JT: The following article deserves to be quoted in full because we all know that Muslims and Islam are peaceful and tolerant, especially of people who do not believe in Islam and particularly when it comes to historical places of Christianity and Judaism.

**‘We Three Kings’ church – oldest in Christianity – blown-up by Muslim suicide bomber**

**THE most ancient church in the world, on a site where the three wise men are reported to have stayed after the birth of Jesus, has been blown up by a suicide bomb.**

Five people were killed when a suicide bomber blew himself up outside Idto d'Yoldath-Aloho

Five people were killed when a suicide bomber struck at a checkpoint next to St Mary Church in Hah, Tur Abdin, in south east Turkey.

The church, also known as Idto d'Yoldath-Aloho, in the mountainous Tur Abdin region near the Syrian border, is considered the heartland of Syrian Orthodox Christianity.

The ferocity of the blast smashed all the church's windows, and with the church lying between two Christian villages there are fears of more atrocities from jihadi forces.

Yuldath Aloho has faced many wars and genocides and never been destroyed, yesterday all the windows were crashed

Nuri Kino

Speaking the day after the attack, which happened on Wednesday May 25, Nuri Kino, the founder of advocacy group A Demand For Action, said: "Hah is my heart and soul... it is one of the most important places for our people in the world.

"Yuldath Aloho has faced many wars and genocides and never been destroyed.

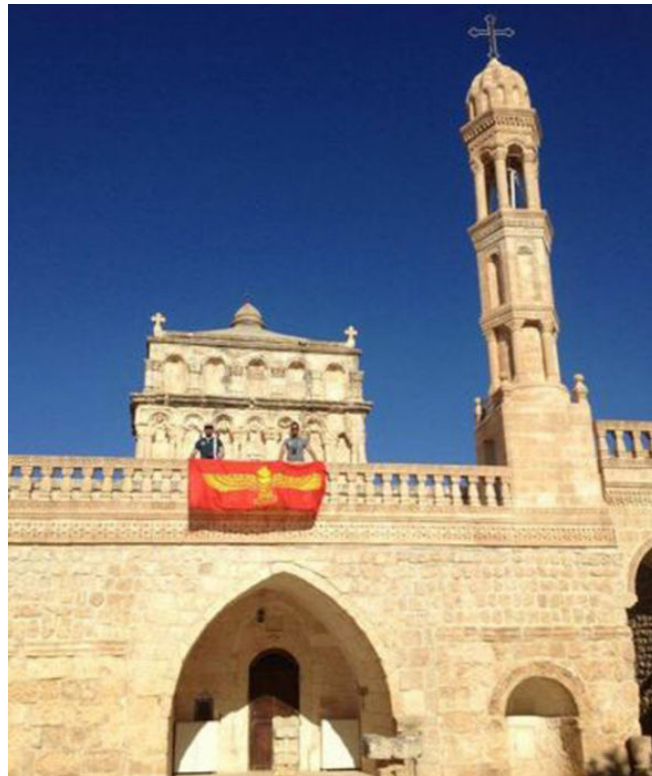

"Yesterday all the windows were crashed. We feel with all those that were killed, no human blood, no matter if they are Turks, Kurds or Assyrian/Syrians should be shared.

"The inhabitants in our villages are vulnerable and we are pleading to the world to stop them from being hurt. Yesterday was a day of total shock for us, we are losing our people in Iraq and Syria and now this in Turkey.

"We are tired of tears, tired of being hurt in country after country. The people of Tur Abdin stand not alone."

It is believed the three wise men visited the site after they had given their presents of gold, frankincense and myrrh to Jesus in Bethlehem.

The temple was later built in the name of Jesus' mother.

The bomb smashed the ancient church's windows

A spokesman for Christian charity Open Doors said: "Sadly, violence against Christians in Turkey appears to be increasing.

"In 2015 Open Doors researchers recorded eight incidents where churches were attacked and a number of Christians were injured because of their faith.

"This week's attack so close to such an ancient and important church building may be a worrying sign that [violence against Christians](#) in Turkey could be escalating further."

The bombing, which was just 100m away from the church, comes as Kurdish militants continue to clash with Turkish forces.

The Tur Abdin region is considered the heartland of Syrian Orthodox Christian

In January, a 1,700-year-old Syriac Orthodox church in nearby Diyabakir was damaged by gunfire.

More than 5,000 people have been killed in the conflict since July 2015 and at least 6,000 buildings have been destroyed.

Nine mosques and two churches in the region have been destroyed by constant shelling and gunfire.

The 500-year-old Kursunlu mosque in nearby Sur is pockmarked by gunfire, its interior burned out and sandbags in its windows.

The Roman-era basalt walls which surround the district were listed as a UNESCO World Heritage site in July 2015. Weeks later, the armed conflict was reignited.

30 years ago 20,000 Christians lived in the area, today just 5,000 remain.

[Christians in the Middle East](#) have come under increasing persecution with thousands forced from their homes by Islamic State (ISIS) in Syria.

In Turkey 355,000 people have moved away from the conflict near the Syrian border with Christians repeatedly attacked and threatened.

With St Mary Church dating back to the nativity concerns have been raised Christianity will eventually wiped out from the Middle East.

Crazed [ISIS](#) jihadis have been accused of genocide against religious and ethnic minority groups in Syria and Iraq.

Thousands of Christians have been tortured and killed in the region around the Turkey-Syria border that was once home to ancient Christian communities.

The apostle Paul was said to have converted on the road to Damascus, while some Christians in the town of Maaloula still speak Aramaic - the language of Jesus.

Assyrians in Tur Abdin traditonally speak a dialect descended from Aramaic.

He said he was peaceful and to show that he was a peaceful person, he converted to Islam, apparently not knowing that Islam is the most vicious murder machine in the history of humankind. Evidently, Muhammad Ali fooled himself. Ironical, isn't it?

JT: On June 2, 2016 the German Parliament recognized the mass killings of Armenians by the Ottoman Empire with the silent support of the German Empire as genocide. Turkish politicians were aghast that the German parliamentarians could make such a decision. The Turkish politicians argue that there is not one document that ordered the killing of Armenians.

Methinks that the Ottoman Empire had the original document. It has been available to the world for over 1400 years. As the successor to the Arab Muslim caliphates in the Middle East, the Ottoman Caliph Mehmed V (27 April 1909 – 3 July 1918) ruled via the Koran and Sharia, as well as Ottoman law. A written document signed by Mehmed V was not necessary, for the Koran sanctioned the killing of Christians and Jews because Allah and Muhammad said that it must be done. The Turkish politicians don't know their own history and Islamic genocide doctrine.

### Memorial Day Post Scriptum

JT: What follows is a post scriptum to Memorial Day.

I've often written about POLDS. I'm always concerned about what POLDS (Progressives, Obots, Liberals, Dumbed-Downers, Socialists-Communists) are up to. They are really up to no good for America. They are anti-American, anti-patriotic, and hate everything that deals with American values, patriotism, and American success. There is particularly one situation that keeps recurring in American history that POLDS hate and with which they hate to be confronted, particularly on patriotic American holidays! Right on, POLDS! Bury your heads in your valuelessness!

JT has images of these American patriotic values that POLDS detest. Here they are:

### **‘Dear Entitled College Student’: A Memorial Day Post That Puts Your ‘Heroism’ in Much-Needed Context**

By [Justen Charters](#) (8 days ago) | [Nation](#)

“With Memorial Day weekend coming up, I recently got to thinking about the heroes who have paid the ultimate price for our freedom.

Then, I thought about some college students today who attack the very Freedom of Speech they fought and died for.

So I wrote this:

**Dear entitled college student,**

**They were issued combat boots to storm Normandy. You just tie your Nike shoelaces.**

Image Credit: Joe Raedle/Garreth Cattermole/Getty Images

**You throw tantrums against Freedom of Speech. Iwo Jima and Nazi Europe were their safe spaces.**

Image Credit: Spencer Platt/AFP/Getty Images

**They dug trenches in the blistering heat. You hold a protest sign while carrying a bottle of Gatorade in hand.**

**You've distorted the idea of what it means to have courage and really take a stand.**

**Courage is not getting arrested for attacking police.**

**It's the heroes who took their last breaths at Omaha Beach.**

Image Credit: Matt Cardy/AFP/Getty Images

**It's not trying to redefine equality or what means to care for an individual.**

**It's the way your great-grandfather showed the world to stand up for principle.**

Image Credit: Mark Wilson/Getty Images

**And you want \$15.00 an hr because you think that you deserve it.**

**It's not in Hard Work We Trust for you, it's entitlement that you worship.**

Image Credit: Justin Tallis/AFP/Getty Images

**You want it free, gimme, now and then you act like an angry toddler when your demands aren't met.**

**If only you were comic relief for our World War 2 vets.**

**Yet, I bet some are rolling in their graves.**

**A few I know have specifically told me that what you do isn't brave.**

**But that you're selfish and fail to acknowledge blessings all around you.**

**If you just took a few minutes to count them, the amount would astound you.**

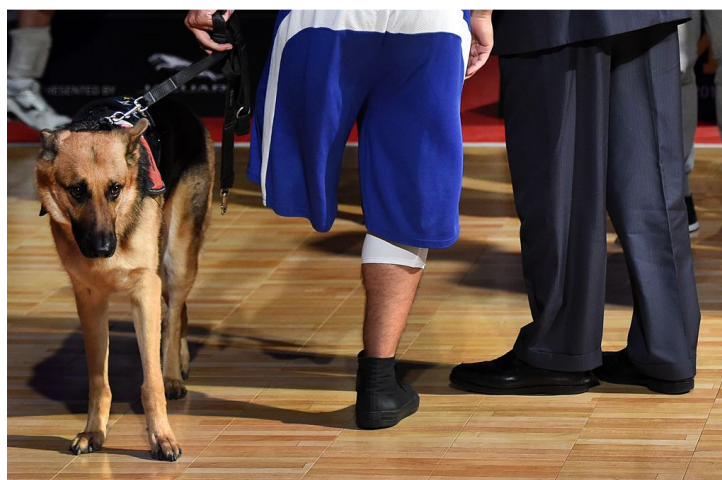

Image Credit: Timothy A. Clary/AFP/Getty Images

**You live in the greatest country in the world with more freedom and opportunity than any other place on earth.**

**And it's been like that ever since your birth.**

**Yet, you still scream and cry because you're convinced that what you're doing is right.**

**If you think things are unfair now, the real world will feel like a King Cobra's bite.**

Image Credit: Kool Cats Photography/[Flickr](#)

**And you won't be able to reverse the venom or crippling sting.**

**Until you stop getting offended by every single little thing.**

**Until you stop assassinating the character of those who don't agree with your view.**

**Outside of your Fairy Tale Campus, most people don't see it like you.**

The screenshot shows the Pew Research Center website. At the top is the logo 'PewResearchCenter'. On the far right, there is a vertical list of categories: 'All', 'R', 'd', 'ai', 'TV'.

**And if that doesn't happen eventually, our world will go dark.**

**America the Beautiful will be America Ripped Apart.**

**At this point, if a grave evil like the Nazis ever returned and the free world needed people to fight.**

**I'm not sure you'd have the guts to actually do what is right.**

**And that's the kind of thing that keeps World War 2 veterans that I know up at night.**

An NSPCC [National Society for the Prevention of Cruelty to Children] spokesman said: ‘FGM or female circumcision is usually carried out for religious, cultural or social reasons. “The investigation was started after the Interior Ministry received an official complaint against the city of Villach in the south, introduced by the state’s official Economic and Corruption Prosecutor’s office.

According to the complaint, directed by the head of the electoral commission, postal votes were opened on the Sunday and “counted” without the presence of electoral witnesses.

Officially, all postal votes were supposed to be kept under lock and key, and only opened in the presence of witnesses from on Monday morning.

Stein, who is Head of the Elections Department of the Ministry of the Interior, said in his statement that following on from the Villach complaint, a further three similar cases have been identified.

The three additional towns identified were Villach Land, Wolfsberg, and Hermagor.”

Disintegrating Sweden: Visit Number Seven

<http://www.gb.se/produkter/magnum-double-peanut-butter/>  
[https://en.wikipedia.org/wiki/GB\\_Glace](https://en.wikipedia.org/wiki/GB_Glace)

JT: Is GB in Sweden selling ice-cream to pedophiles? There is a small difference. GB has its logo mirrored in relation to the pedophile under cover sign. Then, in summertime, it would mean that 90% of all swedes devote themselves to some kind of pedophilia acting - like *licking*! Moreover, the conclusion could be that this GB logo and pedophile sign are now politically correct in Sweden due to the fact GB not so long ago changed the name of its formerly bestseller licorice lollypop "*NOGGER*" to something less racial offending!

#### The Nogger Black Controversy

“In 2005, the Swedish company was criticized by the [Centre against Racism and Related Intolerance](#) after launching an advertising campaign introducing their new line of ice cream bars, the *Nogger Black*, which is an addition to their existing "Nogger" ice cream product. The original Nogger is a vanilla ice cream bar with a nougat filling and chocolate shell, whereas the Nogger Black substitutes toffee in lieu of the nougat center and encases the bar in a salty, black liquorice outer shell rather than chocolate; hence the name Nogger Black. Nogger Black has a logotype that looks like graffiti. Petronella Warg, GB Glace's information officer, reported that the first Nogger ice cream bar had been marketed since 1979, its name derived from the nougat filling.

The criticism was mainly aimed at an advert where the slogan "Nogger + liquorice = true" (a Swedish equivalent to "Nogger ♥ liquorice") was written in white chalk on asphalt. Stig Wallin - chairman of the centre - misread the slogan as "Nigger + liquorice" and said "It's impossible not to see this as an allusion to racism." The centre urged for a boycott of the company if they did not withdraw the campaign. [Slate](#) writer Timothy Noah also criticized the product.<sup>[3]</sup>

The Swedish tabloid [Aftonbladet](#) wrote an article about it in 2005, and also started a poll along with the article (on their website). The question was: 'Tycker du att glassreklamen är rasistisk?', which translates to 'Do you think that the ice-cream advert is racist?'. Over 150,000 people have voted, and 94.9% voted 'No'. “ (Source: [https://en.wikipedia.org/wiki/GB\\_Glace](https://en.wikipedia.org/wiki/GB_Glace)) See [http://www.slate.com/articles/news\\_and\\_politics/chatterbox/2005/04/moolatte\\_bested.html](http://www.slate.com/articles/news_and_politics/chatterbox/2005/04/moolatte_bested.html), also.

JT: So, the question remains: Is Sweden racist or pedophile? Answer: Neither, Sweden is Islamist'!!!

\*\*\*

JT: Now if that isn't sweet enough, how about this: An ethnic Swede with children has to leave his home in Lidingö, adjacent to Stockholm, so that newly arrived Muslim migrants can move in. (<http://mitti.se/familjen-tvingas-att-lamna-sitt-hem/>)
