From <http://www.breitbart.com/video/2015/10/23/hillary-my-team-and-i-had-great-time-at-my-house-after-benghazi-hearing/>.

Democratic presidential candidate former Secretary of State Hillary Clinton stated that she and her team had a “great” time “eating Indian food, and drinking wine and beer” at her house after her testimony before the Benghazi Select Committee in an interview broadcast on Friday’s “Rachel Maddow Show” on MSNBC.

When asked what she did after the hearing, Hillary said, “Well, I had my whole team come over to my house, and we sat around eating Indian food, and drinking wine and beer. That’s what we did. ... We were all talking about sports, TV shows. It was great, just to have that chance to, number one thank them, because they did a terrific job, kind of being there behind me, and getting me ready, and then just talk about what we’re going to do next.”

Hillary added, regarding her testimony, “The point is, what are we going to do both honor the people that we lost, and try to make sure this doesn’t happen again”

JT: This is convincing proof that Hillarious Clinton truthfully knows how to behave.

and you'll see what will soon be coming to America (in some places it's already rampant!), a gift of Barack Hussein Obama to the American people. He's such a fearless leader!!!

Don Fredrick in the October Issue of The Complete Obama Timeline reports the following: "FoxNews.com reports that Obama's Iranian peace pals are 'on track to execute more than 1,000 people in 2015, according to a scathing report from a United Nations analyst studying the rogue nation's actions. Calling it an 'unprecedented assault on the right to life in Iran,' Special Reporter Ahmed Shaheed described a surge in executions over the past year. He said Iran hanged nearly 700 people since January. ...Sherif Mansour, the Middle East and North Africa program

coordinator for the Committee to Protect Journalists, said reporters often get targeted because they are 'much easier to frame' as spies. ...Two Iranian poets have also been caught up in the crackdown, jailed for their work and sentenced to 99 lashes apiece for shaking hands with members of the opposite sex."

JT: There is no reason to get upset about this because Iran is doing out of their love for Muhammad and Allah!

He broke the bank of England and Singapore, financed the complete fiasco of a faux candidate (Obama) here in America, started the Orange Revolution in Europe and another one is, I think, Lebanon, and probably orchestrated and financed the whole so-called Arab Spring. JT: This is a picture of Mona Sahlin, a tattooed, Swedish Social Democrat politician and "migrant hugger" She was a candidate for the position of Swedish Prime Minister in 2010, but was not elected. (Allah will be with you!) But not with me!

<http://snaphanen.dk/2015/10/31/griber-roever-bliver-kaldt-racist/> (Tack B)

JT: The video is in Swedish. However, view it. An African-Muslim thief is apprehended by and held until the police come. Swedish females at the scene call the apprehending Swede RACIST!

Here is the refined English Google translation:

This dramatic series of images showing how the photographer Freddy Mardell witnessed a robbery, and how he documents it while gripping the robber. This heroic effort takes place outside of ICA - Western Harbour in Malmö, where retailers are experiencing similar events daily.

The images also show how some anarchist girls standing and spitting and shouting "racist" for those brave people who grab and hold the robber while waiting for the police.

Review Sweden would like to get in touch with these girls, to question their values and concepts of society one has when one spits on people who seize a robber.

The hero Freddy Mardell, is an experienced, great photographer, who among others, took one of the 1900s most famous images of the union boss Hans Ericson when he spent a luxury vacation in Spain 1976 while his union boycotted Spain! (http: ... //petterssonsblogg.se/2011/04/26) <http://chef.se/36-hasse-hans-ericson-transport-kanarieoarna/>

Although he still photographs sensational images daily, no newspapers in Sweden want to publish his photos. The old media wants namely to cover up reality.

Today, Freddy Mardell is homeless and forced to sleep in his car because some people, like the robber in this picture series, is a bit more worthy, and therefore must go to the head of the line.

But Freddy Mardell will not fold. He shows the strength and determination that the Swedish people so desperately need against the dark forces who want to destroy and annihilate Sweden.

We need more heroes like Freddy Mardell. Front camera and documenting Sweden.

JT: Similar situations happen in England, Germany, and France. I wonder if such reactions will come to such innocent, naive minds when such innocent, naïve females are raped by Muslims, whether African or not, because Muhammad allows them and the Koran and Sharia sanction the raping.
