IPCC Using Climate Engineering as Global Warming Illusion

Climate Scientist Roy Spencer suggests that "CLOUDS" are the key to understanding what is causing "global warming". <http://wp.me/p2FjTj-7EN>

This natural mechanism of cloud creation (according to Henrik Svensmark & Nir Shaviv) has been copied by the "PTB" (Powers That Be) as an intentional but covert man made increase of the globe's mean temperature in order to help establish their New World Order (NWO).

## Amerikanska kommandosoldater: "Vi tränar islamistiska terrorister åt CIA"

### American commandos: "We train islamic terrorists for the CIA"

#### UTRIKES INTERNATIONAL

Efter att tre amerikanska instruktörer dödats i Jordanien har upprörda kollegor inom specialstyrkorna tagit bladet från munnen. De bekräftar nu att CIA tvingat dem att träna terrorister från både Islamiska staten (IS) och al-Qaida. Detta har skett i ett hemligt CIA-program som även fört in tusentals ton med vapen i Syrien. Ett undantag i den amerikanska terrorlagstiftningen gör det lagligt för USA:s utrikesminister att beordra stöd åt islamistgrupper som den egna administrationen terrorstämplat.

TRANSLATION: After three American instructors have been killed in Jordan indignant colleagues within the special forces have spoken out. They now confirm that the CIA has forced them to train terrorists from both the Islamic State (IS) and al-Qaeda. This has occurred in a secret CIA-program that has also delivered thousands of tons of weapons into Syria. One exclusion in the

American terror legislation makes it lawful for the US Secretary of State to order support for Islamic groups which its own administration has labeled as "terrorists".

# **Cover up of american elite soldiers' death**

UTRIKES INTERNATIONAL

I skuggan av det amerikanska presidentvalet har något mycket uppseendeväckande skett i militära kretsar. På mindre än knappt fyra dygn har sex amerikanska kommandosoldater från den mytomspunna elitstyrkan Gröna baskrarna dödats, tre av dessa under oklara omständigheter utanför en flygbas i Jordanien.

## Disintegrating Sweden: Visit Number Thirteen

Source: <http://www.friatider.se/hundratals-radikala-muslimers-samlades-utanfor-riksdagen>

13 October 2016.

Young radical Muslims gathered outside the Swedish Parliament building shouting: **"We got to make all of them (Swedes) Muslims!"**

\*\*\*

The island of Gotland is boiling over with anger right now. This year not less than 28 rapes have occurred on the island, which for only a few years ago was considered the last fairly Swedish outpost in the country. According to unverified information all perpetrators are said to be immigrants. The drop that caused the cup to spill over was when a wheelchair-bound woman notified the police she had been gang-banged by six men, who obviously are asylum seekers/migrants from the Mid East - and the new law which became effective as of the 1st of October implying that the information regarding the suspected perpetrators will be classified.

The highly criticized chief of the national police, Dan Eliasson, who became famous in Sweden in the late 1970s for his hard rock music hit *Fucking in Bangkok* ([https://en.wikipedia.org/wiki/Dan\\_Eliasson](https://en.wikipedia.org/wiki/Dan_Eliasson)), has declared the situation on Gotland as a "particular event" and sent large police reinforcements to the island. This has provoked the locals who think that one could have used the resources to clear up the many rapes that have haunted the island in the wake of asylum immigration. (<http://nyatider.nu/begynnande-uppror-pa-gotland/>)

\*\*\*

Is there some hope that Sweden will not disintegrate?

Swedish politicians in Borlänge won't help returning ISIS terrorist when it comes to humanitarian aid for refugees, others, with no such signs of insanity, say we are the world's mental hospital! (Related: <https://www.thelocal.se/20160825/joe-biden-sweden-punches-way-above-its-weight>)

Politics. Borlänge says no to tax-financed benefits like driver license education, free housing and debt sanitation to returning ISIS-terrorists. – The one who has fought for ISIS has probably committed crimes against humanity and shall be brought to justice, says the local S-profile Kenneth Persson who is a member of Prime minister Stefan Löfven's political party.

A typical example why a made contractor "trumps" sell-out politicians with misguided or false self-image of altruism respectively sheer stupidity.

This morning, when I was driving to a shopping mall, I saw a caravan of trucks in my neighborhood with **polish** plates and loaded with brand new module houses arrive to a nearby located site – in this context it is worth mentioning that next to the migrant camp there is a day nursery for children – where a "temporary camp" (according to the municipality!) will be erected for asylum seeking Muslim (single males-?) migrants. While driving to the shopping mall I began to wonder how the hell could our politicians buy these modules from Poland when we could make these wooden modules here and place an order for them with a Swedish company instead?

Of course, they must have been cheaper to buy in Poland and maybe also erected by polish workers, but why don't our stupid politicians say and act something along these lines:

Well, being a member of EU we must obey the EU-treaty and allow other member countries to compete for a contract to build & erect such asylum facilities, but since Poland (although for understandable reasons!) won't let Muslim migrants in and share the burden of other EU-members in this respect, Sweden must impose a special tax exclusively designed for EU-members with that attitude!

Why can't (our) spineless politicians argue like Donald Trump, and in a similar way (in Brussels) motivate and introduce tangible taxes like he suggests on cars & air conditioners etc. assembled in Mexico or China, and which just as well could have been built by workers in the US instead!

Nope, there is no hope!

\*\*\*

There is a proposition that returning jihadists proposed to get free housing & ditto education for driver's license! (<http://nyatider.nu/atervandande-jihadister-foreslas-fabostad-och-korkort/>)

Återvändande jihadister föreslås få bostad och körkort

### **Returning jihadists are to get free housing and education for driver's license**

Under ett antal år har svenska kommuner brottats med frågan hur de ska hantera muslimsk radikaliserings, särskilt när allt fler också återvänder från krigshärdar och med sina erfarenheter här utgör ett särskilt säkerhetsproblem. I kommuner som Örebro och Lund har olika former av stöd för återvändare föreslagits och mötts av massiv kritik, medan någon sådan diskussion inte har förts i Göteborg, den stad varifrån flest jihadister avreser. Stadens ansvariga socialchef påpekar att personer från till exempel Islamiska staten även kommer med migrantströmmen.

For a number of years Swedish municipalities have been wrestling with the question how they shall handle Muslim radicalization, especially when increasingly numbers of Muslim jihadists return from battlegrounds and with their experiences pose a special security problem. In municipalities like Örebro and Lund different forms of support have been suggested for returning jihadists and been refuted by massive criticism, whereas no such discussion has occurred in Göteborg, the town from which most jihadists have departed. The responsible social head in town points out that persons from example the Islamic state also come with the migrant stream of normal immigrants.

<https://cruxnow.com/commentary/2016/11/04/sweden-pope-francis-becomes-immigration-realist/>

### **Pope Franciscus was positive to immigration - until he visited Malmö**

Politics: Pope Franciscus' visit to Sweden last week seems to have been a real eyeopener for him. This states the well esteemed catholic magazine [Crux](#) which has a good insight in the life of the Pope and the Vatican.

Earlier the Pope made statements like "we are all immigrants", that it is "hypocrisies to call oneself a Christian and throw out refugees", and that "immigrants do not pose a threat". The statements have been interpreted in a way that the Pope supported the open borders-politics as for instance Sweden and Germany have practiced.

On the flight back to Rome after visiting Malmö and Lund it suddenly sounded differently, the magazine which has full-time working correspondents in the Vatican reports: Migrants must be treated according to certain rules, immigration is a right, but it has to be very regulated, said the Pope.

On the other hand, to be a refugee means that one comes from a terrible situation with war, anxiety, hunger, and a refugee's status demands a lot of care and work.

Did Stina Lundberg-Dabrowski (with her seemingly more than professional good relations to Hillary Rodham Clinton contact the US Secretary of State in order to get two Swedish imprisoned communist journalists free in Ethiopia?

In an interview, the Swedish ambassador to Ethiopia at the time, Jens Odlander, described the astonishment among Swedish diplomats when the US State Department offered its help. *Fria Tider* called Odlander two days before the American presidential election in order to ask about Hillary Clinton's role in the matter, but he was unwilling to discuss it.

"Everything that I'm able to tell you has already been said before," he stated.

But in a book released before Clinton announced her candidacy, the Swedish diplomat was more talkative. In his 2014 book, *Silent Diplomacy*, Odlander wrote that an American diplomat, Molly Phee, promised the Swedes that Hillary Clinton would directly contact Ethiopia's Minister of Foreign Affairs, Hailemariam Desalegn, in order to pressure him into releasing the Swedish communist terrorists. "Hailemariam will be informed that Ethiopia has nothing to gain from imprisoning the Swedes," the American diplomat assured her Swedish counterparts, according to Jens Odlander.

In a later interview with SVT, Sweden's public television network, Odlander confirmed that Hillary Clinton and her UN Ambassador, Susan Rice, personally attended the meeting with the Ethiopian government. Shortly thereafter, Ethiopia decided to pardon the two Swedes and release them.

It is not known why Hillary Clinton decided to help get the two anti-American activists released from prison, or how the Swedish government was able to influence her to act in a way that seems contrary to the interests of her country. However, in 2010, the Swedish government approved the registration of a trust, the William J. Clinton Foundation Insamlingsstiftelse, which has since been a conduit used to transfer large amounts of money from sources close to the Swedish government to the Clinton Foundation. One of the trust's largest donors is Postkodlotteriet, a lottery sanctioned by the Swedish government. Until 2014, the Swedish politician Margot Wallstrom, who is today Sweden's Minister of Foreign Affairs (and Jens Odlander's boss), was one of the lottery's board members. On the Clinton Foundation

Clinton Foundation Sweden carries out several global programs and partly on a proprietary basis, but also in cooperation with other organizations, businesses and governments. Some of the major themes of the program are:

**Clinton Climate Initiative** skapar och för fram lösningar på de grundläggande orsakerna till klimatförändringar. (Create and find solutions to the basic causes of climate change.)

**Clinton Health Access Initiative** syftar till att adressera de globala HIV/AIDS-problemen. (is designed to address the global HIV/AIDS problems.)

**Alliance for a Healthier Generation** i samarbete med American Heart Association) arbetar med frågor rörande barnhälsa. (working with issues relating to child health in cooperation with the American Heart Association.)

**Clinton Global Initiative** arbetar med fattigdomsbekämpning. Ett mål är att världens ledare ska samverka för att skapa och införa lösningar på världens grundläggande problem. (Works with the fight against poverty. The goal is to convince world leaders to work together to create and implement solutions to the world's fundamental problems.)

**Clinton Development Initiative** arbetar med att skapa ekonomisk utveckling bland småföretagare och bönder. (working to create economic development among small businesses and farmers.)

The Ornithological Association of Sweden now fears that the country's entire bird population of *Corvus cornix* is an endangered species since alternative media here predict many journalists will be jobless amid the "wrong" outcome of the US presidential election due to pending closure of MSM newspapers and the alt. media bloggers' strong recommendation to their unfortunate colleagues to "Eat Crow!"

Swedish Opposition Leader Used "Turd Sign" to Describe Trump ...

för 22 timmar sedan ... Swedish Opposition Leader Used "Turd Sign" to Describe Trump ... Center-right opposition leader Anna Kinberg Batra, the likely next Prime ...

Imagine this:

Swedish opposition and moderate party leader Anna Kinberg-Batra, married to a "curry-comedian", had to retract from her unimaginable (quote) "Trump = turd" statement now after Donald Trump was elected president of the US to avoid being pronounced politically dead!

The moderate-party leader in Sweden: "Trump is a populist and extremist"

<http://www.expressen.se/nyheter/almedalen/kinberg-batra-gav-trump-en-bajsemoji/>

Methinks she looks as if she has just eaten a turd!!!

Swedish moderate party leader in her capacity as very infantile political referee gives Donald Trump a "turd" when choosing between grade D and A ("heart") due to his populism and extremism in an unsettled world, whereas she would give Hillary Clinton the reversed grade due to her demonstrated political seriousness and cooperation ability.

<http://www.expressen.se/nyheter/almedalen/kinberg-batra-gav-trump-en-bajsemoji/>

In this context, it would also be interesting to know what grades Anna would give Hillary Clinton for her social skills regarding "spiritual cooking" among likeminded or secret pay for play diplomacy with foreign heads of states

**"Now thousands of Christmas candles are lit" – claiming it adapts to the "newly arrived students".** <http://www.friatider.se/skola-censurerar-nu-tandas-tusen-juleljus>

Stroferna "född av Herren Jesu Krist vår frälsare och gud" och "en stråle av Guds kärleks ljus" har helt strukits från psalmen.

Dessutom har "Du stjärna över Betlehem" ändrats till "En stjärna över alla oss".

The stanzas "born by the Lord Jesus Christ our Saviour and God" as well as "a ray of God's love's light" have completely been removed from the psalm. Besides "Thou star above Bethlehem" has been changed to "A star above us all".

Now that's a shameful act of subduing isn't it? Of course, it is intended to assist Muslims in integrating into the Swedish culture, a culture that they want to exchange for Sharia Law!

Jesus and God censored at its Lucia celebration!

<http://www.friatider.se/pastor-peter-landalv-kraftigt-kryss-verser-kristen-tro>

Inrikes. När Södra skolan i Åmål förra veckan firade lucia ströks verser och strofer ur en populär julpsalm eftersom de handlar om kristen tro.

Enligt [kommunen](#) så att "samtliga elever oberoende nationalitet och religion" skulle kunna delta. Peter Landälv är pastor i den kyrka där luciafirandet hölls och han reagerar starkt på tilltaget.

– Jag tycker det är väldigt upprörande, säger han till Fria Tider.

Domestic. When the Southern school in Åmål last week celebrated Lucia, verses and stanzas were stricken in a popular Christmas Psalm since these dealt with the Christian faith, according to the municipality in order "to make it possible for every pupil to participate independent of nationality and religion". Peter Landälv is reverend in the church where the Lucia celebration was held and reacts strongly against the measure.

– I think this is very outrageous, he says to Fria Tider.

Very modest expectations: "Hopeless": Mahmoud is angry with Sweden – thought he would get "an own house" and a girlfriend.

Domestic. Mahmoud from Syria complains in an interview with [Sveriges Radio](#) he is compelled to live in a tax-financed smaller room in Stockholm and that he hasn't got a girlfriend. – **I want to have my own house, he declares.**

The migrants who had been placed in modular houses in the Stockholm suburb of Fagersjö are really disappointed / riktigt missnöjda – despite the fact that they have rooms of their own and have surpassed ordinary Swedes in the queue for housing.

Among other things they are indignant over the fact they must share a kitchen with others.

One of them is Mahmoud from Syria. He is interviewed by Swedish Radio, who establishes "it looks like a hotel room". But Mahmoud's expectations on Sweden was substantially higher than that. I had very high hopes of getting a private house. And then they offer me this accommodation. It's like a refugee camp. What is the difference? he says.

Domestic. Three young migrant men, two 17 y/o Iraqis and one 19 y/o Somalian, are now prosecuted for a very brutal and cynical attack on a 80 y/o man in Västerås. The man who was stabbed and heaped upon with boot kicks, thus receiving serious wounds. Late at night on the 8th of April this year 80 year-old Lennart walked along a bike track at Djäkneberget in Västerås when he suddenly was attacked. – "I heard the footsteps behind and in next moment I got a knife in my back," the man tells in an interview according to [SVT Nyheter](#).

In connection with the knife stab into Lennart's shoulder the gang demanded he should give them his money.

When he refused the migrants repeatedly aimed kicks towards his face and body. His wounds became extensive.

"This violence has caused N.N. (= Lennart) a stab wound in right shoulder, a hemorrhage beneath the hard brain membrane, broken nose bone, rib fracture and bruises in the face as well as on the upper and lower part of the torso", writes the prosecutor.

There's nothing to get upset about. It's only a game Muslims continue to play!
