JT: It's really nothing to get upset about. It's only a game Muslims play. The original game player and inventor of the game *Desecrate the Cemetery* was Muhammad. Here's proof:

"In attacking cemeteries, creepy *Islamists* follow in the footsteps of their creepier role model. *Muhammad*'s first land acquisition as a *Muslim* came when he dug up the graves of pagans and built his first *Mosque* over the former cemetery. There was of course plenty of vacant land around *Madina* that he could have built on instead.

The act of desecrating the graveyard is even creepier when one considers how *Muhammad* thought that the dead were conscious in their graves, and he even used to talk to the dead in their graves—as is discussed elsewhere. The *Hadith* record that:

Muhammad said: "Do not leave an image without obliterating it, or a high grave without leveling it...(Do not leave) a picture without obliterating it" (*Sahih Muslim*, bk. 4, no. 2115).

Jabir said: "*Allah*'s Messenger...forbade that the graves should be plastered or they be used as sitting places (for the people), or a building should be built over them" (*Sahih Muslim*, bk. 4, no. 2116).

Muslims have followed *Muhammad's* pattern and teaching by desecrating infidels' graveyards for over 1350 years now. Bat Yeor wrote that *Dhimmi* religious ceremonies and burials had to take place discreetly.

Muslim graves had to be distinguished from those of *Dhimmis*. As the infidel's cemeteries warranted no respect, they were frequently razed to the ground and the graves desecrated, practices which still continue today in certain *Muslim* countries.

All the cemeteries by the many thousands of churches and synagogues that were destroyed or converted into *Mosques* the last 1350 years have been desecrated. For instance, when the Church of the Holy Sepulcher was destroyed by *Fatimid Caliph* Hakim's reign in the eleventh century... They even tried to dig up the graves and wipe out all traces of their existence. Indeed, they broke and uprooted most of them.

After the Jordanian *Muslims* conquered part of Jerusalem during the 1967 war, they tore down all the synagogues and they used Jewish tombstones from the Mount of Olives as paving stones for a path to a latrine.1224 *Muslims* still periodically vandalize the tombstones on the Mount of Olives."

JT: One can't be more peaceful and tolerant than this!

JT: Will I be put in jail for posting the following? I hope not. The world would be poorer in its knowledge of what's happening.

Dearest creature in creation,
Study English pronunciation.
I will teach you in my verse
Sounds like corpse, corps, horse, and worse.
I will keep you, Suzy, busy,
Make your head with heat grow dizzy.
Tear in eye, your dress will tear.
So shall ! Oh hear my prayer.
Just compare heart, beard, and heard,
Dies and diet, lord and word,
Sword and sward, retain and Britain.
(Mind the latter, how it's written.)
Now I surely will not plague you
With such words as plague and ague.
But be careful how you speak:
Say break and steak, but bleak and streak;
Cloven, oven, how and low,
Script, receipt, show, poem, and toe.
Hear me say, devoid of trickery,
Daughter, laughter, and Terpsichore,
Typhoid, measles, topsails, aisles,
Exiles, similes, and reviles;
Scholar, vicar, and cigar,
Solar, mica, war and far;
One, anemone, Balmoral,
Kitchen, lichen, laundry, laurel;
Gertrude, German, wind and mind,
Scene, Melpomene, mankind.
Billet does not rhyme with ballet,
Bouquet, wallet, mallet, chalet.
Blood and flood are not like food,
Nor is mould like should and would.
Viscous, viscount, load and broad,
Toward, to forward, to reward.
And your pronunciation's OK
When you correctly say croquet,
Rounded, wounded, grieve and sieve,
Friend and fiend, alive and live.
Ivy, privy, famous; clamour
And enamour rhyme with hammer.
River, rival, tomb, bomb, comb,
Doll and roll and some and home.
Stranger does not rhyme with anger,
Neither does devour with clangour.
Souls but foul, haunt but aunt,
Font, front, wont, want, grand, and grant,
Shoes, goes, does. Now first say finger,
And then singer, ginger, linger.
Real, zeal, mauve, gauze, gouge and gauge,
Marriage, foliage, mirage, and age.
Query does not rhyme with very,
Nor does fury sound like bury.
Dost, lost, post and doth, cloth, loth.
Job, nob, bosom, transom, oath.
Though the differences seem little,
We say actual but victual.
Refer does not rhyme with deafer.
Foeffer does, and zephyr, heifer.
Mint, pint, senate and sedate;
Dull, bull, and George ate late.
Scenic, Arabic, Pacific,
Science, conscience, scientific.
Liberty, library, heave and heaven,
Rachel, ache, moustache, eleven.
We say hallowed, but allowed,
People, leopard, towed, but vowed.
Mark the differences, moreover,
Between mover, cover, clover;
Leeches, breeches, wise, precise,
Chalice, but police and lice;
Camel, constable, unstable,
Principle, disciple, label.
Petal, panel, and canal,
Wait, surprise, plait, promise, pal.
Worm and storm, chaise, chaos, chair,
Senator, spectator, mayor.
Tour, but our and succour, four.
Gas, alas, and Arkansas.
Sea, idea, Korea, area,
Psalm, Maria, but malaria.
Youth, south, southern, cleanse and clean.
Doctrine, turpentine, marine.
Compare alien with Italian,
Dandelion and battalion.
Sally with ally, yea, ye,
Eye, I, ay, aye, whey, and key.
Say aver, but ever, fever,
Neither, leisure, skein, deceiver.
Heron, granary, canary.
Crevice and device and aerie.
Face, but preface, not efface.
Phlegm, phlegmatic, ass, glass, bass.
Large, but target, gin, give, verging,
Ought, out, joust and scour, scourging.
Ear, but earn and wear and tear
Do not rhyme with here but ere.
Seven is right, but so is even,
Hyphen, roughen, nephew Stephen,
Monkey, donkey, Turk and jerk,
Ask, grasp, wasp, and cork and work.
Pronunciation (think of Psyche!)
Is a paling stout and spikey?
Won't it make you lose your wits,
Writing groats and saying grits?
It's a dark abyss or tunnel:
Strewn with stones, stowed, solace, gunwale,
Islington and Isle of Wight,
Housewife, verdict and indict.
Finally, which rhymes with enough,
Though, through, plough, or dough, or cough?
Hiccough has the sound of cup.
My advice is to give up!!!

"This is a story about four people named Everybody, Somebody, Anybody, and Nobody. There was an important job to be done and Everybody was sure that Somebody would do it. Anybody could have done it, but Nobody did it. Somebody got angry about that, because it was Everybody's job. Everybody thought Anybody could do it, but Nobody realized that Everybody wouldn't do it. It ended up that Everybody blamed Somebody when Nobody did what Anyone could have."

THERESA MAY ORDERS SPY CHIEF TO BLOCK ILLEGAL IMMIGRATION ROUTES, FIND EVIDENCE TO SECURE CONVICTIONS (WILL "RADICAL NEW APPROACH" LEAD TO CONVICTION OF MASTERMIND AND FUNDER OF MASS INVASION GEORGE SOROS?)

September 20, 2016

‘We need a radical new approach’: PM orders spy chiefs to block illegal immigration routes into the UK with secret operations against people-smuggling gangs

Theresa May asks heads of MI5, MI6 and GCHQ to run covert operations

She wants agencies to help find evidence that could secure convictions

**The Prime Minister was speaking at the UN General Assembly in New York
She said the world was experiencing unprecedented levels of immigration**

By JAMES SLACK, POLITICAL EDITOR FOR THE DAILY MAIL IN NEW YORK

Spy chiefs will for the first time be tasked with helping to block illegal immigration routes into the UK.

Theresa May has asked the heads of MI5, MI6 and GCHQ to run covert operations against people-smuggling gangs.

She wants the intelligence bosses to help find evidence that could secure convictions and end the ‘horrificing inhumanity’ of ‘modern slavery’ in the UK.

BLOCK EFFING BUSTER: RUSSIA KILLED 30 TOP LEVEL AMERICAN, ISRAELI, AND OTHER AGENTS IN A MISSILE STRIKE

CONFIRMED: Russia conducted a cruise missile attack on American, Israeli, and British agents who were holed up in caves in the Syrian mountains, from which they were directing ALL of ISIS efforts. This is not a hoax story, this is 100 percent **CONFIRMED**.

TEHRAN (FNA)- The Russian warships stationed in Syria's coastal waters targeted and destroyed a foreign military operations room, killing over two dozen Israeli and western intelligence officers.

"The Russian warships fired three Caliber missiles at the foreign officers' coordination operations room in Dar Ezza region in the Western part of Aleppo near Sam'an mountain, killing 30 Israeli and western officers," the Arabic-language service of the Russian Sputnik news agency quoted battlefield source in Aleppo as saying on Wednesday.

The operations room was located in the Western part of Aleppo province in the middle of sky-high Sam'an mountain and old caves. The region is deep into a chain of mountains.

Several US, Turkish, Saudi, Qatari and British officers were also killed along with the Israeli officers. The foreign officers who were killed in the Aleppo operations room were directing the terrorists' attacks in Aleppo and Idlib.

Iran's FarsNews has deemed this report credible via several sources. FarsNews is a cautious news agency that has zero history of publishing B.S. *and that is good news, because it means Russia has called it right, and started kicking @ss for real. Disintegrating Sweden: Visit Number Twelve

<https://fellowshipoftheminds.com/2016/11/05/sweden-on-the-brink-police-force-pushed-to-breaking-point-by-violence-amid-migrant-influx/>

From [Daily Express](#): **The Scandinavian country is facing an existential crisis with on average three police officers handing in their resignations a day.** If the alarming trend continues, and police officers continue to resign more than 1,000 officers will have quit the service by New Years.

Since the migrant crisis began last summer, Sweden has been hit by a series of [brutal crimes and violent incidents](#). In 2015 alone Sweden, with a population of 9.5million, received over 160,000 asylum applications and the country is expected to take as many as 190,000 refugees, or two per cent of the population, by the end of 2016.

Since the Second World War Sweden has prided itself on helping migrants who cross their borders despite some moves to the political right in recent years.

But police have now admitted the force has reached breaching point as more than 50 areas in the country have now been placed on a [“no-go zone” list](#).

In February a report from Sweden's National Criminal Investigation Service announced **there were 52 areas where officers would not cope with the levels of crime being committed. Sex assaults, drug dealing and children carrying weapons were just some of the incidents mentioned in the report. In September, Swedish officials were forced to add another three areas to the list.**

Now the Police Association have said they need at least 200 new officers to regain control in the south-east of the country.

Thomas Stjernfeldt, from the region's police association, told [SVT](#): "We are missing extremely many officers in the operational sector, **right now we need 200 more officers to be added to the force to establish a reasonable working environment in the southeast of Götaland.**" Götaland is one of the regions in the country that has been hit hard by the car fire attacks, which have been occurring throughout Sweden.

On Monday, [Express.co.uk](#) reported a number of the arsonist attacks in the city of Växjö, in Götaland, had been committed by frustrated migrants. **Currently there are more than 6,000 suspected crimes that are unsolved in the area and 400 of these cases are suspected to be rapes, murder or attempted murder.**

Mr. Stjernfeldt said the figures are alarming and police officers are constantly forced to work overtime in an attempt to solve the reported crimes.

The Police Association admitted it fears the public will lose faith in the force and their ability to protect citizens if the situation is not resolved.

The union's call for more resources echoes National Police Commissioner Dan Eliasson's February warning, where he said he needed a further 4,100 officers and specialist staff to reestablish law and order in Sweden.

Pope Francis was positive to immigration - until he visited Malmö
Politics.

Pope Francis visit to Sweden last week seems to have been a real eyeopener for him. This states the well esteemed catholic magazine [Crux](#) which has a good insight in the lives of the pope and the Vatican.

Earlier the pope had made statements like "we are all immigrants", that it is "hypocracies to call oneself a christian and throw out refugees", and that "immigrants do not pose a threat".

The statements have been interpreted in a way that the Pope supported the open borders-politics as for instance Sweden and Germany have practiced.

On the flight back to Rome after visiting Malmö and Lund it suddenly sounded differently, the magazine which have full time working correspondents in the Vatican reports:

- Migrants must be treated according to certain rules, immigration is a right, but it has to be very regulated, said the pope.
- On the other hand, to be a refugee means that one comes from a terrible situation with war, anxiety, hunger, and a refugee's status demands more care and work.

Gender-Equal Snowplow Strategy Backfires As City Shuts Down During Storm

Instead of fighting back against the Islamic migrant invasion, Sweden is more concerned about fighting the white male patriarchy – by ending... snow oppression?

Progressive politicians from the Swedish Green Party have apparently discovered a more nefarious menace to women than the gender wage gap – piles of snow blocking sidewalks and cycle paths.

The logic? Well, according to feminists, men are disproportionately favored by traditional snow-clearing routes that targeted major roads during snowstorms. Thus, women are neglected since they tend to use cycle paths and sidewalks more.

The solution? Initiate a city -wide effort to reallocate and reroute traditional snow plow operations to “equalize” the gender imbalance.

The result? Absolute bedlam as Stockholm’s transportation infrastructure shuts down, resulting in traffic jams, multiple injuries, and the failure of the city’s public transport system.

They say feminists suck at math, and that might explain why the plan to fight snow oppression failed so miserably despite adding an additional \$270,000 to the Stockholm’s annual snow removal budget.

...

It’s now been a week since a massive snow storm struck Stockholm, offering plenty of time for the new feminist system to function properly. And yet, buses are still operating lethargic and over 1,500 users of public transportation are planning a lawsuit.

In spite of the epic failure, progressive politicians are doing everything in their power to rationalize the situation. The Swedish MP suggested that the problem wasn’t the plan itself, but rather its poor execution.

They were only emulating Muhammad!

It has emerged that a Russian pilot claimed he got "problems" with his gear (leaking? flight suit) while he was here on a mission and had permission to fly in Swedish air space and be stationed in Kiruna for participating in an EU financed climate research project March 23rd thru April 15th. The "delayed" plane arrived 15 April in Kiruna.

Due to the "alleged" problems that occurred en route here, the Russian embassy in Stockholm wanted to extend the permission to stay here two more weeks until the end of April, so that the pilot could fix his gear (temporarily?). This was however denied by Swedish military authorities since secret tests with the new German missile system Meteor* for our JAS-39 Gripen at the Vidse testing grounds were planned within this time frame.

Apart from above tests, activities/exercises at the newly reopened war time air base in Jokkmokk should be conducted by the Swedish air force for the first time again since 2005!

Needless to say, of course, both Vidse and Jokkmokk were along the suggested route the russians had applied for...

The plane finally left Kiruna for Russia on the 21st of April after repeated requests from Swedish authorities, and climbed to 19,000 meters direction north...

Should Swedes cleanse, for instance, the island of Öland (or further out Gotland?) and then collectively pay rent (=tax) to the relocated land owners in order to "isolate" the migrants there and create a Palestine of their own?

END OF VISIT TWELVE TO SWEDEN

.....

JT: Let's look at what has taken place on the Islamic international front of peacefulness and tolerance since the last report on 10 October 2016. As I have said before,

Muslims surely have a very high degree of hate consistency. Barack Hussein Obama never comments on these killings and injuries because to do so would mean that he is insulting Muhammad ... (as if being a Muslim is not enough of an insult to humanity).

Words of consolation by Leonard Cohen (1934-2016)!

If It Be Your Will

If it be your will
That I speak no more
And my voice be still
As it was before
I will speak no more
I shall abide until
I am spoken for
If it be your will
If it be your will

That a voice be true
From this broken hill
I will sing to you
From this broken hill
All your praises they shall ring
If it be your will
To let me sing

From this broken hill
All your praises they shall ring
If it be your will
To let me sing

If it be your will
If there is a choice
Let the rivers fill
Let the hills rejoice
Let your mercy spill
On all these burning hearts in hell
If it be your will
To make us well

And draw us near
And bind us tight
All your children here
In their rags of light
In our rags of light
All dressed to kill
And end this night
If it be your will
