JT: One of the words the Founding Fathers deleted from the Constitution!

In a speech at MacDill Air Force Base in Tampa, Florida on December 5, 2016, the intellectual genius Barack Hussein Obama says the United States of America is a country where there is "The universal right to speak your mind and to protest against authority. To live in a society that's open and free. That can criticize a president without retribution. A country where you're judged by the content of your character rather than what you look like, or how you worship, or what your last name is, or where your family came from. That's what separates us from tyrants and terrorists."

Don Fredrick in the December 2016 report of *The Complete Obama Timeline* writes the truth about criticizing the president: Mr. Fredrick says, "not everyone can criticize a president without retribution. Although U.S. citizens have relatively limitless free speech rights, members of the U.S. Armed Forces do not. In fact, under the Uniform Code of Military Justice it is a crime for a commissioned officer to use "contemptuous words" against the President, Secretary of Defense, and other high government officials. That is why one rarely hears generals excoriating Obama."

How the Lamestream Media Reports News

Source: <https://fellowshipoftheminds.com/2016/12/08/thursday-funny-the-pope-the-donald/>

President Trump invited the Pope for lunch on his mega yacht.

The Pope accepted.

During lunch, a puff of wind blew the Pontiff's hat off, right into the water. It floated off about 50 feet, then the wind died down and it just floated in place.

The crew and the Secret Service were scrambling to launch a boat to retrieve the hat, when Trump waved them off, saying "Never mind, boys, I'll get it."

The Donald climbed over the side of the yacht, walked on the water to the hat, picked it up, walked back on the water, climbed onto the yacht, and handed the Pope his hat.

The crew was speechless. The security team and the Pope's entourage were speechless.

No one knew what to say, not even the Pope.

That afternoon, NBC, CBS, ABC, MSNBC, CNN reported the incident as their cover story.

Their banner headlines read,

“TRUMP CAN'T SWIM!”

<https://www.youtube.com/watch?v=F-OYqm7n0WE>

JT: Well, Muhammad said it's okay and Obama has nothing against it either!

I really do think Leftists like it because they always get high on excrement!

<http://www.wnd.com/2016/12/video-young-woman-kicked-down-flight-of-stairs-by-migrant/>

JT: It's an example of how peaceful and tolerant young Muslims assimilate in Germany!

By the way, they are never referred to as Muslim. They are either immigrants or asylum seekers. This was reported in a few news broadcasts and not even *immigrants* or *asylum seekers* was stated. Only young men! Of course, there are apologists who contend that young Germans do this kind of thing also. You really can't blame Muslims or say that *immigrants and asylum seekers* are likely to do the same. There is even the logic that if a Muslim does something that is criminal, but it is not criminal in Islam, then that Muslim is not really committing a crime. We kefirs have to understand that Muslims come from a different culture. They can do anything against unbelievers! Therefore, if what a Muslim does in his parent culture is not a crime, then it cannot be considered a crime in any other culture.

The logic goes further.

This is so because Islam is the greatest religion/culture that takes precedence over all others. Therefore, the other cultures are evil because they consider some actions that take place in Islam as being crimes. Get it?

It's logic that the Left loves!

The Spiritually Dead Gatekeepers of Mainstream News...

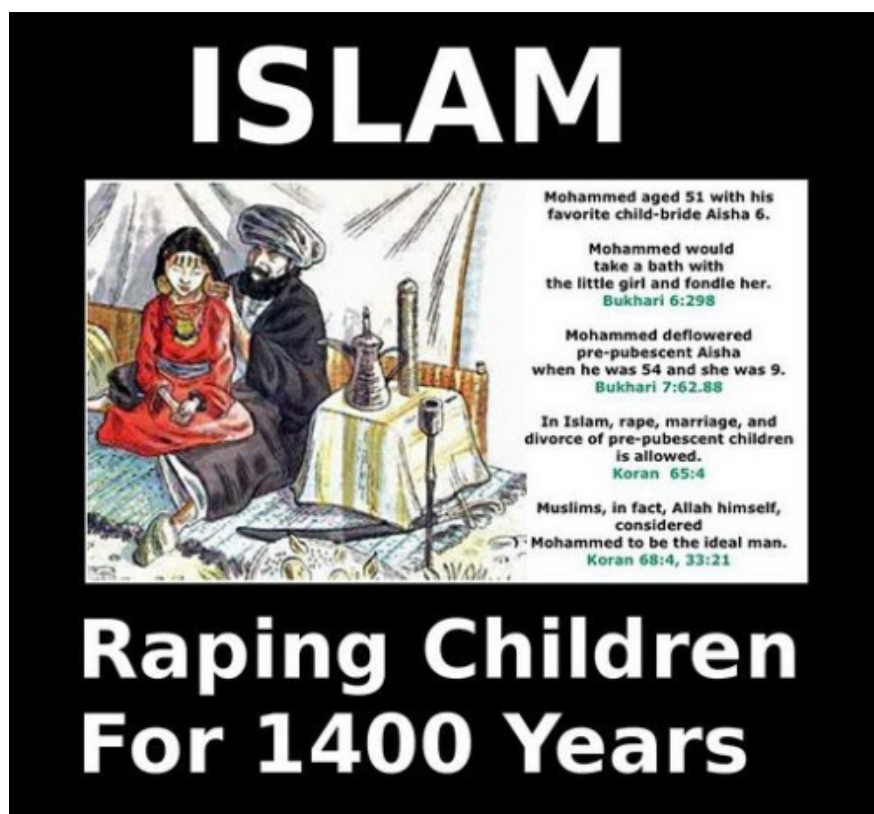

According to John Rappoport a new series of realities is on the way.
Centralized information-reality is on the way out.
It's going to be thrills and chills.
Major newspapers are dying. The internet is crushing them. And yet, if the NY Times and the Washington Post and the LA Times wanted to resuscitate themselves, they could.

I'm not talking about one-day headlines. I'm talking about investigations that pound and pound on issues of corruption day after day, month after month.

For example, these issues:

- * The Federal Reserve/a clandestine private corporation.
- * Medically caused death.
- * Toxic vaccines.
- * Trillions of dollars of missing US government money.
- * The power of the Trilateral Commission over US government policy.
- * The covert implementation of the UN agenda of destruction in US communities.

After Obama's 2016 State of the Union address, "the White House issued a press release touting Obama's accomplishments. Now that he will be leaving, how well did these initiatives listed in the press release actually work out?" The White House listed: "Securing the historic Paris climate agreement." "Achieving the Iran nuclear deal." "Securing the Trans-Pacific Partnership." "Reopening Cuba." "Destroying ISIL" and "dismantling al Qaeda." "Ending combat missions in Afghanistan and Iraq." "Closing Guantanamo Bay." "Rebalancing to the Asia-Pacific region." "Supporting Central American development." "Strengthening cybersecurity." "Growing the Open Government Partnership." "Honoring our nation's veterans." "Making sure our politics reflect America's best." "Protecting voting rights." "Strengthening policing." "Promoting immigrant and refugee integration and citizenship awareness." (<http://www.nationalreview.com/article/442859/barack-obama-promises-failed-his-presidential-legacy-suffers>)
