JT: What follows is a description of Hillary Clinton's politics and that of the DemocRATS.

"One of the **saddest lessons of history** is this: If we've been bamboozled long enough, we tend to **reject any evidence** of the bamboozle. We're no longer interested in **finding out the truth**. The bamboozle has captured us. It's simply **too painful to acknowledge**, even to ourselves, that we've been taken. Once you give a **charlatan** power over you, you almost **never get it back**."

Dear John:

Well, we all thought the big problem for our US democracy was Citizens United/Koch Brothers big money in politics. Silly us; turns out that money isn't all that important if you can conflate entertainment with the electoral process. Trump masters TV, TV so-called news picks up and repeats and repeats to death this opinionated blowhard and his hairbrained ideas, free-floating discontent attaches to a seeming strongman and we're off and running. JFK, Jr would be delighted by all this as his "George" magazine saw celebrity politics coming. The magazine struggled as it was ahead of its time but now looks prescient. George, of course, played the development pretty lightly, basically for charm and gossip, like People, but what we are dealing with now is dead serious. How does this get handled in the general? Secretary Clinton is not an entertainer, and not a celebrity in the Trump, Kardashian mold; what can she do to offset this? I'm certain the poll-directed insiders are sure things will default to policy as soon as the conventions are over, but I think not. And as I've mentioned, we've all been quite content to demean government, drop civics and in general conspire to produce an unaware and compliant citizenry. The unawareness remains strong but compliance is obviously fading rapidly. This problem demands some serious, serious thinking - and not just poll driven, demographically-inspired messaging.

Rubio's press conference yesterday AM was good and should be repeated in its entirety, not just in nibbles. I will attend the Clinton fundraiser here next week but as I can only afford the low level of participation may just get to wave without a "hello."

I fear we are all now trying to navigate a set of forces that cannot be simply explained or fully understood, so it is and will remain interesting!

Sent with a handshake,

Bill

He says, "She was a good secretary of State. She is balanced, she has temperament, and no matter what anyone says she's got stamina. DO NOT FORGIVE

The MSM turned on Hillary. The FBI turned on Hillary. WANT TO KNOW WHY? Because in Florida, where they flipped a HUGE number of votes, Trump

still had 68 percent of the vote. Nationwide, they did not have the vote scam machines everywhere, and when that got averaged in, Trump took 82 percent of the votes nationwide

EVEN WITH THE STOLEN VOTES SUBTRACTED FROM THE AVERAGE. THE FBI, FOX, CNN, EVERYONE ELSE KNEW THE GIG WAS UP AND IS NOW ONLY MOVING TO SAY "SORRY" SO THEY DON'T GO TO JAIL.

Well, I've got news for you: They are still the same lying despicable malfunctioning trash scum they always were, THEY SHOWED THEIR WORTH and we would be IDIOTS to forgive them no matter how badly they burn Hillary.

CNN is despicable trash, we all witnessed it, NEVER FORGIVE THEM, THE FBI is a trash agency, along with the rest of American intelligence, which only works to serve the enemy for as long as it thinks it's head will not be cut off.

Hillary's election is an unlawful coup

Electoral College SCAM:

NOW CONFIRMED: 100 percent of ALL machines in ALL precincts and ALL states are flipping the Presidential vote to Clinton when you vote a Republican straight ticket.

This is being done at a ratio, which should be possible to catch approximately 45 percent of the time. When people catch this, election officials simply tell them they are too stupid to vote. **BUT YOU ARE NOT TOO STUPID TO IGNORE THE WARNINGS AND SHOOT VIDEO OF THIS, ARE YOU? DO IT!**

The warnings would not be happening if they had nothing to hide.

THE TOUCH SCREEN CALIBRATION "PROBLEMS" ARE A SCAM TO STEAL THE ELECTION

FOLKS, THE CALIBRATION ERROR RUSE IS A SCAM THEY ARE USING TO STEAL ELECTIONS. THERE IS NO SUCH THING. I DO NOT HAVE TO PROVIDE ANY SPECIAL CALIBRATION FOR ANYTHING ON THIS WEB SITE TO MAKE LINKS WORK ON A TOUCH SCREEN, IT IS ALL AUTOMATIC AND WORKS ON EVERY DEVICE THAT LOADS THIS WEB SITE. IF IT CAN HAPPEN ON A VOTING MACHINE, IT IS FOR THE SOLE PURPOSE OF HAVING AN EXCUSE TO FRONT A SCAM ELECTION.

WHEN HAVE YOU EVER SEEN A BANK TELLER MACHINE SELECT OPTIONS YOU DID NOT PUSH? THEY HAVE ALREADY BLOWN THEIR COVER AND CONFIRMED THE ELECTION WILL BE STOLEN BY HAVING A SYSTEM IN PLACE THAT MAKES SUCH A PROBLEM, THAT THEY HAVE EVEN ADMITTED TO, POSSIBLE.

DETAILS: Though it is possible to have a touch screen malfunction and start to output trash, that is not the same kind of problem as having a touch screen consistently choose an option other than what you have selected. Touch screen calibration issues take the form of having a part of the screen stop working entirely, or for it to become too sensitive and select stuff by itself without being touched, or for it to need to be pushed too hard. Touch screen calibration errors do not just click one box when you check another, or switch the Presidential candidate when you vote a straight ticket. This stuff is happening BY INTENT and there is no way out of it. When is the last time you have ever seen a bank teller machine select options you did not push? I have never seen this happen on a teller machine or any other device, why is it only the voting machines doing it?

When you see an election machine change your vote to something else, it is your obligation to save the country by destroying it. Don't complain to the election officials, because they know. You will have to do it quietly.

OPTION 1. Bring a small bottle of salt water (put a few teaspoons of salt in a small bottle of water and shake). Preferably a squeeze bottle if you have one. Find any air vent or opening, *as high on the machine as possible* (including a card reader port or USB port) and squirt the water in until the machine stops functioning. USE AS LITTLE AS POSSIBLE TO AVOID MAKING A HUGE MESS. Bring a roll of toilet paper to clean up any spills so it is not obvious when you leave. SAY NOTHING.

If you came unprepared but have a container and can get away with it, any liquid, even urine, will probably work.

Option 2: Bring a large C clamp and squeeze the machine with it until it malfunctions. Leave quietly.

Option 3: Your creativity. Whatever you do, it has to be SILENT and not leave obvious damage.

Tens of thousands of complaints about vote flipping in Texas

And the media has refused to report it

They are stealing the election right in front of us, with people screaming about it at the polling places and the media is saying it has never been reported... . They then use their refusal to report it as confirmation it is not happening. And all anyone does is believe the mind control bullshit that it was "only them" or "only one polling machine" and cry. That won't cut it. The sheer volume of reports proves it is NOT THAT.

I swear to God we need armor penetration to take this country back I warned about it all along and no one believed

VOTE FRAUD CONFIRMED

Make this viral! This proves beyond all doubt that EVEN NOW, TODAY, the election results are not valid.

Let's get a bunch more videos of this, make gifs like this, and flood the web with them!

October 27 2016

THE VOTING MACHINES IN TEXAS ARE STILL FLIPPING THE PRESIDENT VOTE TO HILLARY WHEN YOU VOTE A STRAIGHT REPUBLICAN TICKET

What's worse? WHEN YOU REPORT IT, THE POLLING OFFICIALS CALL YOU DELUSIONAL, SNOPE IS CALLING IT CRAP, THE RADIO STATIONS ARE REFUSING TO REPORT IT AND WHEN PEOPLE ARE CALLING IN SAYING IT HAPPENED THEY GET CUT OFF THE AIR AND THE RADIO STATIONS SAY IT S NOT HAPPENING. Additionally, there are signs up everywhere telling you will go to jail if you make a video of the voting process.

CALL EVERYONE YOU KNOW WHO IS VOTING, ESPECIALLY IN TEXAS, AND TELL THEM TO WATCH THE MACHINE AND DOCUMENT IT FLIPPING THE VOTE ON VIDEO. YOU HAVE TO VOTE A STRAIGHT TICKET, THEN TRUMP WILL FLIP TO HILLARY. THIS IS WORTH KILLING OVER SO TO AVOID GETTING YOURSELF KILLED OR DETAINED BY HILLARY IN A FEW MONTHS OR NEEDING TO KILL SOMEONE LATER, PUT IT RIGHT NOW AND SPREAD THE WORD. CALL YOUR FRIENDS AND FAMILY NOW AND TELL THEM THEIR VOTE IS GETTING STOLEN, IT IS NOT A GLITCH OR ERROR, AND TO NOT VOTE A STRAIGHT TICKET.

DO NOT VOTE A STRAIGHT TICKET

Evidently, most of the hacked machines (which are now being patched to cover up the fact your vote is being stolen) have only been programmed to steal your vote if you vote a straight ticket. So to avoid this, vote for everyone separately. That's a lot harder to write a last minute patch for.

THE PEOPLE RIGGING THE ELECTION HAVE DETERMINED HILLARY WILL WIN IN A LANDSLIDE!

Nothing follows. Just a headline of truth.

Psychotronic weaponry in full use now.

Electronic mood manipulation has been a reality for decades, and hit the mainstream in the war on Iraq over a decade ago. In Iraq, American troops would drop what they called ["poppers" onto rooftops after major battles](#) that killed a lot of Iraqis, and they were called "poppers" because they electronically drugged the population into submission, rather than allow them to feel a righteous rage over losing loved ones and subsequently fighting.

In America now, every cell tower is a "popper" and even ordinary cell phones can be used for the job. If you ever wondered why on some days everyone appears to be happy, and other days everyone appears to be sad and there is no reason for it, electronic mood manipulation is the probable answer.

When the election is stolen (and probably even now) they will have the mood altering systems in overdrive, to take the will of the people to fight away. People are really going to have to fight hard to overcome this, and I do not know if it is even possible. America's only advantage in this is that these systems have already been used so much that the people in America have developed a resistance to them. These systems can wreck your sleep so you lack energy, and then deliver the knock-out punch to your free will by forcing you to be complacent. They can force you to feel fear. It will not be easy to take America back when everyone who is feeling righteous rage gets it sucked out of them by a filthy machine.

October 26 2016

Hillary WILL be appointed, I am seeing evidence of this abundantly

OBSERVATION: There are no forums that are allowing people to see the **CURRENT** vote fraud video of a machine flipping votes yesterday, unless it is pegged as something old. **MORE IMPORTANTLY:** Hillary will immediately attack and destroy Iran. Want to know how I know? Because I am getting banned when I say Iran was a paradise that became a paradise despite heavy sanctions **ONLY** because it was not being crushed by a Rothschild-owned central bank to threads that discuss destroying Iran and then post [THIS LINK](#) to prove it.

MARK MY WORD: IT IS VIRTUALLY ASSURED HILLARY WILL BE SCAMMED IN, AND ONCE IN SHE WILL QUICKLY BLOW IRAN AWAY.

Hillary will choose Obama for Supreme Court!

IF YOU ARE THIRD PARTY, DO NOT WASTE YOUR VOTE. IF YOU DON'T LIKE TRUMP BUT HATE HILLARY, DO NOT SIT IT OUT, VOTE TRUMP ANYWAY. HAVING OBAMA REPLACE SCALIA WILL BE A CATASTROPHE.

They are calling this voter error! HA HA HA, that's LAME.

UPDATE: They are saying the Texas voting machines that were doing this have been shut down. **PROBLEM: THIS WAS CAPTURED IN VIRGINIA!**

MAJOR NEW PAPER BALLOT METHOD OF VOTE FRAUD DISCOVERED

In paper ballot areas, they are printing out ballots on the spot. And after the polls close, they are going to go through the log books, take all the people who did not vote, and fill out their ballots for them!

IF YOU ARE VOTING TRUMP, YOU HAD BETTER GO IN AND FILL OUT YOUR BALLOT CORRECTLY BECAUSE IT HAS BEEN CONFIRMED THAT IF YOU DO NOT FILL OUT YOUR BALLOT YOURSELF, SOMEONE ELSE WILL.

There is absolutely no check or balance in place to stop this from happening.

E-vote machines are doing a good job for Soros

AS IT TURNS OUT, ONLY STATES THAT HAVE SOROS VOTING MACHINES HAVE RULES AGAINST PHOTOGRAPHING YOUR VOTE

Figure that. It is true. There are 16 states where you can't photograph your vote or take a video of your vote from start to finish, and they are where the Soros E-vote machines are. **FIGURE THAT. I wonder why!?!?!?**

Obviously then, the e-vote states are the ones where it will be MOST IMPORTANT to video your entire voting process from start to finish!

I am confident they are going to succeed in stealing this election. When they do, we need the proof it was stolen. **FACT: There are only a few states where taking video of your entire voting process is illegal. MANY STATES ENCOURAGE IT. IT IS NO October 25 2016**

In order to bamboozle the public, SOROS, a KNOWN SCAMMING LIAR changed the Smartmatic web site and is now claiming he has no voting machines in the U.S. If you go to the Smartmatic web site, there are no longer any claims about them owning the voting machines in swing states. The honest folks at Smartmatic removed the page. ALL I CAN SAY IS TOO LATE!

The screenshot shows the Smartmatic website. The top navigation bar includes links for ABOUT, VOTING, VIEWPOINTS, and CASE STUDIES. The main content area is divided into two columns. The left column, titled 'In the US, Smartmatic has offered technology and support services to the Electoral Commissions of 307 counties in 16 States:', lists the following states: Arizona, California, Colorado, District of Columbia, Florida, Illinois, Louisiana, Michigan, Missouri, New Jersey, Nevada, Oregon, Pennsylvania, Virginia, Washington, and Wisconsin. Below this list, it states: 'In 2006, Smartmatic signed what at the moment was the largest election automation contract in US history - Cook County, Illinois.' The right column features several news articles with headlines and brief descriptions, including 'Soros Board Member Chairs Firm Running Online Voting for ...', 'Lord Mark Malloch-Brown - Smartmatic', 'Soros company, Smartmatic, Controls 80% of Utah Votes | Re...', 'Massive Voter Fraud - TONIGHT IN Utah's GOP Primary?!?', 'George Soros' Key Man Runs 'Smartmatic', an Elections ...', and 'UTAH Voter Fraud, Electronic Voting Fraud and George Soros...'. Each article includes a small thumbnail image and a timestamp.

Wikileaks FACTS:

1. The NSA was the one doing the hacks, not Russia. This got aired yesterday.
2. Hillary wanted Assange dead. And I don't need to mention Russia with regard to Hillary, who BLEW IT with that.
3. Assanges lawyer. CONFIRMED DEAD.
4. Director of Wikileaks, McFayden. CONFIRMED DEAD.
5. Seth Rich, top wikileaks informer. CONFIRMED DEAD. All those deaths happened within a short time of each other. The Clinton death machine is clearly in overdrive.
6. Julian Assange, USE YOUR BRAIN PLEASE. It is doubtful he is going to appear (I hope he does) I believe it is only a wish.

JOINT STATEMENT FROM JASON DOV GREENBLATT AND DAVID FRIEDMAN, CO-CHAIRMEN OF THE ISRAEL ADVISORY COMMITTEE TO DONALD J. TRUMP

Approximately seven months ago, we were blessed to have been tapped by Donald J. Trump to be his top advisors with respect to the State of Israel.... Each of these positions has been discussed with Mr. Trump and the Trump campaign, and most have been stated, in one form or another, by Mr. Trump in various interviews or speeches given by him or on his social media accounts. For those of you who are true friends of the State of Israel, and for those of you who believe that the State of Israel and the United States of America have an unbreakable friendship, we urge you to read the below....We would also like to express our gratitude to our friend, a great friend of the State of Israel, Donald J. Trump, who gave us the tremendous opportunity to serve in this capacity. May God bless the United States of America and the State of Israel.

-
- The unbreakable bond between the United States and Israel is based upon shared values of democracy, freedom of speech, respect for minorities, cherishing life, and the opportunity for all citizens to pursue their dreams.
 - Israel is the state of the Jewish people, who have lived in that land for 3,500 years. The State of Israel was founded with courage and determination by great men and women against enormous odds and is

an inspiration to people everywhere who value freedom and human dignity.

- Israel is a staunch ally of the U.S. and a key partner in the global war against Islamic jihadism. Military cooperation and coordination between Israel and the U.S. must continue to grow.
- The American people value our close friendship and alliance with Israel -- culturally, religiously, and politically. While other nations have required U.S. troops to defend them, Israelis have always defended their own country by themselves and only ask for military equipment assistance and diplomatic support to do so. The U.S. does not need to nation-build in Israel or send troops to defend Israel.
- The Memorandum of Understanding signed by the American and Israeli Governments is a good first step, but there is much more to be done. A Trump Administration will ensure that Israel receives maximum military, strategic and tactical cooperation from the United States, and the Memorandum of Understanding will not limit the support that we give. Further, Congress will not be limited to give support greater than that provided by the Memorandum of Understanding if it chooses to do so. Israel and the United States benefit tremendously from what each country brings to the table -- the relationship is a two-way street.
- The U.S. should veto any United Nations votes that unfairly single out Israel and will work in international institutions and forums, including in our relations with the European Union, to oppose efforts to delegitimize Israel, impose discriminatory double standards against Israel, or to impose special labeling requirements on Israeli products or boycotts on Israeli goods.
- The U.S. should cut off funds for the UN Human Rights Council, a body dominated by countries presently run by dictatorships that seem solely devoted to slandering the Jewish State. UNESCO's attempt to disconnect the State of Israel from Jerusalem is a one-sided attempt to ignore Israel's 3,000-year bond to its capital city, and is further evidence of the enormous anti-Israel bias of the United Nations.
- The U.S. should view the effort to boycott, divest from, and sanction (BDS) Israel as inherently anti-Semitic and take strong measures, both

diplomatic and legislative, to thwart actions that are intended to limit commercial relations with Israel, or persons or entities doing business in Israeli areas, in a discriminatory manner. The BDS movement is just another attempt by the Palestinians to avoid having to commit to a peaceful co-existence with Israel. The false notion that Israel is an occupier should be rejected.

- The Trump administration will ask the Justice Department to investigate coordinated attempts on college campuses to intimidate students who support Israel.
- A two-state solution between Israel and the Palestinians appears impossible as long as the Palestinians are unwilling to renounce violence against Israel or recognize Israel's right to exist as a Jewish state. Additionally, the Palestinians are divided between PA rule in the West Bank and Hamas rule in Gaza, so there is not a united Palestinian people who could control a second state. Hamas is a US-designated terrorist organization that actively seeks Israel's destruction. We will seek to assist the Israelis and the Palestinians in reaching a comprehensive and lasting peace, to be freely and fairly negotiated between those living in the region.
- The Palestinian leadership, including the PA, has undermined any chance for peace with Israel by raising generations of Palestinian children on an educational program of hatred of Israel and Jews. The larger Palestinian society is regularly taught such hatred on Palestinian television, in the Palestinian press, in entertainment media, and in political and religious communications. The two major Palestinian political parties -- Hamas and Fatah -- regularly promote anti-Semitism and jihad.
- The U.S. cannot support the creation of a new state where terrorism is financially incentivized, terrorists are celebrated by political parties and government institutions, and the corrupt diversion of foreign aid is rampant. The U.S. should not support the creation of a state that forbids the presence of Christian or Jewish citizens, or that discriminates against people on the basis of religion.

- The U.S. should support direct negotiations between Israel and the Palestinians without preconditions, and will oppose all Palestinian, European and other efforts to bypass direct negotiations between parties in favor of an imposed settlement. Any solutions imposed on Israel by outside parties, including by the United Nations Security Council, should be opposed. We support Israel's right and obligation to defend itself against terror attacks upon its people and against alternative forms of warfare being waged upon it legally, economically, culturally, and otherwise.
- Israel's maintenance of defensible borders that preserve peace and promote stability in the region is a necessity. Pressure should not be put on Israel to withdraw to borders that make attacks and conflict more likely.
- The U.S. will recognize Jerusalem as the eternal and indivisible capital of the Jewish state and Mr. Trump's Administration will move the U.S. embassy to Jerusalem.
- Despite the Iran Nuclear deal in 2015, the U.S. State Department recently designated Iran, yet again, as the leading state sponsor of terrorism -- putting the Middle East particularly, but the whole world at risk by financing, arming, and training terrorist groups operating around the world, including Hamas, Hezbollah, and forces loyal to Syrian President Bashar al-Assad. The U.S. must counteract Iran's ongoing violations of the Joint Comprehensive Plan of Action regarding Iran's quest for nuclear weapons and their noncompliance with past and present sanctions, as well as the agreements they signed, and implement tough, new sanctions when needed to protect the world and Iran's neighbors from its continuing nuclear and non-nuclear threats.

At <http://www.912communique.com/forum/topics/steve-pieczenik-counter-coup-to-stop-clinton-happening-now>? We read and hear:

I speak now only as an individual American, and I say, as God is my witness, that I will not accept a criminal, corrupt, fraudulent, illegitimate, treasonous, psychopathic, evil Hillary Clinton as my President or as the Commander in Chief. My oath prevents it, and compels me to stand against it, in defense of what little is left of the Constitution I swore to defend, up to, and including at the cost of my life, come what may.

“The time is now near at hand which must probably determine whether Americans are to be freemen or slaves; whether they are to have any property they can call their own; whether their houses and farms are to be pillaged and destroyed, and themselves consigned to a state of wretchedness from which no human efforts will deliver them. The fate of unborn millions will now depend, under God, on the courage and conduct of this army. Our cruel and unrelenting enemy leaves us only the choice of brave resistance, or the most abject submission. We have, therefore, to resolve to conquer or die.” – General George Washington. Address to the Continental Army before the Battle of Long Island. Tuesday, August 27, 1776

Such a time is now at hand again, staring us in the face.

Edited a little from <http://www.breitbart.com/2016-presidential-race/2016/11/01/pew-trump-coalition-tolerant-clinton-diversity/>

Pew: Donald Trump Voters Are Tolerant, Hillary Clinton Voters Intolerant by [Neil Munro](#) 1 Nov 2016.

A large Pew survey shows that Donald Trump's supporters are more tolerant, open-minded, respectful and understanding than are Hillary Clinton's vibrantly diverse supporters in her coalition of ethnic, sexual, professional and progressive factions.

"Clinton backers – particularly highly educated ones – have more difficulty respecting Trump supporters than the other way around," Pew acknowledged in the Nov. 1 report. That data is a mirror image of the media-magnified portrayal of Trump's supporters that Democratic partisans have constructed throughout the 2016 campaign.

That image has been fostered by undercover Democratic groups which used extensive funding to [arrange camera-ready fights](#) at Trump's rallies, by Clinton's [scripted eagerness](#) to portray Trump's supporters as irredeemable or insanely hostile to gays, [migrant foreigners](#) and [Islamic believers](#), and by the media's [eagerness to showcase conflict](#) at Trump rallies.

But Pew's data shows that:

nearly six-in-ten registered voters who back Clinton (58%) say they have a "hard time" respecting someone who supports Trump for president; 40% say they have "no trouble" with it. Nearly the opposite is true among Trump supporters, with 56% saying they have no trouble respecting someone who backs Clinton and 40% saying they do have trouble with it.

That's a 17-point tolerance difference between the two parties.

Republican presidential nominee Donald Trump holds a campaign rally at the Bank of Colorado Arena on the campus of University of Northern Colorado October 30, 2016 in Greeley, Colorado.

The pro-Clinton group that has the most difficulty tolerating their political rivals are white women, many of whom are university educated. Pew's poll showed that 68 percent of this group "have a hard time" respecting Trump's supporters. Also, 66 percent of all Clinton women supporters with college qualifications have a hard time respecting Trump's supporters.

In contrast, 53 percent of Clinton's non-college female supporters say they have a hard time reconciling with Trump's supporters.

White women who back Clinton, in particular, say it's hard to respect Trump supporters

% of Clinton supporters who _____ respecting someone who supports Trump for president

Notes: Based on registered voters. Whites and blacks include only those who are not Hispanic; Hispanics are of any race. Don't know responses not shown. Source: Survey conducted Oct. 20-25, 2016.

PEW RESEARCH CENTER

There's little difference between the various groups of Trump supporters, except for age.

The least tolerant Trump group are men older than 65, but only 45 percent of them say they have a hard time respecting Clinton supporters. That's 21 points lower than the intolerance among Clinton's female college-educated supporters.

The most tolerant of Trump's group are young people aged 18 to 34, of whom only 29 percent "have a hard time" dealing with Clinton's supporters.

This younger group of Trump's supporters is a mirror image of Clinton's female groups, because more than two-thirds of Trump's young supporters — 69 percent — say they "have no trouble" respecting Clinton supporters.

Clinton's younger supporters, however, are far less tolerant than Trump's younger supporters. They're 32 percentage points less willing to tolerate their peers in Trump's campaign.

Pew's large survey of 2,583 adults, including 2,120 registered voters, was conducted from Oct. 20 to Oct. 25, well after Trump was portrayed as a sexual predator by Clinton and her allies, and well after Trump's supporters had been carefully described by Clinton as insanely hostile and unamerican.

Here's Clinton's full Sept. 9 statement at her fundraiser with gay supporters; "You know, to just be grossly generalistic, you could put half of Trump's supporters into what I call the basket of deplorables. Right? The racist, sexist, homophobic, xenophobic, Islamophobic — you name it. And unfortunately there are people like that. And he has lifted them up. He has given voice to their websites that used to only have 11,000 people, now have 11 million. He tweets and retweets offensive, hateful, mean-spirited rhetoric. Now some of those folks, they are irredeemable, but thankfully they are not America.

Clinton's speech spotlights the difficulty that Democrats have in keeping their diverse, chaotic and often incompatible coalition united in the run-up to an election. There's little to unite this diversity except shared hostility to their supposedly hateful political rivals, which is echoed in Clinton's slogans, "Stronger Together" and "Love trumps hate."

In contrast, Trump has united most of the GOP's fewer factions — employees, employers, social-conservatives and foreign policy hawks — around a unifying nationalist message, "Make America Great Again."

In the meantime, Hillary Clinton has just ordered a fireworks display to celebrate her winning the election on Nov. 8th. But this could blow up in her face! Hillary Clinton may have lit the fuse for her victory celebration a little too soon — by planning an Election Night explosion of fireworks over the Hudson River in New York City.

[NY Post](#) NYC Cops and firefighters were blown away by Clinton's hubris in planning the fireworks display, which would eclipse the shower of blazing sparkles that preceded the balloon drop at July's Democratic National Convention. Somebody asked "If she loses, will she take the display over to the East Side and sell it to Trump for half-price?"

The fine print.

As the old preacher said on Good Friday... Christ was dead on the cross, the day turned to night, and the demons in hell were dancing a jig... its Friday, but Sunday's a 'comin...and zero's nervous.

The following is from <http://conservativetribune.com/tag-voting-machine-do-this/>

ALERT: If You See This Tag on Your Voting Machine, Demand a Paper Ballot

[Share on Facebook](#) [Tweet](#) [Email](#) [Print](#)

Voters don't typically think much about the voting machines they're using, but this election season, what kind of voting machine used might end up being critical in how the election turns out.

That's because **Smartmatic**, a U.K.-based technology company that provides voting machines to countries around the world, has deep connections to leftist billionaire [George Soros](#).

Lord Mark Malloch-Brown, the chairman of Smartmatic, is on the board of Soros' [Open Society Foundations](#). He was the former vice chairman of Soros' Investment Funds and the deputy secretary general of the United Nations when he worked as Kofi Annan's chief of staff.

Malloch-Brown has also worked with consulting firms that have ties to Democrat presidential nominee Hillary Clinton and husband, Bill. He was an international partner with the Sawyer-Miller consulting firm, and he was also a senior adviser to FTI Consulting, which handled communications under contract for Bill Clinton's 1992 run for the presidency.

Top Clinton adviser Mandy Grunwald is a Sawyer-Miller alum. Grunwald was in charge of the firm's communication contract for former President Bill Clinton's 1992 presidential run. She also headed up communications for Hillary Clinton's 2008 presidential bid.

Jackson Dunn, senior managing director with FTI Consulting, worked as an aide to both Bill Clinton and Hillary Clinton.

Those are troubling connections.

Smartmatic claimed it had provided 15 states and the District of Columbia with voting machines: Arizona, California, Colorado, District of Columbia, Florida, Illinois, Louisiana, Michigan, Missouri, Nevada, New Jersey, Oregon, Pennsylvania and Virginia, Washington and Wisconsin. So be on the lookout for signs that your precinct is using Smartmatic products.

[Smartmatic's website](#) included a graphic describing how the company has contributed to U.S. elections from 2006 to 2015 with "57,000 voting and counting machines deployed" and "35 million voters assisted," reported [The Daily Caller](#).

However, after that report was published, the company removed the graphic from its website and [posted a declaration](#) that Smartmatic "will not be deploying its technology in any U.S. county for the upcoming 2016 U.S. Presidential elections." It also claimed that it has no ties to Soros.

If the company had nothing to hide, why would it go to the trouble of scrubbing information about participating in previous U.S. elections?

Nothing should be dismissed if it looks suspicious — especially with all that we've learned about [how unethically Democrats have behaved](#) this year.

When voting, **look for the Smartmatic logo** on the machines in your precinct. If you encounter one of these machines, **ask for a paper ballot**.

It pays to be careful.

The Food Stamp Program, administered by the U.S. Department of Agriculture, is proud to be distributing this year the greatest amount of free Meals and Food Stamps ever, to 46 Million people.

Meanwhile, the National Park Service, administered by the U. S. Department of Interior, asks us "Please Do Not Feed the Animals."

Their stated reason for the policy is because "The animals will grow dependent on handouts and will not learn to take care of themselves".

Thus ends today's lesson in irony.

ON A PAEDOPHILE ISLAND

Lyrics

On a paedophile island,
I'd like to be a castaway with you
On a paedophile island,
There wouldn't be so very much to do

I would linger a while and just gaze into your lovely eyes so blue
Then I'd walk for a mile and come running back to be with you
There the waves would make a pair of willing slaves of you and me
forever
And we'd laze for days and days and never gaze out where the ships
go sailing by

On a paedophile island,
I'd like to be a castaway with you
Just to bask in your smile
And to realize my dream come true

I would linger a while and just gaze into your lovely eyes so blue
Then I'd walk for a mile and come running back to be with you
There the waves would make a pair of willing slaves of you and me
forever
And we'd laze for days and days and never gaze out where the ships
