## YOUR VIEW

# Twelve reasons why I voted Democratic

Dear Editor:

Here are the 12 reasons I voted Democratic:

1. I voted Democratic because I love the fact that I can now marry whatever I want. I now may marry my Labrador.

2. I voted Democratic because I believe oil companies' profits of 4% on a gallon of gas are obscene but the Government taxing the same gallon of gas at 15% isn't.

3. I voted Democratic because I believe the Government will do a better job of spending the money I earn than I would.

4. I voted Democratic because Freedom of Speech is fine as long as I agree with what is said & nobody else is offended by it.

5. I voted Democratic because I'm way too irresponsible to own a gun and I know that my local police are all I need to protect me from

murderers and thieves.

6. I voted Democratic because I believe that people who can't tell us if it will rain on Friday can tell us that the polar ice caps will melt away in 10 years if I don't start driving a Prius.

7. I voted Democratic because I'm not concerned about millions of babies being aborted so long as we keep all death row inmates alive.

8. I voted Democratic because I think illegal aliens have a right to free health care, education and Social Security benefits, and we should take away the Social Security from those who paid into it.

9. I voted Democratic because I believe that businesses should not be allowed to make profits for themselves. They need to break even and give the rest away to the government for redistribution as the Democrats see fit.

10. I voted Democratic because I believe liberal Judges need to rewrite the Constitution every few days to suit some fringe kooks who would never get their agendas past the voters.

11. I voted Democratic because I think that it's better to pay billions for their oil to people who hate us but not drill our own because it might upset some endangered beetle, spotted owl, gopher or fish.

12. I voted Democratic because my head is so firmly misplaced toward the south end of my body; it's unlikely that I'll ever have another point of view.

No trees, Spotted Owls, or Red Cock-headed Woodpeckers were harmed in the sending of this message.

Don Fredrick in the January Issue of *The Complete Obama Timeline* reports and documents the following:

On ABC's This Week, Hillary Clinton is confronted with the charge from the GOP debate that she supports abortion even up to the baby's due date. She says, "Well, you know, I've been on the record on this for a long time. You know, I think that the life and health of the mother, obviously, rape and incest, have to be always taken into account. And, you know, when he [Marco Rubio] raises the, you know, very, very difficult issue of late-term abortion, he conveniently overlooks the fact that there are medical reasons, there are health-related reasons. I've met women who have had to face this excruciating choice. This is not something that anyone that [sic; who] I've ever met with enters into without the deepest thought, the most careful consideration. And I remember at an event back in the '90s, where, you know, we sat and talked with some of the women who had to make a very hard decision. You know, it's, it's just so unfortunate that politicians like Senator Rubio are trying to politicize these kinds of very difficult concerns."

Don Fredrick comments: "Clinton avoids addressing the issue, which is that she supports abortion at any time for any reason. The health excuse is a red herring. Almost no one needs an abortion needs an abortion just days before the baby's due date. Clinton, like many others, also uses the generic term "health," rather than physical health. That is, she would support a late-term abortion if the justification is nothing more than depression or some other mental health claim."

JT: Hillary Clinton supports abortion up to and including the baby's due date. Hillary was a former Secretary of State for the United States of America. The Secretary of State under her husband, was Madeline Albright. Already in 1996 Madeline Albright was the United States Ambassador to the United Nations. In an interview on **60 Minutes** titled *Punishing Saddam*, dated May 12, 1996, Madeline Albright says that the price of killing of 500,000 children in Iraq due to UN sanctions was a price worth paying. (<https://www.youtube.com/watch?v=FbIX1CP9qr4>.)

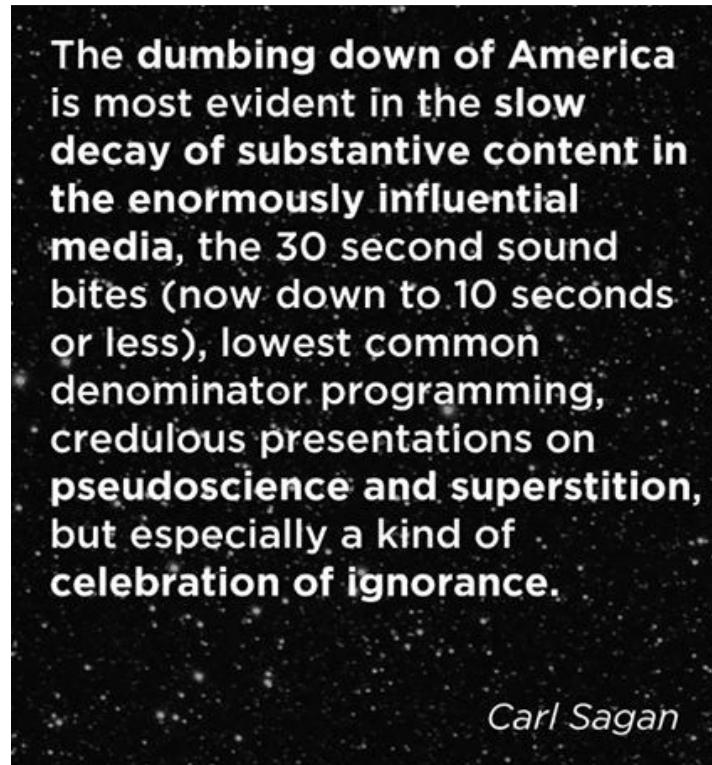

At a Hillary Clinton campaign event on Saturday, February 6, 2016, Madeline Albright said, "There's a special place in hell for women who don't help each other... [some] don't understand the importance of why young women have to support Hillary Clinton," ([https://www.youtube.com/watch?v=msMhG\\_FUnXE](https://www.youtube.com/watch?v=msMhG_FUnXE))

Methinks there is truly a place in Hell for both of these disgusting human beings. Evidently, being in favor of killing (unborn) babies and children is a qualification the DemocRAT Party takes into account when supporting their candidates for public office.

From

Frauke Petry, the leader of the German political party Alternative für Deutschland (AFD = Alternative for Germany) stated that according to the law in Germany, that as a extremely last result, Germany could protect its borders by using weapons and firing them should refugees attempt to cross the German border illegally. (The image is from <http://p5.focus.de/img/fotos/origs5153098/4268514444-w630-h472-o-q75-p5/urn-newsml-dpa-com-20090101-151214-99-320149-large-4->

[3.jpg.\)](http://www.zeit.de/politik/deutschland/2016-01/frauke-petry-afd-grenzschutz-auf-fluechtlinge-schiessen) (<http://www.zeit.de/politik/deutschland/2016-01/frauke-petry-afd-grenzschutz-auf-fluechtlinge-schiessen>)

Frau Petry is to appear at the AfD New Year's reception in the Augsburg Rathaus (City Hall) on 12 February, 2016. The mayor, Kurt Gribl (Christliche Demokratische Union = Christian Democrat Union) attempted to prohibit her from appearing at the AfD New Year's reception by placing a house ban on her. The Augsburg Administrative Court recently decided that the mayor could not prohibit her from appearing in the Rathaus if she so decided to appear. (<http://www.zeit.de/politik/deutschland/2016-02/afd-augsburg-frauke-petry-rathaus-verwaltungsgericht>).

The point of the political flap is that Frau Petry stated a legal fact that is guaranteed by German law. At the same time the mayor and German politicians welcome thousands of Muslim refugees who live their lives according to the Koran and its 164 war verses, which also say that non-believers must either convert to Islam, become a second-class citizen, or be killed. Muslims living in Augsburg and those representing Muslim organizations in Germany do not have a house ban at the Augsburg Rathaus, or any other Rathaus in Germany, although they live according to the doctrine concerning the killing of non-believers!

The position of the mayor and German politicians is what I call a case of hypocrisy.

JT: Methinks this was invented by Muhammad. A later invention has beheading scimitars.

Speaking of inventions, well ... discoveries (well ... maybe it was an invention!): Scientists say that they have proof of Albert Einstein's theory that gravitational waves exist and function. (<http://www.space.com/31900-gravitational-waves-discovery-ligo.html>) However, what most people don't know is that the first scientist to prove the existence of gravitational waves was Muhammad. In the Koran Muhammad relates that the sun sets in a kind of mud puddle, a muddy spring. (Sura 18:86). When it does this it makes rings or circular waves that influence gravity, which brought the sun down from the sky and kept it there for approximately a whole night, or for what Muhammad called a period of darkness between two periods of light, and then the circular waves became so powerful that they forced the sun to rise into the sky and shine on the following day, or as Muhammad said it makes a period of light between two periods of darkness until it falls into the puddle the next evening to start the process all over again. Science at its best!!!

JT: Supreme Court Judge Antonin Scalia (RIP) died in his sleep during the night of 13-14 February 2016. The DemocRAT Party has sent out the following email. I have answered their email with the comments that appear in blue.

Last night, we learned how Republicans are responding to the news that President Obama will fulfill his constitutional obligation to nominate our next Supreme Court justice. Make sure you're standing with him.

**ADD YOUR NAME**

Breaking news from the GOP debate stage:

**The Republican presidential candidates were asked whether or not President Obama should nominate a new justice to the Supreme Court. They said Congress should block, delay, or otherwise refuse to allow the President to fill this vacancy.**

**This position of the Republican candidates is the correct position to take!**

There's no excuse for this. It's putting partisan politics above the Constitution and the rule of law, and it's appalling to hear from any public official -- let alone someone who thinks he should be the next President of the United States.

**There is no excuse! There is an excellent reason! Judge Scalia knew that Barack Hussein Obama was illegally elected because Barack Hussein Obama is not a natural-born citizen. It was Judge Scalia's goal to hold his office as long as possible, particularly to make sure that a new President, a Republican President, would nominate a true constitutionalist as a judge to replace him or to replace any other judge. Progressive judges like Sotomayor or Kagan, as well as the other Obama YES judges, are an insult to the United States of America, the *Constitution for the United States of America*, the American citizens, and the Founding Fathers. Furthermore, when did Barack Hussein conduct any other kind of politics that were not partisan politics? I'll answer the question for you: NEVER!**

**I'm surprised that Barack Hussein Obama has not caused any of the non-progressive judges on the United States Supreme Court, or on any other United States court, to be assassinated so that he can fill their positions with progressive, DemocrAT YES judges.**

And they're not alone. Senate Majority Leader Mitch McConnell -- who is responsible for scheduling votes in the Senate -- has already said that "this vacancy should not be filled until we have a new President."

**Senator McConnell is correct in this stance. However, Senator McConnell, the turtle has pulled his head in so often when there were conflicts with the pos Barack Hussein Obama, that it would not surprise me if he did it again. Of course, this might depend on how much Barack Hussein Obama and the DemocrATS have to offer or how they can blackmail him!**

But no matter what Mitch McConnell says, President Obama is going to fulfill his constitutional obligation to nominate a successor to fill the vacant seat on the Supreme Court -- and that nominee deserves a fair hearing in the Senate.

**Barack Hussein Obama has never fulfilled his constitutional obligations. Being an unconvicted felon, Barack Hussein Obama will never fulfill his constitutional obligations. Of course, all nominees to federal positions should receive a fair hearing. However, a fair hearing for Barack Hussein Obama and the DemocrATS is a question of how far the nominee will crawl into these beings and never face sunlight again. As in the past, all persons who have a position because of Barack Hussein Obama and the DemocrAT party will have their faces into the DemocrATS and Barack Hussein Obama so deep that they will never see sunlight again.**

**Add your name to call on Republicans to follow the Constitution instead of obstructing the confirmation of our next Supreme Court justice:**

**Since the days when your leading socialist/communist Franklin Delano Roosevelt tried to pack the United States Supreme Court, the DemocrAT party has obstructed non-DemocrAT party Presidents and the Constitution for the United States of America. The illegal election of Barack Hussein Obama in 2008 and again in 2012 are the most recent prime example of this obstruction of justice.**

<http://pamelageller.com/2016/02/tally-of-muslim-migrant-crimes-in-germany-the-first-4-weeks-of-2016.html/> There are hundreds of reports that are being kept from the public. The following cartoon sums up the political cover-up for criminal Muslims.

JT: The street sign FLYKTVÄGEN 291 translates as EscapeRoad 291. This alludes to the police code 291, the intent of which is to keep the details of any crime committed by Muslims in Sweden from being made public. In the cartoon the Swedish National Police Commissioner Chief Dan Eliasson says to Islam's Swedish guardian angel, Mona Ingeborg Sahlin upon viewing a rape victim:

*"This is something we can't tolerate! We got to help the boys!"*

The cartoon presentation is thoroughly representative of the official stance of European politicians concerning Muslims.
