Safe at Last (by Steve Roberts)

I took down my Rebel flag (which you can't buy on e-bay any more) and peeled the NRA sticker off the door.

I disconnected my home alarm system and quit the "candy-ass" Neighborhood Watch.

I bought two Pakistani flags and put one at each corner of the front yard.

Then I purchased the black flag of ISIS (which you CAN buy on e-bay) and put it in the CENTER of the yard.

Now, the local police, sheriff, FBI, CIA, NSA, Homeland Security, Secret Service and other agencies are all watching the house 24/7.

I've NEVER felt safer and I'm saving \$69.95 a month that ADT charged me.

Plus, I bought burkas for my family when we shop or travel. Everyone moves out of way and security can't pat us down.

Safe at last – only in the USA

Consider these facts!

- The GDP of 57 Muslim countries is less than \$2 trillion;
- Muslims comprise roughly 22 percent of the world's population but only produce less than 5 percent of global GDP;
- 20 percent of Arabs live on less than \$2 per day;
- The average growth rate of per capita income in the Arab world hovers around .5 percent per year [worse than everywhere else except for sub-Saharan Africa];
- 60 percent of Muslims worldwide are illiterate;
- 50 percent of Arab women cannot read.

Not to mention, that Islam subjugates women and girls to:

- Female genital mutilation (genitals being cut and sewn shut),
- Honor killings (fathers or brothers kill their daughters/sisters),
- Child marriage (girls under age 12 are married to adult men),
- Slavery (girls are sold for "protection" by their parents and/or kidnapped and sold at slave bazaars),
- Shari'a Councils (Imams marry girls – even for one hour– to men, then divorce them only to marry them to another man and divorce them again),
- Wife abuse and domestic violence (husbands are instructed to beat their wives as a form of punishment); husbands are permitted to rape their wives,

- Non-legal status for women who are considered property (a wife's legal rights equate to only half of her husband's),
- Discrimination, punishment, and death for everyone based on sexual and religious orientation, especially if they will not "convert" to Islam.

JT: The rule is that behind every successful male, there is a strong female.

"(O)n December 17, 2015, seventy-three members of Congress, all Democrats, introduced House Resolution 569, subtitled, "Condemning violence, bigotry, and hateful rhetoric toward Muslims in the United States." The resolution calls upon local and federal law enforcement authorities to prosecute to the fullest extent of the law those who perpetrate "hate crimes" against-Muslims." <http://www.thepostemail.com/2016/01/17/a-democratic-death-wish/>.

JT: The hate crimes perpetuated by Muslims against non-believers are those that happen every day and are sanctioned by Muhammad and written in the Koran. House Resolution 569 does not deal with these hate crimes. Methinks House Resolution 569 is a first step towards democratic suicide.

JT: This is the national debt under Barack Hussein Obama:

\$19,000,000,000,000.00

Here are some statements which will give you some insight as to the massiveness of this number.

If the US government was to declare an end to deficits and an end to additional debt, and not considering or adding to the existing debt with interest owed, and they passed a law that would reduce the \$19 Trillion debt by the amount of \$1,000,000 each day (that's one million dollars), how many years would it take to pay it off?

ANSWER: 52,054 years.

If that same amount was applied with the accrued interest, how long would it take?

ANSWER: Never, as in forever.

If you line up, end to end, \$100 bills and started the route of money on the shoreline of New Jersey and extended it in a westerly direction until it valued \$19 Trillion, where would that line end?

ANSWER: Back on the New Jersey shoreline after making 3,070 round trips.

Mount Everest is the highest mountain in the world with an elevation of 29,029 feet from sea level to its peak. If you were to stack \$100 bills at the base of Mount Everest, how high would it rise when the stack equaled \$19 Trillion?

ANSWER: The stack of \$100 bills would be 2,345 times higher than Mount Everest. In other words it would be the same as stacking Mount Everest on itself 2,345 times.

The surface of the earth to the surface of the moon is 225,623 miles. If you could string a line of \$100 bills, end to end, starting on the earth's surface and extended it to the surface of the moon, would the value of \$19 Trillion reach the moon's surface?

ANSWER: Yes! In fact it would get there and back (round trip) 409 times.

When Obama leaves office later this year (if he does) the National Debt will have increased during his term \$9,400,000,000,000.00. During those 8 years, what was the National Debt increase per minute?

ANSWER: For every minute since that fateful day of his first swearing in as President, the National Debt has increased \$2,235,540.00. That's \$2.2 Million, every minute of every day for 8 years.

<http://thepetroglyph.com/blm-destroyed-archaeological-sites-artifacts/>

JT: Here are some examples of how the federal dictatorial government is destroying America's archaeology and historical artifacts.

JT: Now for some spontaneous thoughts collected over the past weeks:

1. The major problem in talking about Islam is that most people translate Allah as God. Allah was never God. Allah was a pre-Islamic, pre-Arabic moon-and-war god (small case.) Allah will always be a moon-and-war god.

Islam is forcing the West to accept that Allah is God while Muslims continue to use the terminology Allah, all the while telling non-Muslims that they must refer to Allah as God. The reason is that Muslims respect only that which is in the Koran and what Muhammad propagandized. Muslims do not respect God or Yahveh because they have been brainwashed by Muhammed to believe that the Bible and the Talmud, as well as the Torah (Tanach) are corrupted.

Having non-believers (kafirs) use the terminology God instead of Allah is a major Islamic thrust into political correctness. (Theodor W. Adorno and his Frankfurt School Marxists would have cheered it! Indeed, political correctness is nothing more than cultural Marxism.) In reality forcing Islamic political correctness on the non-believers denies the kafirs the correct use of language that is necessary to criticize and debunk Islam and Muhammad. This kind of policy has always been used by Islam. As Andrew G. Bostom writes, such usage was the same policy Islam used in the Middle Ages or wherever Islam raised its evil fangs, because "the *Dhimmi* is obliged not to [even] mention *Allah* or His Apostle... ." (Andrew G. Bostom, ed., *The Legacy of Jihad Islamic Holy War and the Fate of Non-Muslims*, Prometheus Books, Amherst, New Jersey: 2005, p. 199.

2. Remember the three theological virtues belief, hope, and love?
(I Corinthians 13:13)

- Muslims have belief, but it is the wrong belief. It is the belief in a moon and war god called Allah.
- Muslims have hope, but it is the hope to rule the world under the cancer of the sharia law.
- Muslims have love, but it is the love of themselves and not their fellow humans who think differently.
- The greatest of these theological virtues is love, according to St. Paul, which Muslims don't have because there is no Golden Rule in Islam!

3. To be tolerant of Islam's intolerance is hypocritical!

4. Emulating Muhammad and living according to the dictates of the Koran is a pathway to Hell.

5. The Koran is full of hate speech!

6. Muhammad played God and was Satan.

7. What are Islamic virtues? I have found none!

8. Islam was an umbrella movement that allowed dictators to destroy other cultures in the name of a cult. Conquest was accomplished in the name of a moon-and-war god named Allah wanting it be done. Whether the method of conquest had moral component or not, was of no importance. Strike fear into the hearts of cultures and kill them if they don't convert!

9. Do you want to conduct an exercise in political substitution? Read the *Communist Manifesto* and every time you come across the word communist, substitute Islam.

10. Barack Hussein Obama is supposedly the modern, living example that the American Dream can come true ... if you break all of the laws you can, destroy the Constitution for the United States of America, insult Americans, American culture, American history, and become the puppet of George Soros ad lib every day.

11. Obama is a demented terrorist.
12. When freedom is not defended it is like a bicycle without a kick-stand when it is not ridden. It falls down.
13. Truth is always politically correct.
14. Progressives of all political colors, from DemocRATS to Republicans, from Socialists, to Communists and Fascists are completely undermining The United States of America. They are destroying everything that the United States was and that it represents in the *Declaration of Independence* and the *Constitution for the United States of America*. Progressives are powered by greed the greed of taking things that do not belong to them. Greed and freedom cancel each other out. Whenever Barack Hussein Obama undertakes a policy he is mutating from evil into more evil.
15. Indeed, an evil spirit is endangering the United States and the Western World. That evil is Islam. Freedom lovers of the World. Unite and fight back!
16. Islam is nothing more than an evil cult. But like all evil cults it is a very powerful evil cult with brainwashed idiots as followers.
17. Don't forbid the Koran. It is a perfect description of evil.
18. Islam appeals to the primeval mind without intelligence because it is unsavory and dimwitted.
19. Muhammad had between 18 and 61 wives, as well as 23 sex partners.
Saw the devil all around him.
Wanted to commit suicide.
Captured women.
Looted.
Used children as slaves.
Was a pedophile.
Was a violent person.
Was a murderer.
Dyed his hair blonde.

If the list were continued, there would be more pages than in the Koran! See also <https://themuslimissue.wordpress.com/2013/01/18/islam-the-crimes-of-prophet-mohammed/>.

20. People who come from the Northeast Kingdom and Le Grand Bois du Nord do not forget their roots because such roots are the foundation of a free society. Such roots cannot exist in political correctness.
21. Destruction never approaches weapon in hand. It comes slyly on tip-toe, making you see bad in good and good in bad.
22. What is the result of Islamic propaganda? The beheading of people and the extinction of cultures.

23. If you want to better the world, begin with yourself.
24. A guardian angel for you through the darkened nights protects your dreams with heavenly prevalence. But close your eyes, or the angel will not appear.
25. Talleyrand once said that high treason is a question of the date.
26. Crapulous is an adjective that describes those who voted for and those who support Obama, including the lamestream media.
27. Wherever a mosque stands or is erected it means that Islam has conquered the country.
28. In the America of progressives, panhandlers and parasites have replaced producers and production.
29. Reasons for Obama's impeachment:
Impeachment reflects the will of the American public to remove an unlawful President from office. It is a political procedure outlined in the *Constitution for the United States of America*.
 - Intentional non-enforcement of America's laws. When such a presidential behavior shows disregard for the *Constitution for the United States of America* and the presidential oath of office is encountered by Congress and the electorate, the only recourse is impeachment, conviction, and sentencing. The short listing below is only the very tip of the proverbial iceberg of Obama's criminal legacy.
 - Conducting illegal war in Libya and Syria.
 - Fast and Furious gunrunning to Mexico as a ruse to implement gun control
 - Amnesty for illegal immigrants without Congressional approval.
 - Allowing the re-entry of criminal, illegal immigrants into the United States.
 - Giving power to enemies of the United States of America, such as CAIR and IRAN and the Muslim Brotherhood.
 - Imposing laws concerning clean energy without Congressional approval.
 - Illegal NSA surveillance of American citizens and foreigners.
 - Cronyism and government corruption.
 - The establishment of a Department of Homeland Security Army that will lead to America becoming a police state.
 - Illegal use of drones for surveillance and killings.
 - Thorough expansion of government power under ObamaCare.

At <http://snaphanen.dk/2016/02/25/another-one-million-migrants-are-on-their-way/#more-185613> we read

Another ONE MILLION migrants are on their way

"A million more migrants will arrive in Europe this year, the EU's borders chief declared yesterday. Fabrice Leggeri said it was impossible to halt the flood of arrivals who already number 110,000 this year. 'Experience has shown that fences and patrols at sea do not stop the refugees,' he added. Michael Gove said EU immigration policies were causing misery, with free movement diktats stopping the UK choosing who it wanted to let in. The Justice Secretary said this meant Britain could neither be 'humane' to refugees nor 'wise' economically. [Another ONE MILLION migrants are on their way: Borders chief warns of huge new influx to Europe this year as Michael Gove says Britain has no control over who we let in.](#)

[Cutting the influx of migrants is now a 'question of survival' for Europe, warns Austria as it blasts the EU for failing to tackle the crisis](#)

Austria warned yesterday that reducing the record influx of migrants was a 'question of survival' for the European Union. Vienna has come under fire from Germany and Greece for imposing daily limits on the number of migrants that can apply for asylum or pass through to other countries.

'We have to reduce the influx now. This is a question of survival for the EU,' Austrian interior minister Johanna Mikl-Leitner said after the talks. Austria believes measures are necessary because the EU has failed to get off the ground any effective common response to the continent's biggest refugee crisis since 1945."

JT: It's coming to the USA!!!

From <http://www.whitetv.se/sv/inget-fritt-medium-i-sverige/1491.htm> we learn that

"Foreign reporters pay refugees 20 Euros to act as if they have drowned, said Bishop of [Kos](#) and Nisyros Nathanael.

The unusual testimony was made during a radio interview on Alpha 98.9 on Wednesday. Bishop Nathanael said that, "I witnessed with my own eyes foreign television reporters paying people ([refugees](#)) 20 euros to play victims of drowning."

The bishop said that mass media are trying to present a fake picture of events, far from reality. He said it is a sin to exploit human pain.

Bishop Nathanael also said that the only people who truly help refugees are the local residents and that other organizations, government or non-government, simply assist the local volunteers." (<http://greece.greekreporter.com/2016/02/17/kos-bishop-foreign-reporters-pay-refugees-to-play-victims-of-drowning/>)

(The Google translation reads as follows☺)

13 immigrants from the Middle East in a BMW flee the Polish Border Guard. 7 children were hidden the trunk and on the floor between the seats! Fortunately, no one died. 1 ended up only light injuries. Everything points to the fact that Poland was a new route for refugees from the Middle East, seeking asylum in Western Europe. In the night from Friday to Saturday a large group of immigrants who came from Turkey illegally crossed the Polish-Ukrainian border in the vicinity of Lubaczow in the Carpathian Mountains. Already on the Polish side waiting for them were three passenger cars with the Austrian license plates. The newcomers surprised the border guard patrol. The passengers moved the BMW to full throttle and began to flee. After a few kilometers the driver lost control of the vehicle and rolled over. The guards firefighters helped bring the victims from the crumpled wreck. They were surprised when it turned out that even in the trunk there were passengers. In total, the car had 13 people!

Five people were taken to hospital - two adults and three children aged 11, 14 and 16 years. Fortunately, the victims did not suffer serious injuries, only minor injuries - bruises and cuts. Everyone having been serviced were released and handed over to border guards. In addition to the passengers and the driver of BMW, 10 immigrants and three accomplices, were detained.

Our current findings show that these are people of Turkish nationality - said in an interview with Major Elizabeth Pikor, spokesman for the Bieszczady Border Guard.

All foreigners were taken to a closed center in Przemyśl. On Monday, officials announced that 22 migrants were deported to Ukraine. Handed over to the prosecutor's office were the other 4 citizens of Austria, who were the organizers of illegal smuggling of people across the border.

Disintegrating Sweden: Visit Number Two.

The results of the first visit to Sweden can be read in separate items presented in Just Thinking 154 at

<http://thecompleteobamatimeline.com/uploads/3/4/8/7/34872825/justthinking154.pdf>.

The reason JT is placing some emphasis on Sweden is because Sweden is experiencing an Islamic invasion that is starting in Europe and will shortly be coming to the United States of America, unless lessons are learned from the atrocities that Muslims commit in Sweden and Europe. Islam has successfully infiltrated Sweden. Islam has concentrated its power there, Islam is ever present in confrontations with the traditions and culture of the host country and the government. Islam is intent on establishing parallel societies in which Sharia law is the accepted judicial power. Once these parallel societies are established, the existence of totalitarian Islam is not far away. As Adly Abu Hajar, an Imam based in Malmö, states, "Sweden is the best Islamic State." (<http://www.gatestoneinstitute.org/3729/sweden-multiculturalism>)

Härnösand, Sweden is a locality and the seat of Härnösand Municipality in Västernorrland County, Sweden with 17,556 inhabitants in 2010.^[1] It is called "the gate to the High Coast" because of the world heritage landscape rises just some miles north of Härnösand. Härnösand is the seat of the Diocese of Härnösand." <https://en.wikipedia.org/wiki/H%C3%A4rn%C3%B6sand>

JT: Härnösand, Sweden a community of 18,000 is to receive 8,000 Muslim immigrants. (www.aftonbladet.se/nyheter/article22287699.ab)

<http://www.friatider.se/flyktingbarn-tros-vara-44-r-talas-f-r-filmad-gruppv-ldt-kt> tells us that an underage migrant boy together with another "15 y/o man" have now been indicted for anal rape (videotaped evidence secured on perpetrator's cell phone) in Alvesta, Sweden. On Facebook it emerges clearly he's 44 y/o and from Dubai! <http://www.friatider.se/flyktingbarn-tros-vara-44-r-talas-f-r-filmad-gruppv-ldt-kt> All three of them had their beds in the same room intended for underage male migrants

at the asylum housing that had been assigned to them by the Alvesta municipality, which now has reported their punishable mistake/remedy to higher judicial instances.

JT: A 15 year-old man who is really 44 years old. Does this indicate that Muslims lie? YES! But that's okay. Allah forgives them all!

<http://www.friatider.se/annu-ett-asylmord-asylsokare-hogg-ihjal-kvinna-i-saffle>

JT: An asylum seeker in Säfte stabbed a woman to death. It turns out she was his common law wife. Sweden is full of adventurous Muslims doing Allah's wishes!

JT: Here's a statistic that will be coming to the United States of America soon:

Sweden's defense budget is 40 billion Kronas (4.717 billion dollars). Yet, Sweden's budget for asylum seekers is 600 billion Kronas (70.7652 billion dollars).

Source: <http://www.friatider.se/tullberg-asylkaoset-2015-kostar-sverige-600-miljarder-skattekror>.

Sweden has the nickname "rape capital of the West," In Sweden there are at least 55 "no-go zones" that are controlled by Muslims. The outcome is that the Swedish police, neither local nor national, will enter without adequate back-up forces and bulletproof vests.

In the Växjö school a 16 year-old Muslim has committed rape. The Swedish police have censored the incident with a 291 code (no information available because of the sensitivity of the case). (<http://www.friatider.se/misst-kt-skolv-ldt-kt-i-v-xj>)

After the gang bang rape of a juvenile migrant the Swedish Prime Minister Stefan Löfven is furious and has now ordered the Migration Agency to perform age tests of all refugee "children" coming to Sweden alone. "It's actually harrowing that grownups and children who do not know each other are placed together (with their beds/bunks in the same room of an asylant housing) in a way that abuses can take place!" says Löfven. The boy, who is 12 years old, was forced/requested to stay together with grown up men from MENA countries who lied about their age, and one of whom now is believed to be aged 44. <http://www.friatider.se/efter-gruppv-ldt-kten-l-fven-vill-lderstesta-flyktingbarn>.

There have been rapes in Sweden of young children. If they are Swedish, they are not usually reported. Here is a rape that Swedish PM dares to condemn because it was not a Swedish girl or woman **but** an underage **migrant boy** who was the victim

of two afghan men who brutally raped him anally while videotaping the event.
(<http://www.friatider.se/en-v-ldt-kt-de-v-gar-f-rd-ma>)

<http://www.dailymail.co.uk/news/article-3422000/Just-old-think-migrant-children-Alarming-pictures-shed-light-growing-scandal-amid-asylum-crisis.html> references the killing of the Swedish social worker Alexandra Mezher and the fact that asylum seekers in Sweden are lying about their ages. However, the *Daily Mail* is also condescending to Islam in its report. Concurrently, and according to the English translation of the following link, the Swedish embassy in London is protesting that the *Daily Mail* published the truth. <http://avpixlat.info/2016/02/27/svenska-ambassaden-i-england-upprord-over-att-brittisk-media-talar-sanning/>

A 25 year-old Muslim migrant wasn't accepted as "juvenile traveller" on a commuter train in west Sweden and was consequently demanded to pay full fee. The migrant then threatened and took a strangulation grip on the conductor's throat and stole his cellphone before he was apprehended by police at next station for "robbery":

(<http://www.friatider.se/struhtag-tagpassagerare-boras>) The police report has been coded 291. (Sensitive case). <https://polisen.se/Varmland/Aktuellt/Handelser/Vastra-Gotaland/2016-02-20-1315-Ran-Boras/>)

At one of Mona Ingeborg Sahlin sponsored courses to integrate into Swedish culture. A Red Cross female lecturer was attacked in the in the cellar of the asylum housing by an asylum seeker after he had learned that in Sweden it is wrong to rape and that he must respect women. (<http://www.friatider.se/flyktigbarn-v-ldtog-efter-kurs-om-att-det-r-fel-att-v-ldta>). It appears that Mona Ingeborg Sahlin's integration seminars are having the opposite effect!

Issuing a *manual for migrants* (<http://pamelageller.com/2015/10/world-leader-slams-george-soros-for-promoting-funding-migrant-invasion.html/>) wasn't the only sinister tool George Soros created to help flood Europe with unwanted MENA (Middle East and North Africa) hoodlums; now his unabashed sequel in Project Syndicate is issuing of 1,1 billion SEK (Swedish Krone) in new EU-loans for more migration". (<http://www.friatider.se/soros-f-resl-r-biljoner-i-eu-l-n-f-r-mer-invandring>)

Refugees and migrants in Sweden are causing such a monetary strain on the Swedish health sector that the Swedish Social Democrats want to reconsider free

medical care. Moreover, they are considering the introduction of a temporary stop for issuing new citizenships for refugees and illegal immigrants and a kind of citizenship exam or test for applicants: (<https://www.youtube.com/watch?v=xqB0FMRSC5M>, <http://www.aftonbladet.se/nyheter/samhalle/article22314936.ab>)

<http://avpixlat.info/2016/02/24/fyra-utvisningsforsok-for-en-miljon-skattekronor-men-mohaned-ar-fortfarande-kvar-i-sverige/>

We read at <http://avpixlat.info/2016/02/26/socialsekreterare-berattar-vi-sarbehandlar-svenskar-negativt/> that a Swedish social worker says her political incorrect truths!

The Google Translation:

Social Worker says: We treat Swedes in a negative way compared with other groups of applicants (i.e. foreigners)

Avpixlat met Helena (name disguised), who works as a social worker in southern Sweden. She testifies about a dishonest social protection net which treats Swedes differently. "We give some groups almost everything without investigating, it's the method to keep them calm," she says to Avpixlat.

We found Helena in a small cafe far beyond her hometown. She says she does not want to risk anything. She is strongly convinced that she would lose her job if it came out that she was talking to the media.

Helena tells about the social services office, she worked for the past five years, about the threats and the violence that social workers are exposed to.

- There is not a day without experiencing a threat over the phone or via email. The managers dare and do not grasp the situation. They mean that we can withstand that immigrants are aggressive because they are in a vulnerable situation.

Helena is careful to point out that it is not only the immigrant groups that are threatening, but think it is important to talk about it, because the threats are becoming worse and worse. She believes that there is a big difference between Swedes and immigrants. Swedes will be angry and disappointed but they accept a rejection.

- Some groups stand out more in terms of demands and threats. There are Somalis, Iraqis first and foremost with us. We also have so-called street children from North Africa.

- "Children" are almost the worst. They place enormous demands. This can apply to new computers, tablet devices, phones or subscriptions. Do they not want to be the problem and we hear what whores and the racists, we are. It is then just easier to give in, says Helena.

She also tells how she systematically denies Swedes applying for the most basic items. She shows the paper on the rejection to a Swedish family who needed winter coats for their four children. The mother of the family had found used jackets for a cost of 900 SEK (105 dollars). A man in his 30s filed for a requisition for food. Helena tells that she gave the man a refusal and said that he could safely borrow money from someone.

- We have completely different demands on the Swedes. We can, for example refer them to ask their parents or relatives for money. We require that they sell the cars and other things we view as luxuries. What we would never do with some immigrants. We check with the rental cost. Is it too high, we have the right to refuse, as we often do, she says.

Helena thinks she made many individuals and families homeless through her work.

She shows us a request from a family with origins in Somalia. She says that the family lived in Sweden for almost four years. Again and again, this family writes requests to us that we automatically accept.

In this case, a large sum of money for a new stroller was involved. The stroller family wanted to have cost nearly 10 000 SEK (1,168 dollars). This is the seventh time that the Somali family has applied for a new stroller and they got their applications granted every time.

Had a Swede applied there would have been no granting or maybe she would have said they should check on a used stroller, says Helena.

- For Swedes, we require receipts, excerpts from the bank. We check several months back in time on transactions. We will do this at all. But in the case of many immigrant groups, we see between the fingers.

Helena tells Avpixlat it now stands in the eyes when she sees some immigrants to drive to the welfare office in expensive cars when she the same day may have denied a Swedish financial aid when he has a 20 year old car.

She says that it is clear that it makes a difference in different groups within social services. The worst is how social blindness is concerned with child abuse. She talks about several cases of honor-related cases in which the children are allowed to live there with their families, although there is evidence of beatings and worse.

- We'll show cultural respect, our executives and managers say, she says.

Helena looks down in the coffee cup, her face is grim. She says she is disappointed in the system and the laxity one shows in the social services. But even with herself because she allow this madness to continue.

- I'm an accomplice to this betrayal of the weakest in society. I am part of this system of lying. But I have to survive, says Helena shameful and sorrowful.

The following report about the parallel society that has sprung up in the Stockholm suburb of Rinkeby, where the Muslims are so peaceful and tolerant is from <http://speisa.com/modules/articles/index.php/item.2561/60-minutes-tv-crew-attacked-and-beaten-in-sweden.html>.

"This afternoon a TV crew from the Australian 60 Minutes TV program, had found the way to the immigrant-dense suburb of Rinkeby in Stockholm.

After the visit the journalists said that they have been to Somalia, Syria and Iraq, but they have never experienced conditions similar to those in Sweden.

The TV crew got an insight into the Swedish multicultural society that they are never going to forget.

The TV crew was in the Stockholm suburb of Rinkeby to depict the mass immigration to Sweden, and do interviews with local residents. The team barely got into Rinkeby before it was attacked for the first time, writes [Avpixlat](#).

When a cameraman from 60 Minutes went out of the car, suddenly a car came up close beside him. The African driver of the car began to argue about why they were filming in Rinkeby. After a few minutes he ran across the foot of the cameraman, who tumbled to the ground and lay in agony. Another cameraman filmed the whole incident.

The camera man was not seriously injured, however, and was able to continue the job, but with significant pain. The police arrived at the site 10 minutes later and six policemen

guarded the TV team, which consisted of three camera men and broadcaster Liz Hayes, in addition to Jan Sjunnesson from Avpixlat, who guided them in Rinkeby.

After a while the Australians wanted to go to Rinkeby Square, but the police had to stay behind on the outside not to provoke the residents.

- We provoke them if we continue, but we'll see you from Rinkeby Plan, said one of the policemen to the TV team.

Inside the Rinkeby Square, the TV crew talked with residents who did not seem aggressive, but who told about how good life was in Rinkeby with so many different cultures. All said they enjoyed it there. But when the police suddenly disappeared, without telling the TV crew, a group of masked men suddenly circled the camera men.

One of the camera men was attacked and hit with a clenched fist over his mouth. A bottle was then thrown at the camera.

Meanwhile, another camera man was attacked and punched in the mouth so that a tooth came loose.

The TV team quickly decided to leave Rinkeby, with pictures and film of everything that had happened. They told the journalist from Avpixlat that they have been to Somalia, Syria and Iraq, but they have never experienced anything like this anywhere.

The 60 Minutes report from Sweden will be broadcasted on national Australian TV shortly.

In addition to interviews with Tino Sanandaji and Avpixlat's Jan Sjunnesson on the immigration policy, also Islamists on the Internet in Sweden are portrayed in the program."

Greece's farmers have stepped up their pressure on Prime Minister Alexis Tsipras to withdraw plans for crushing new taxes and social security contributions by expanding road blockades.

Farmers have set up blockades in 68 locations on major roads across Greece, stopping the transport of goods.

Because most modern companies and government departments operate using a just in time delivery logistics system, it should not take long for supplies to run low. Shortages in Athens and other cities could force the exit of Tsipras or Trexit.

At the Bulgarian crossing point of Promahonas hundreds of trucks have been stopped from entering or leaving Greece.

Farmers have also started blocking city streets, government buildings and tax offices.

A Dutch MP has tweeted confirmation that the rocket which shot down the MH17 plane in July 2014 was fired from the East Ukraine, implicating the US controlled regime in Kiev.

In a tweet on 22nd January 2016, Dutch MP Pieter Omtzigt said that a Dutch inquiry and secret services agreed that the BUK rocket was fired from the eastern Ukraine.

The eastern Ukraine is controlled by a regime in Kiev brought to power by a colour revolution organized by George Soros. QAMISHLI– The radical group of Islamic State (ISIS) on Tuesday executed a teenage boy in Mosul city of Iraq's northwestern Nineveh province.

The 15-year-old boy was arrested by ISIS militants in central Mosul for listening to "western music", according to local sources.

"Ayham Hussein was captured by the jihadis while listening to Pop music at the grocery store of his father in the Nabi Younis marketplace in western Mosul. He was referred to the Sharia Court, which issued a decision to execute him," a spokesman for the Nineveh media center told ARA News.

"ISIS jihadis publicly beheaded the boy," the source said, speaking on condition of anonymity.

The victim's body was reportedly handed over to his family on Tuesday evening. The incident has raised public outrage among Mosul's residents. "There was no formal decision by the Sharia Court that banned listening to western music," the source said, adding this was the first case of its kind to be documented in Mosul.
