitated at the level the US military compensates the families of

soldiers killed in the line of duty and soldiers wounded by enemy fire. This year Congress tried to rectify this obscenity by including Purple Heart citations for Ft. Hood casualties in the Defense Appropriations Act. Obama said he would veto the bill, (and thus deny the military funding), if they didn't remove the clause about the medals. That is how far Obama is willing to go to keep up this fiction, cover up the existence of enemy forces within the US military, deny the threat posed to the US by radical Islam, and in the process, punish and dishonor American soldiers who were killed in the line of duty in an act of war against the US by a self-proclaimed 'Soldier of Allah.' There is no precedent in US history for this sort of behavior by an American president. None. ...Think about four more years of this reckless behavior if he is reelected the day after the third anniversary of the massacre..."

JT: This makes you American Patriots feel good doesn't it?

Don Fredrick of *The Obama Timeline* reports that employees of Compact Power not only never shipped any batteries for use in Chevy Volts, they often had nothing to do at the factory. Former employee Nicole Merryman states, "There was probably up to 40 of us that would just sit in there during the day. We were given assignments to go outside and clean; if we weren't cleaning outside, we were cleaning inside. If there was nothing for us to do, we would study in the cafeteria, or we would sit and play cards, sit and read magazines. ...It's really sad that all these people are sitting there and doing nothing, and it's basically on taxpayer money..."

JT, Don Fredrick adds: "In 2010 Obama said of the company, 'this is a symbol of where America's going. If he is reelected, that may be an accurate statement.'" My two cents is that this is exactly where Obama wants America to go! I wonder what Joe Biden thinks of this, or do I wonder?

JT: Watch <http://truthaboutforthood.com/>. Then reflect on what Joe Biden thinks about it. Here is what Barack Hussein Obama thinks about it!

At

http://www.cleveland.com/opinion/index.ssf/2012/10/on_the_basis_of_sound_leaders_h.html there is an endorsement for Obama: “Today, we recommend ...Obama’s re-election. He has led the nation back from the brink of depression. Ohio in particular has benefited from his bold decision to revive the domestic auto industry. Because of his determination to fulfill a decades-old dream of Democrats, 30 million more Americans will soon have health insurance. His Race to the Top initiative seeded many of the education reforms embodied in Cleveland’s Transformation Plan. He ended the war in Iraq and refocused the battle to disrupt al-Qaida and its terrorist allies. He ordered the risky attack inside Pakistan that killed Osama bin Laden. And yet our endorsement this year comes with less enthusiasm or optimism. ...The unifier of 2008 now engages in relentless attacks on his Republican challenger, former Massachusetts Gov. Mitt Romney. The big dreamer of 2008 offers little in the way of a second-term agenda. There is a world-weariness unseen four years ago. ...We wish ...Obama had used this campaign to showcase a more substantial vision for the many challenges that still confront America. The nation needs to get more people back to work. It needs to get its financial house in order, reform its tax code and streamline—though not gut—regulation in order to reassure business and speed recovery. It needs to invest in infrastructure, education and job training. It needs to expand exports and engage the world.”

JT: Read it again, particularly the last section:

Methinks the editorial is an endorsement for Mitt Romney!

JT: Tramp, Tramp, Tramp! The Tramp seen marching to the next XXL Hamburger Gougery! ... After the gouging down of ten hamburgers, "She was all a muck of sweat." – Oliver Goldsmith, *The Vicar of Wakefield*, Chapter 9.

JT: Hear ye! Hear ye, Hear ye! Rumor has it that Barack Hussein Obama is about to impose martial law on the United Socialist States of Obama. What's the reason? Hillallahry Clinton has informed Obama of top secret information obtained from a non-US agent in the top echelons of al-Key-EEDA that there is going to be a terrorist attack on one of Obama's favored golf courses!

Don Fredrick of *The Obama Timeline* reports, "During its broadcast of *The People's Court*, the CBS affiliate in Phoenix, Arizona shows a graphic at the bottom of the screen declaring Obama the winner of the 20123 election, with 40,237,966 votes to Romney's 38,116,216." He adds, "KPHO's Michele Wallace later tells DailyCaller.com, 'The mistake was caught quickly and taken off the screen. With the election about 2 weeks away, the TV station routinely tests its equipment to ensure our viewers have the very latest's [sic] results on election night. We regret the error and apologize to any viewer who was confused by the mistake.' and ends with "One might argue that *all* viewers were confused—or alarmed."

JT: This is my two cents: Perhaps Barack Hussein Obama has already fixed the results of the November 6 election. Remember: "I am Barack Hussein Obama and I will dishonestly win this election. The votes have already been counted. I am Barack Hussein Obama and I approve this message."

JT has been able to obtain the only picture of this terrorist. The terrorist goes by the Islamic-Muslim-Taliban name Mullah Amabo Niessuh Kcarab.

JT: Methinks Colin Powell has too many dizzy stars circling his dumbed-down brain!

Don Fredrick of *The Obama Timeline* reports that in an interview with *Rolling Stone* magazine, Obama referred to Mitt Romney with the remark, "Kids have good instincts. They look at the other guy and say, 'Well, that's a bull-shitter, I can tell.'"

At <http://freebeacon.com/obama-shows-i-d-to-vote/> we read that Barack Hussein Obama voted early in Chicago, Illinois and had to prove his identity. He used his renewed driver's license. JT has obtained an exclusive picture of Obama as it appears on his driver's license.

Doctor Seuss on Barack Obama:

"I do not like Barack Obam,
I do not like his health care scam.
I do not like that sneaky crook,
or how he lies and cooks the books.
I do not like it when he steals,
I do not like his secret deals.
I do not like that metro man,
I do not like his 'YES WE CAN.'
I do not like his spending spree,
Does he not know that nothing's free?
I do not like his smug replies,
I do not like his constant lies.
I do not like his kind of hope.
I do not like it. Nope, nope, nope."
