## JUST THINKING

Number 54

In the March issue of The Obama Timeline Don Frederick reports that "On MSNBC Chris Matthews says, 'I Look at Obama as a perfect American. I don't mean politically. We can disagree left and right on him. You can argue about the drones. Argue about the fiscal policy, all that stuff. But as a citizen. The guy went to school, he never broke a law. He did everything right. He raised a wonderful family. He's a good husband, a good father. My God, I don't think he's ever gotten a speeding ticket. The guy does everything right and these right-wingers. And he's really been pretty moderate on guns until the horror of Newtown. And I don't know what they're so afraid of, except that he happens to be black. Is there some reason why he has sparked this explosion of right-wing organizing?'"

Don Fredrick then ads the truth: "For the record, Matthews has no way of knowing whether Obama is a good husband or a good father. As far as breaking the law, Obama has admitted to the illegal use of drugs in high school and in college; he racked up several hundred dollars in parking tickets while attending Harvard and paid the fines only after he decided to run for president; his 2008 and 2012 campaigns illegally accepted contributions from foreign donors; he has illegally used several Social Security numbers, all of which were probably stolen; he committed fraud by releasing to the public a forged birth certificate; on multiple occasions he has violated the U.S. Constitution, which he swore under oath to uphold. With regard to gun control, Obama's anti-gun record is well-documented in this *Timeline*. Matthews is either blissfully ignorant of Obama's history of antagonism toward the Second Amendment, or he is lying."

JT: Chris Matthews is a symbol, a real, symbol of the stupidity of the enemedia and how far a person with no sense of right or wrong will go to continue the brainwashing of the American viewers so that they will become like the inept POLDS. Disgusting! Disgusting! Disgusting! Surely Chris Matthews and his like don't know what the word means!

Brennan takes oath on draft Constitution—without Bill of Rights (<http://news.yahoo.com/blogs/ticket/brennan-takes-oath-constitution-without-bill-rights-205110620.html>) "Director Brennan was sworn in with his hand on an original draft of the Constitution that had George Washington's personal handwriting and annotations on it, dating from 1787." It was effective law in 1789. The Bill of Rights became effective in 1791. Well, that's Mr. Brennan's view of patriotism.

JT: Brennan's oath of office is a valuable as Obama's: WORTHLESS. As a Muslim convert his only allegiance is to Islam and the Koran.

**After Obama buys them lunch, RINOs McCain and Graham attack Rand Paul for opposition to our government killing us on our own soil!**

destruction of Obama!

### Why is America a Republic and not a Democracy?

In a Democracy, laws are established or repealed by the majority. The rule of law's protection of minorities from the whim of the majority in a democracy is no protection at all.

In a Republic, a written Constitution safeguards the rights of the individual and the minority, despite the whim or panic of the majority.

Thus, in the American Republic, all citizens are in theory protected by law, in spite of the election of a lunatic. But the law must be enforced against a lawless president, and it is done by way of the remaining two branches of our government (Congress and our courts).

Source: <http://thefinereport.com/2013/03/assholes-of-the-gop/>.

JT: Of course, this is the reason America is not a democracy. However, POLDS and any politician who can't think will not understand the explanation.

[Adele And Beyonce To Perform At Queen Michelle's 50th Birthday Party...](http://weaselzippers.us/2013/03/10/adele-and-beyonce-to-perform-at-queen-michelles-50th-birthday-party/)  
<http://weaselzippers.us/2013/03/10/adele-and-beyonce-to-perform-at-queen-michelles-50th-birthday-party/>.

"Having picked up an Oscar, Adele might have thought her incredible US adventure couldn't get much better."

JT: On what street corner did she pick up her Oscar?

But now I can reveal the Skyfall singer has landed the biggest gig of next year – singing for Michelle Obama during her 50th birthday party at the White House.

JT: I wonder which gig is meant? From the Urban Dictionary Number 7:

Gig: "When your straight hammered with either the piggle diggle or jordiesel shake 'em in the bobcat in the fiddlticks will issue wit' a gig boom boom beep twice 8 story gig with the corsica ding ding tryin' to catch us gugg'n' dirty PMP in the boondocks running out on the check pepsi machine killen' !%! you got a Mexican and a spook ew ew ew ew ew ew cuttin' up skraw scrug."

or Number 20?

Gig: "a local term meaning to snort coke."

Knowing the Obamas, the gig that is meant is most likely the latter.

"The 24-year-old star will join Beyonce at the bash on January 17 – proof she has been given the ultimate seal of approval in the US."

JT: The Thug seal of approval!

"'America's First Lady will be holding a huge celebrity-packed party for her birthday at the White House next year and, as she adores Adele and Beyonce, she has asked them both to sing,' says a source."

JT: Don Fredrick and yours truly aren't invited. Something's amiss!

"'Adele has graciously accepted and waived her usual fee for the high-profile private performance. She will sing a selection of her most-loved hits for the First Lady and her friends."

JT: Humm! A high-profile p p for America's Fat Lady! This is news!

"According to sources, Mrs. Obama has long been a fan of Adele and is eager to share the singer's talents with her nearest and dearest at her party."

JT: Does Adele have talents other than singing?

The source added: "'The Obamas will pay Adele's expenses as it's a private party, not a State one."

JT: I really like the last sentence. It's hilarious!!!

JT: Methinks it is interesting that senile RINOS agree to Thug's wishes.

On CNN's *Reliable Sources*, *Washington Post* journalist Dana Milbank calls the Obama White House "more course" than any he has covered in the past: "It's more vulgar. Maybe this is how everybody is these days, but the number of F-bombs being dropped by this White House, scholars are going to look in the national archives in 20 or 30 years and they're going to be shocked by the language that was coming out of this place." <http://newsbusters.org/blogs/noel-sheppard/2013/03/10/dana-milbank-future-scholars-will-be-shocked-number-f-bombs-dropped-w#ixzz2NEQf8ghQ>

JT: Methinks that when the Obama Regime leaves their offices after this term, hopefully sooner, there will be no negative records in the national archives. They will have been purged. Perhaps there will no longer be a National Archives!!!

The Obama Credo

Stella Paul, American Thinker.com via Joan Swirsky

I believe that a child who pretends his pastry is a gun poses an imminent danger, but 5,000 criminal illegal aliens released from jail enhance public safety.

I believe that New Yorkers must be protected from the risk of drinking 16 ounces of soda, but exposed to the risk of bringing Osama bin Laden's son-in-law for a civil trial blocks from Ground Zero.

I believe that every American child deserves to be loved and cherished, except for certain 16-year-olds who deserve to be killed by drones.

I believe that a Muslim woman who applauds 9/11 and admires Hitler deserves a State Department award for her courage, at least until someone reads her tweets.

I believe that the federal government should confiscate guns from law-abiding Americans, but give thousands of guns to Mexican drug gangs to kill our Border Patrol agents.

I believe the president should stay up late partying with Jay-Z and Beyonce, but hit the sack when our Libyan consulate is under attack and our Ambassador is missing.

I believe that plastic bags are a menace to the earth, but Iran's nuclear weapons are no big deal.

I believe that mankind controls the weather, but is helpless to get a job.

I believe that Secretary of Defense Chuck Hagel and CIA Chief John Brennan are fair-minded statesmen, and if you don't agree, you're a Jew-loving Zionist who's under the thumb of the Israel Lobby.

I believe the First Lady should always announce the winning picture at the Oscars, accompanied by military personnel, and if you don't like the Academy's choice, you should be shot.

I believe that American children must be educated by government teachers about the danger of sexual predators, and fondled by government inspectors every time they board a plane.

I believe that America is rich enough to arm the Muslim Brotherhood in Egypt with 16 F-16 fighter jets and 200 Abrams tanks, but too broke to give White House tours.

I believe that government should keep its "Hands off my body," with the one exception of ObamaCare's 160 new government agencies that control my medical care.

I believe that Bob Woodward is a hero for exposing the lies of Nixon, and a scoundrel for exposing the lies of Obama.

I believe that women are the most capable people on earth, but helpless to pack healthy lunches for their kids without the First Lady.

I believe that Attorney General Eric Holder, who's in contempt of Congress, is trustworthy when he promises Congress not to kill us with drones, because his word is gold.

I believe that Al Gore is a sincere spokesman for the planet, who only sold out to Al Jazeera for 100 million bucks because he needed to pay the fuel bills in his 10,000-square-foot mansion.

I believe that male politicians must respect women, and so I voted for Robert Menendez, Eliot Spitzer, John Edwards, Bill Clinton, John Kennedy, Anthony Weiner, David Wu, Kwame Kilpatrick, Antonio Villaraigoso, and the irreplaceable conscience of the Senate, Ted Kennedy.

I believe that Arabs blowing up Israeli families are expressing justifiable rage, but Jews building homes in Jerusalem can never be forgiven.

I believe that Hillary Clinton was the greatest Secretary of State since the dawn of time, and if you don't agree, what difference at this point does it make?

I believe that we must practice sustainability for our children's future, and that every beautiful new baby should be born \$54,000 in debt.

I believe that the Constitution is an outmoded document written by dead white males, and Shariah is a timeless expression of important cultural values.

I believe in free speech, so why don't you shut the \*\*\*\* up.

I believe the Koch Brothers are greedy, conniving hate-mongers, and that convicted felon and Nazi collaborator George Soros is a selfless patriot.

I believe that Obama has elevated us to a new age of multicultural harmony, and that's why his Department of Homeland Security just ordered 450 million rounds of hollow point bullets.

AtlasShrugs and JihadWatch, as well as the HindustanTimes report that the so peaceful Muslims set fire to 700 Hindu homes and vandalize 47 Hindu temples in Bangladesh, while in Pakistan, Muslims set the torch to 160 Christian homes and two churches. Nothing is said in the enemedia. It would be anti-Islamic and the enemedia doesn't want to be caught reporting the truth. Indeed, I claim that the enemedia and the idiots belonging to it and believing it believe that criticism of Islam should be outlawed.

This is over 20,000 pages and measures 7' 2.5". These are all the Obamacare regulations published in the Federal Register up through last week. Then last Friday they added another 828 pages.

<http://www.seraphicpress.com/obama-to-spend-1-5-million-to-find-out-why-lesbians-are-fat/> tells us this is the goal of an Obama research grant.

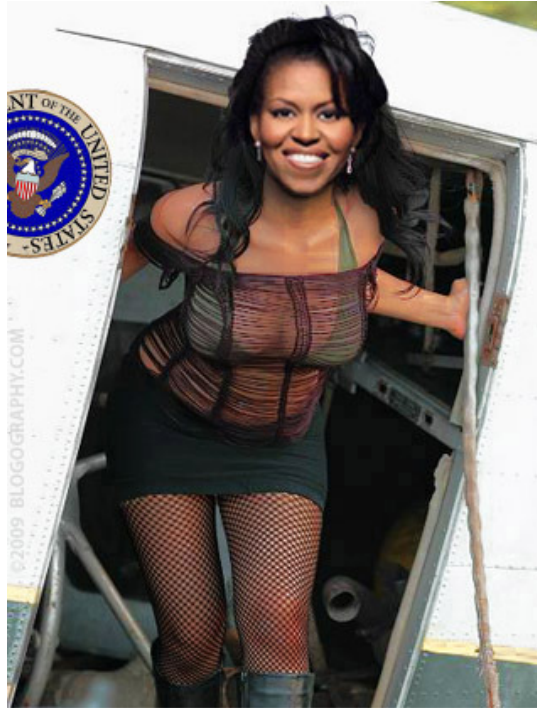

JT: Methinks the answer is simple: They confuse their rears with their heads. Therefore, they can't think straight and are not capable of eating healthy foods. Add this to the fact that they hardly know other physical exercises, and you have the reason(s) why lesbians are fat. Ask Michellallah! She might not be lesbian, but she has the above confusion.

All of the above, particularly Diva Number One, must be stated in a manner of contempt, for only in this manner can the person be called out. If any person behaves as any of the above nouns imply, it is your RIGHT to take them down from their pedestal and put them in their proper place.

JT: Barack Hussein Obama, if that is his name, is EVIL. Barack Hussein Obama has established a REGIME OF EVIL in the United States of America. Regarding Obama, I think of a statement that the German impressionist painter Max Liebermann (1847-1935) said concerning the coming to power of evil Adolf Hitler and his regime of evil: *"I can't gorge down as much as I would like to puke!"*
