## **RED ALERT! GREECE'S LAND FENCE TO TURKEY COULD SOON BE OPENED TO MILLIONS OF PEOPLE. END OF GREECE?**

Amid reports that three hundred thousand refugees in Jordan and Lebanon left UN camps on one day and are heading towards Europe, a new focus of tension is going to be the fence on Greece's land border with Turkey.

<http://greece.greekreporter.com/2015/11/03/greek-govt-receives-pressure-to-tear-down-fence-on-border-with-turkey/>

**If Greek Prime Minister Alexis Tsipras ever tries to open the 12.5 km fence, it is to be hoped the Greek police and army refuse just as the German army refused Angela Merkel's migrant orders.**

**Allowing hundreds of thousands of desperate people across the land border in the space of days could result in their being stranded in Greece and the country's collapse.**

**It is to be assumed the Balkan countries will close their borders as will Germany and Austria given the increasingly tenuous nature of Merkel's power. The refugees will be stranded in Greece in vast numbers and without adequate food or shelter, resulting in social conflict.**

**The refugees left the camps after the UN slashed aid to families from 150 dollars a month to 43 cents per day. There are three million Syrian refugees in UN camps in Jordan and the Lebanon. That means, millions could potentially cross the land border into Greece in the space of days.**

Here's a pretty good translation:

The school board refused to intervene when an African pupil harassed Swedish girls at junior high level with sexual approaches & hanky pankies. Finally the pupil raped the girl in a bush in the school yard, but despite protests from her parents the school board has decided the male pupil can remain at the school.

- We are being spat in the face because we are (ethnic) Swedes says one parent to *Fria Tider* blog.

It was a Saturday in October when two girls visited a junior high disco at their school in Alvesta municipality. During the evening they were approached by two African pupils studying at the same school.

The father of one of the harassed girls had already last spring heard that one of the involved Africans had attacked his daughter with sexual approaches and touches. From then and on he had waged a desperate fight to have the school board do something about the brooding situation at this very migrant-dense school.

- We had a meeting with the teacher and the assistant principal. The boys were not there and nor their parents, they can't speak Swedish. I told the principal I wanted to make a formal report with the local police regarding what had happened but then she said I didn't need to and that they (the board) should take care of it, ... .

JT: There's nothing to get upset about. Muslim boys will be Muslim boys, particularly when they emulate Muhammad!

JT: Update The parents of the girls who had been sexually harassed at a school in Alvesta got no help from the township and consequently they turned themselves to the Sweden Democrats. But when the SD party brought up the issue in the municipality council the interest (from other party members) was indeed minimal. In principle they just sneered at us, says Benny Lundh Johansson (SD) to the newspaper *Fria Tider*. (There was) sloppy/negligent handling from school principal, township and municipality council regarding sex offended school girls. The school is temporarily closed due to smashed windows and African pupils have been relocated to another school ... .(<http://www.friatider.se/skola-st-ngd-efter-fria-tiders-granskning> Tack B)

## German Town: Migrants Riot in Church, Steal From Stores, Defecate on Gardens

Posted on [November 9, 2015](#) by [Paul Joseph Watson](#)

*Residents who criticize behavior of asylum seekers labeled “Nazis”*

Residents in the German town of Ellwangen are reporting that thousands of migrants who recently arrived are defecating on people’s gardens, staging [riots in church](#) and stealing from local stores, while police in the area struggle to cope with the disorder.

Ellwangen, which has a population of around 23,500 and a strong Catholic community, was recently inundated with 4,500 asylum seekers who are staying in the old army barracks on the edge of town.

The original plan was to house just 500 immigrants, but this quickly ballooned to ten times that figure, at which point “serious mass brawls and conflicts” began, prompting the police to be called out routinely. The state government is set to fork out €5.1 million Euros of taxpayer money to renovate and expand the barracks.

A friend of a local [reports](#) that store owners are struggling to do any business since people are afraid to go into town because of the migrants.

“I read about serious theft problems in stores where ‘refugees’ walk in, take what they want or need, and walk out again without paying,” writes the individual. “In the beginning, grocery stores called the police, but stopped doing so after they were told to write up the losses and contact someone at the local municipality to reimburse them. (I had a verbal confirmation from a wife of a German police officer).”

Women are also afraid to walk into town alone, with reports of a woman being [raped](#) and a 10-year-old girl being sexually harassed.

“The most disturbing news he informed me about, however, was that the so called refugees go into churches to disrupt service. They would simply walk in and start to riot. ‘These people want to destroy us’, is what he said, literally. He is a very well educated business man; not

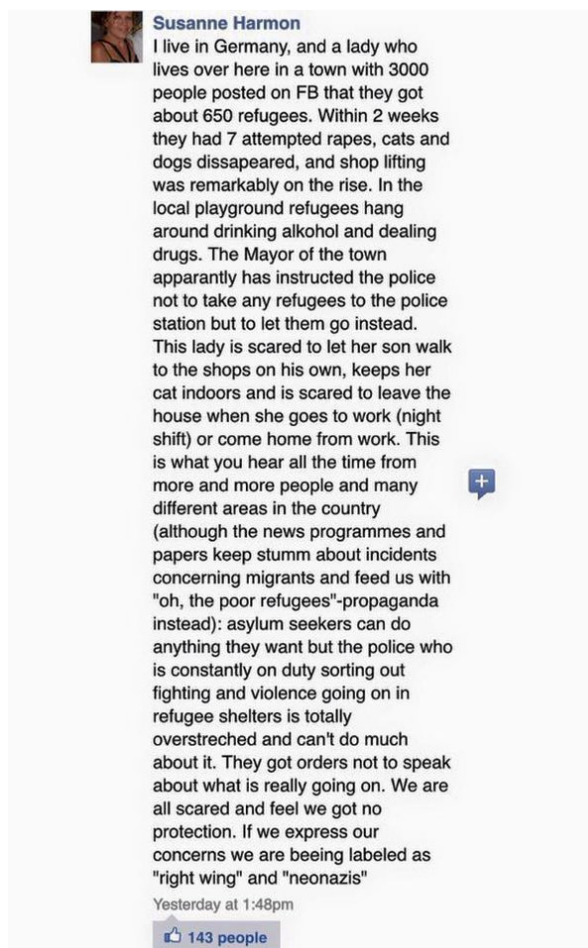

someone inciting hatred against refugees. Most of the people living in that town and neighboring villages are honest, hard working people, trying to do good and be good, and now are forced to watch how their town and livelihoods are destroyed by the decision of the government to take in people that are violently opposed and opposite to the German and Christian culture.”

The report also states that residents have been forced to put up signs asking migrants not to defecate in their gardens, a common practice, and to use toilets instead.

According to the individual, anyone who [criticizes the behavior of the migrants](#) is immediately labeled a “Nazi”. Locals are so enraged that a dead cat was placed on the doorstep of the Mayor.

While [Austrians](#) are [purchasing shotguns](#), the individual also adds that many Germans are buying pepper spray as a means of self-defense.

Similar stories are also emerging from all over Germany as small villages and towns begin to feel the impact of the migrant influx. In the post below, a woman relates how rapes, theft, the killing of pets and drug dealing all shot up after the arrival of [asylum seekers](#).

Note: The German mass media in its reporting behaves in a similar way as the British, French, Canadian, and American mass media behave. Such behavior by migrants is not reported very often, and if reported, it remains local and not nationwide, followed by *That's not Islam. They can't be Muslim. Islam and Muslims are peaceful land tolerant.*

"For the past week, the White House has been talking about its first-day promise to close the detention facility at Guantanamo Bay — on the last day, if need be, of Barack Obama's presidency. And it might take that long, too, because Congress has [overwhelmingly passed a new National Defense Authorization Act \(NDAA\)](#) to fund the military that extends a prohibition on transfers from Gitmo."

JT: If the Republican dominated Congress (House of Representatives and the Senate) can do this, why couldn't it do more to stop Obama on other matters since they have the majority in both houses? It seems to me this proves how much derrière licking of Barack Hussein Obama John Boehner and Mitch McConnell have done throughout the past six-plus years.

Oh, the irony. An association called “Refugees Welcome Bonn e.V.” organized a refugee welcome party. But then these do-gooders met the Islamic culture: the Muslim migrants sexually molested the women at the party.

And still the running dogs for Islam on the left continue to lay down for them (literally). You can’t make this stuff up.

Here is what “Welcome Refugee” org posted on [their site](#) after the party (thanks to Mark):

\*English version\*

Refugees Welcome Bonn e.V. wants to comment on the incidents that happened on party on the Township on Nov. 7th and was co-organized by our group. **At the party we observed that some men molested, touched and harassed women.** As co-organizer we want to apologize. During the party we tried to identify the offenders and make them leave the venue; also we made announcements where we asked to stop this behavior immediately. **However, these measures were not successful.** We apologize for that! Those men cast a negative light on our organization as well as on all men and male refugees, who were at our party.

[...] instead of just adversely pointing fingers at those who misbehave, we believe it’s as important for everyone in our civil society to tackle these differences in the daily integration.

For that reason we will increase our efforts to give no space to such behaviour during our upcoming parties and other events. We believe it’s essential to treat each other with respect and share the idea of a general equality between all human beings. That necessarily includes, accepting [sic] a „No“, when making advances to somebody, instead of forcing your will on another person.

We as a group campaign for this. Still it has to be said clearly, that this kind of behavior is not acceptable and not tolerated in our group.

Oh yeah, that’ll work.

George Soros intent is to force the European Union to raise funds supporting the immigration of Muslims by issuing long-term bonds by implementing the European

Union's AAA borrowing capacity which is largely untapped. For George Soros, this is another source of billions that can be used to destroy freedoms and make him wealthier.

George Soros' funds should be impounded by all governments!
