JT: The imam claims that unclothed women are the reason for the world's rivers running dry. Methinks he has a strong point. In Muhammad's day and in pre-Islamic Arabia, partakers of the ritual to visit Mecca and pay tribute to the 365 Islamic gods paid their homage to them while they were naked. Therefore, Arabia and all other countries that now have deserts once had rivers, but because these pilgrims performed their pilgrimage naked, the rivers dried up. Evidently, the rivers were aghast at the pilgrims being in their nature and started crying and ran dry.

\*\*\*

JT: Spontaneous thought: Do you remember this statement by beloved leader, his lowliness and closet imam Barack Hussein Obama? “The future must not belong to those who slander the prophet of Islam.”

Methinks that if the future belongs to Islam and its psychopathic-epileptic-suffering Muhammad, then I don't want to belong to that future. Moreover, it seems to me that Muhammad in his tirade against humanity slanders himself.

\*\*\*

Lets break down the official numbers from the CDC

There are roughly 32,000 deaths a year in the US and declining from Gun Violence

60% Are suicides that's 19,200  
3% are accidentals that's 960  
4% are justified that's 1,280  
33% are homicides that's 10,560  
80% of homicides are gang related. That's 8,448

That leaves 1,712 in a society of 312 million people.

That leaves a 0.00010256410256% chance of death by gun.  
0.000008564102564% if you don't hang out in the hood, are not planning on committing suicide, and not planning a crime.

America DOES NOT have a gun problem

At <http://www.breitbart.com/2016-presidential-race/2016/06/14/hillary-clinton-received-secret-memo-stating-obama-admin-support-for-isis/> we read that:

“Hillary Clinton received a classified intelligence report stating that the Obama administration was actively supporting Al Qaeda in Iraq, the terrorist group that became the Islamic State. The memo made clear that Al Qaeda in Iraq was speaking through Muhammad Al Adnani, who is now the senior spokesman for the Islamic State, also known as ISIS. Western and Gulf states were supporting the terrorist group to try to overthrow Syrian dictator Bashar al Assad, who was being propped up by the Russians, Iranians, and Chinese. In August 2012, a ‘SECRET’ classified memo was sent to various top Obama administration officials and agencies, including to the State Department and to Clinton’s office personally.”

JT: Methinks time is overdue to try Barry and Hillary for treason because they support(ed) a terrorist organization whose intent is to overthrow the United States of America!

\*\*\*

With the Court's ruling, the left's nonsensical abortion arguments continue, including the "safe, legal, and rare" catchphrase. If there is nothing immoral or improper about abortion, then the process should, of course, not be illegal. But if there is nothing immoral about it, why must it be "rare?" If there is absolutely nothing wrong with ending the life of a baby in the womb, why should anyone who has had an abortion be ashamed to admit to undergoing the "procedure?" If abortion is a good thing, why must it be rare? If it is not a good thing, why should it be condoned and even promoted? If there is something immoral about the process, then not only should it be rare, it should also be illegal. One does not call for bank robberies to be "safe, legal, and rare." They are either moral or not, legal or not. There is no middle ground to bank-robbing, or to the taking of a human life (except in the case of self-defense). The problem faced by leftists continues to be that if they argue that abortion is not the taking of a life because life does not begin until after birth, then they are necessarily forced to support abortions even into the ninth month of pregnancy. If a baby's due date is July 8 one can "justify" abortion on July 7 only if one argues the baby is not alive until it breathes its first breath outside the womb. That, of course, is something few Americans believe. (

It would be fun to really nail this. Click this and go vote! This is not a YouTube embed, you have to click the picture, which will take you to YouTube, and then "vote" a few months early by telling her how much you like her and POTUS.

This is pretty clear evidence that Trump is not losing popularity, and that the lamestream press is simply faking the polls to bury how obviously the election is going to be stolen. No one wants Hillary if this happened on her own channel, which good thinking people will predominantly avoid. Her situation is actually a lot worse than even these numbers show because people don't visit web sites run by people they hate. If the numbers really landed like this on her own YouTube channel, she is a 5 percent popular pariah. I do not believe for a minute Hillary has double digit national support. She will be a Diebold president. (<http://sightvs.blogg.se/2016/june/obama-endorses-hillary-yeah-right.html>)

300 reported visitors (according to MSM), who share a total of 451 sqm, gives in average a private space of 1.5 sqm for each visitor! One must take into consideration that the PULSE club house was not a "one roomer" or one big concert hall, but likely had several rooms & various smaller storage spaces etc. inside, which would further reduce the potential available private space! RALEIGH, N.C. (AP) — A federal appeals court on Friday blocked a North Carolina law that required voters to produce photo identification and follow other rules disproportionately affecting minorities, finding that the law was intended to make it harder for blacks to vote in the presidential battleground state.

The Virginia-based 4th Circuit Court of Appeals declared that the measures violated the Constitution and the federal Voting Rights Act by targeting black voters “with almost surgical precision.” It marks the third ruling in less than two weeks against voter ID laws after court decisions regarding Texas and Wisconsin. Documents obtained by several journalistic investigations reveal that Lafarge has paid taxes to the terror group to operate its cement plant in Syria, and even bought Isis oil for years. ...Lafarge also has close ties to Democrat presidential candidate Hillary Clinton. ...Clinton herself was a director of Lafarge [a Clinton Foundation donor] in the early 1990s, and did legal work for the firm in the 1980s. Germany's Finance Minister Wolfgang Schauble plans to offer the UK, one of its biggest trade partners, the status of an associate partner country and "constructive negotiations" amid fears five other countries could leave the EU, reports Die Welt.

The German Finance Ministry fears that France, Austria, Finland, the Netherlands and Hungary could seek to leave the EU, a secret strategy document reveals.

<http://www.welt.de/politik/deutschland/article156523807/Schaeubles-Geheimplan-fuer-Grossbritanniens-Zukunft.html>

The strategy outlined by the German government is sure to ease fears of an economic meltdown in the UK and Europe as a result of the decision of Britain to leave the EU.

In a separate development, officials in Germany's Foreign Ministry tweeted that they were going to an Irish pub to get drunk, a decision applauded by twitter users and given the thumbs up by Foreign Minister Frank Walter Steinmeier who wrote "Cheers" on his Facebook page (might also help the Brexit negotiations).

[http://www.focus.de/politik/ausland/brexit-im-news-ticker-gruenderstaaten-beraten-bei-krisentreffen-in-berlin\\_id\\_5668712.html](http://www.focus.de/politik/ausland/brexit-im-news-ticker-gruenderstaaten-beraten-bei-krisentreffen-in-berlin_id_5668712.html)

The trip to the pub will hopefully have made the officials less efficient when they host an emergency meeting of foreign ministers in Berlin today. The idea that Germany might have a stronger role to play in an EU without the UK is creating uneasiness.

More visits to Irish pubs in Berlin are sure to be on the agenda for foreign ministry officials as the euro currency continues to wreck havoc on the economies European countries in combination with uncontrolled immigration, fueling the rush to exit.

The Swiss newspaper Tages Anzeiger called for the European Commission President Jean Claude Juncker to resign, something I can only second.

[http://www.focus.de/politik/ausland/brexit-im-news-ticker-gruenderstaaten-beraten-bei-krisentreffen-in-berlin\\_id\\_5668712.html](http://www.focus.de/politik/ausland/brexit-im-news-ticker-gruenderstaaten-beraten-bei-krisentreffen-in-berlin_id_5668712.html)

Marine Le Pen has pledged to hold a referendum "after six months of negotiations with Brussels" if she is elected president of France in 2017 "with the aim of recuperating our four fundamental sovereignties, monetary and budgetary, economic, territorial and legislative."

On the other side of the political spectrum, the eurosceptic left wing leader Jean-Luc Mélenchon also celebrated the decision of Britain to leave the European Union.

“The Brexit is a lesson to all of Europe. Either the European Union changes or people will leave it,” he said.

Other strong contenders for leaving the EU not mentioned in the document are the Czech Republic as well as Denmark.

## Disintegrating Sweden: Visit Number Eight

A grand total of 13.000 (thirteen thousand) members of Svenska Kyrkan (Swedish Church) decided to leave this religious body in June & July this year!  
<http://www.aftonbladet.se/nyheter/article23322124.ab>

Could it depend on the fact that Archbishop Antje Jackelén is making "common course" with representatives of the Muslim faith in this clearly Christ-forgotten country? Read on!

<http://www.friatider.se/sveriges-rkebiskop-g-r-gemensam-sak-med-muslimska-br-draskapet>

This bordering-on-brain-dead woman "relativized" (Islam is peaceful and tolerant) the murder of the French priest who got his throat slit off by a Muslim jihadist when she commented on the heinous deed!

"Att svara på terrorhot med upprop till kulturkamp vore ödesdigert", skriver ärkebiskop Antje Jackelén tillsammans med islamisten Mahmoud Khalfi.

"To respond to terror threats with appeals to a cultural fight would be fateful", writes archbishop Antje Jackelén together with the Islamist Mahmoud Khalfi.

Archbishop of Sweden makes "common course" with Islamists

**New archbishop has "Allahu akhbar" as motto**

### Islamization of the Church

As feared, the politically correct and religion-relativistic bishop of Lund, Antje Jackelén, was elected new archbishop of the Swedish Church.

A good answer is: Judaism and Christianity believe in the equality of human beings and the sexes. Islam believes that there is no equality of human beings and the sexes because Muhammad said there was none. Islam says that men can have child brides, as many as four! The not-so-great Ayatollah Khomeini even said that a man can have sex with a baby! Now that's a difference!!!

Ethnic Swedes would rather pay for cheating Turkish migrant's pensions than reclaim **4,000 000 SEK** in up to now unlawful/wrongly payed benefits!

<http://avpixlat.info/2016/05/31/granskning-sverige-varldens-aldsta-manniska-eller-sveriges-storsta-pensionsbedrageri/#more-179346>.

Background: A woman born in Turkey in 1928 arrived in Sweden as a refugee(?) in 1980 at the age of 52 along with husband and daughter. (She had given birth to a daughter at the unlikely age of 64(!), [**Swedish social authorities didn't find that suspicious at an early stage obviously**]). She states she is 81 years old [or became somehow wrongly(?, unclear) registered as 81 by authorities].

Today, (1st of June 2016 ) she is an old woman but still standing upright without cane working in her garden picking up weeds from the lawn!

Action as of today: Two years after this suspected crime was reported by neighbors to the police and other Swedish authorities in 2014, there is no action!

An Algerian with dual citizenship pushed a 23 y/o Swedish student in front of an incoming S-train. He showed no remorse at custody interrogation.

(<http://www.friatider.se/34-ring-h-ktas-f-r-perrongputtningen> ) It is clear that the perp could be identified thanks to surveillance camera footage and platform cameras show clearly an intention by the perp to kill his unaware victim. When the Algerian was apprehended he was obviously intoxicated by narcotics. The dual citizen (granted Swedish citizenship in 2008) is earlier known by a security company when he was apprehended due to being too drunk and without ticket at a Stockholm subway station: ---> <http://www.friatider.se/sites/default/files/for-full-t-banan.jpg>

**Question: Is it far-fetched to believe this is yet another jobless "no good for nothing Arab" in Sweden?**

The Swedish KTH-student (Royal Technical High School) is still alive, but severely wounded and sedated at a hospital in town.

<http://paiwandgah.af/a-returning-migrant-tells-his-tale-of-struggle-and-disillusion/>

"I did not find such a wonderful place there." "We Afghans think that Europe is paradise. I want to tell people this is not true." (Comment: *Yeah, go tell it on the mountain, will you!*)

Hooman does not have tales of terror regarding the crossing, nor did he face horrific conditions at the detention center where he landed when he reached Sweden. Everything was "cool" he said, at least, at first.

"I saw that the camp for minors was better," he says with a grin. "They had better food, there were doctors for the kids, and sports. They gave us bus cards and sent us to school."

This enterprising 23-year-old college graduate told the immigration authorities that he was 17 and had not finished high school.

Tingsrätten: "Oförsvarligt" dra kniv mot rånare som riktar pistol mot ditt huvud medan kumpanen skriker "skjut honom!" – Nu döms offret för dråp

The "Tingsrätt" court in Sweden says: It is not allowed to draw a knife against a robber who aims pistol at your head while his crony shouts "shoot him"! – The victim is judged for manslaughter of the robber.

From <http://www.friatider.se/tingsr-tten-rsvarligt-dra-kniv-mot-r-nare-som-riktar-pistol-mot-ditt-huvud-medan-kumpanen-skriker>

**Lag & Rätt. En 19-årig svensk döms nu till två års fängelse för dråp efter att ha hållit fram en kniv mot en man från Irak som tillsammans med en kumpan försökte pistolråna honom i Stockholmsförorten Rinkeby. Rånaren fortsatte nämligen angreppet, skadade sig på kniven och avled.**

**"[Offret borde] i den akuta situationen, när pistolen kom fram, ha kunnat använda kniven på ett för [rånaren] mindre förödande sätt än att sträcka fram den mot [rånarens] mest vitala delar", lyder domen.**

**Law & Order: A 19 y/o swede has been sentenced to two years in prison for manslaughter after holding a knife towards a man from Iraq who together with a crony tried to pistol rob the young man in the Stockholm suburb of Rinkeby. Because the robber continued the assault, he came in contact with the knife and died.**

**"[The victim should have] in the actual situation, when the pistol was aimed towards him, used his knife in a less devastating way for the robber than pointing it towards [the robber's] most vital parts", was the reasoning behind the verdict,**

Comment: The robber must have moved towards his victim and right onto the knife blade which penetrated his chest and heart.

Moral: Don't defend yourself in a robbery in Sweden or you will get two years in prison if something happens to the robber!

Breitbart.com reports, “Swedish state-run TV won’t air a new documentary about anti-Semitism and jihad because it offends the ever growing Muslim population in Sweden. ...Created by acclaimed Swedish film makers Joanna Helander and Bo Persson, ‘**Watching the Moon at Night**’ has so far seen limited theatrical release in six countries, including numerous film festivals. It has been described as a film that takes a long, hard and serious look at the methodology and origins of anti-Semitism and terrorism. The documentary proves that there is a link between terrorism and anti-Semitism and that Jews have often found themselves at the mercy of Islamic terrorists as was the case in Paris and Copenhagen.” Pamela Geller observes, “Truth doesn’t matter. Defending freedom doesn’t matter. The only thing that matters is avoiding offending Muslims. Sweden (and the rest of the West) seem determined to avoid offending Muslims all the way to total Islamic conquest and subjugation.” (<http://www.breitbart.com/london/2016/06/09/sweden-tv-wont-air-jihad-film-due-political-correctness/> and <http://pamelageller.com/2016/06/sweden-jihad-documentary-cancelled-for-fear-of-offending-muslims.html/>)

The *Daily Mail* reports, “A new string of sexual assaults have hit another Swedish music festival, where ‘dozens’ of accusations of assault—including rape, attempted rape, and groping—have been made against ‘foreign men.’ Swedish police report that the rape victim was under 18 and taken to the hospital. She was attacked while watching a band perform at last week’s Peace & Love Festival, according to Swedish newspaper Dagens Nyheter. Another Swedish newspaper, FriaTider, reports that police spokesman Stefan Dangardt identified the attackers as ‘foreign men.’ Local authorities currently have three suspects in custody. Swedish media have not identified them by name because they are said to be underage. Thirty thousand people attended Peace & Love, which was promoted as a multicultural festival encouraging inclusion and acceptance. The festival trumpeted a ‘U Can’t Touch This!’ initiative aimed at preventing sexual harassment and hired officers to patrol the event.” (<http://www.dailymail.co.uk/news/article-3688114/Police-report-dozens-sex-crimes-committed-foreign-men-Swedish-music-festival.html>)

Publicly, the Swedish parliament and authorities in Sweden officially deny that chemtrails exist!

However, in 2011 professor Bo Thide at the university of Växjö was granted an **IBM supercomputer** for project LOIS (Lofar Outrigger In Scandinavia) and the complex calculations for the steering of the antennas in this system. Bo Thide is technically

responsible in Sweden for this (NATO) system (which is aimed towards Russia!) Her has proven that they exist.
