The French satirical magazine *Charlie Hebdo* is famous for its biting cartoon presentations of all matters political – from the communist/socialist left side of the political spectrum to the patriotic, conservative, right side of the political spectrum. On 9 February 2006, *Charlie Hebdo* published a collection of Muhammad caricatures criticizing Islam, its teachings, and those who believe in Islam. The cartoonists and

¹ *I prefer to die standing than to live on my knees.* This is a famous political statement often used by Stéphane Charbonnier. A history of this quotation is at http://en.wikiquote.org/wiki/Emiliano_Zapata.

² *I am Charlie! You are Charlie!! We are Charlie!!!* Charlie is the reference to the French satirical magazine *Charlie Hebdo*. The name has two meanings. Charlie is an endearment form of Charles, which means *strong* and *manly*. The title *Charlie Hebdo* is a French play on words with the expression *Charia Hebdo*, which means *Sharia Weekly*.

columnists had a no-holds-barred-approved presentation of criticisms. For their satires on Islam, the magazine's offices were bombed in November 2, 2011.

On 7 January 2015, two French brothers and Islamic jihadists³

In addition,

- Ahmed Merabet, 42, a Muslim police officer of Algerian heritage, was shot in the head as he lay wounded on the ground outside the building.

- unidentified police officers were wounded.

Immediately there were cries of *Je suis Charlie!* throughout France, Europe, and the world that are meant to support the existence and right of free speech as opposed to submission under Islam. Quite concurrently there were statements by the heads of state such as Barack Hussein Obama, the British Prime Minister David Cameron, the French President François Hollande, the French Prime Minister Manuel Valls, the German President Joachim Gauck, and the German Chancellor Angela Merkel emphasizing that the attack was undertaken by psychologically ill attackers who had nothing to do with Islam. Indeed, all of those listed above claim that Islam is peaceful and tolerant.

The faculty of the Islamic Al-Azhar University in Cairo issued a statement that violence and terror have nothing to do with peaceful and tolerant Islam.⁴

Every logically thinking person can immediately realize that such positions as stated above are CRAP!

The Al-Azhar University condemns non-believers as infidels. Yet, at the same time it does not condemn ISIS (Islamic State in Syria) as being infidels because "we cannot infidelize a Muslim regardless of his sins' because, while ISIS's deeds may not be

acceptable in Islam, a Muslim man cannot be labeled as an infidel unless he rejects Allah's strict monotheism and the apostleship of Muhammad (The Islamic Double Creed, *Shahada*). 'If we judged them as infidels, we would be like them, and thus create sedition – situation we cannot take because of our moderate approach.'"⁵

What moderation! It is surely soothing to Christian Arabs!

Throughout the days transpiring since 7 January we have been informed by the lamestream media in the United States of America and in Europe that Islam is not the problem. The most serious problem facing peaceful and tolerant Islam are Geert Wilders, the Dutch conservative who warns against the Islamization of Holland and Europe; Pamela Geller, who according to the American lamestream, prostitute media constantly undertakes hate activity against Islam; Robert Spencer, who in his books exposes the truth of the peaceful and tolerant religion; Marie LePen, French conservative leader of the Front National; and the movements in Europe and the world against Islamization, which according to the Islamophobic, lamestream media in America and Europe are hate movements against Islam.

Of course, one can immediately confirm that Islam is peaceful and tolerant.

A vulgar proof is Boko Haram, an Islamic terror organization that has been ravaging and killing in Nigeria over the past decade and this past week murdered over 2000 Nigerians in northern Nigeria because they refused to support the Boko Haram goal of establishing an Islamic Sharia state in Nigeria.

That is the real core behind what Islam is!

As of this writing the Barack Hussein Obama regime still remains unwilling to state that Islam is the problem and that Islam is the source of hate laws. Barack Hussein Obama and his cronies continue the such-terrorism-has-absolutely-nothing-to-do-with-peaceful-Islam dance.

Not only the White House takes this stance. The comments that the author has read, seen, and heard in the German kowtowing-to-Islam media make no reference to Islam or Muslims being involved in the Charlie Hebdo terrorist attack or other terrorist attacks regardless of where they take place.

On 7 and 8 January the Chairmann of the Central Committee of Muslims in Germany, Aiman A. Mazyek, appeared on television and strongly condemned the attacks in Paris. Yet, he did not say the attackers were Islamic terrorists. Instead, he strongly emphasized that the attackers had nothing to do with Islam.

Aiman Mazyek repeatedly said Islam is a friendly, tolerant, and peaceful religion. His views were pretty much echoed by many other Islamic organizations and particularly the German media and politicians, as well. There were so-called terror experts from every corner and crevice of the German television and radio landscapes (names kept secret to protect the guilty!) who gave their senseless two cents of expertise. A choice example is that one terror expert argued that the attackers shouting *the Prophet has been avenged* and *Allahu akbar!*—Arabic for *God is the greatest* must not be taken too seriously at this time. In this expert's opinion it could have been intentionally shouted to direct attention against Islam, which is a peaceful and tolerant religion.

On 9 December 2015, under the title *Was hat Extremismus mit dem Islam zu tun?* (What does extremism have to do with Islam?) the German radio station Deutschlandfunk interviewed Bekir Alboga, Secretary of der DITIB, the acronym for Türkisch-Islamische Union der Anstalt für Religion e.V. (Turkish-Islamic Union of the Institute for Religion, official Association).⁶

Mr. Alboga's position is a prime example of typical Muslim evasiveness in answering a question, the truthful answer of which could place Islam in a negative position. He argues the Kouachi Brothers did not receive their terror instructions from an Islamic organization and therefore the attack had nothing to do with Islam, which is peaceful and tolerant. He said that the Islamic State in Syria and Al-Qaida in Yemen are terrorist organizations. Islam has no terrorist organizations. Therefore, the Kouachi Brothers were not truly Islamic and it would be wrong for anyone to make a connection between the Kouachi Brothers and Islam.

All participants in German television and radio discussions have to this date concluded that the real danger is from the conservative National Front in France and the PEGIDA Movement in Germany, or the Geert Wilders politics in the Netherlands.⁷

Always, the multitudes of special reports end with all participants so satisfied that the attackers have nothing to do with Islam. This will also be the result of solemn vigils and solemn marches in European capitals and major cities today, Sunday, 11 January 2015, and throughout the week of 12 January 2015 with the participation of leading politicians, Christian organizations, Jewish organizations, and the ever-so-peaceful-showing-and-tolerant Islamic organizations.

This is the official presentation of the mainstream media in Europe and the United States of America.

This appeasement, kowtowing, and apologizing to Islam and Muslims must stop!

A good starting point to stop licking the derrière of Muhammad and Islam is to realize the true classification of Islam. Based on academic studies of Islam, one must conclude that Islam is a CULT, indeed, a CULT OF THE PERSONALITY. Everything in Islam concerns the epileptic, illiterate, psychopath Muhammad.

Islam should never be called a religion. ISLAM IS A CULT!!!

Islam is not peaceful. ISLAM IS WAR!!!

Islam is not tolerant. ISLAM IS INTOLERANT!!!

⁷ PEGIDA is the acronym for Patriotische Europäer gegen die Islamisierung des Abendlandes (Patriotic Europeans Against the Islamization of the West)

Read the *Sunnah* of Muhammad and the Koran which was dictated by Muhammad whenever he needed justification for what he was undertaking.⁸ You will truly know that evil comes from Muhammad. For example, mass murder is blessed. Here are other Muhammad-holy teachings that Muslims should follow:

1. "It is not for any Prophet to have captives until he hath made slaughter in the land."⁹
2. "Fight everyone in the way of Allah and kill those who disbelieve in Allah."¹⁰
3. "I have been given the command to fight. ... Permission is given to those fought against (those who are followers of Muhammad) because they have been wronged; and surely Allah is able to give them victory."¹¹
4. "So when you meet those who disbelieve [in battle], strike [their] necks until, when you have inflicted slaughter upon them, then secure their bonds, and either [confer] favor afterwards or ransom [them] until the war lays down its burdens. That [is the command]. And if Allah had willed, He could have taken vengeance upon them [Himself], but [He ordered armed struggle] to test some of you by means of others. And those who are killed in the cause of Allah – never will He waste their deeds. He will guide them and set right their state. And admit them to Paradise which He has made known to them."¹²
5. "Whosoever of the Jews falls into your hands, kill him."¹³

⁸ The **Sunnah** means the way Muslims must lead their lives based on the teachings and behavior of Muhammad and the interpretations of what he personally dictated in the Koran.

6. Muhammad set the example of killing his critics. Muhammad gave the personal warning that anyone who should insult him "shall be put to death"¹⁴
7. "Kill! Kill!"¹⁵ "O Conqueror, kill, kill!"¹⁶
8. "Fight and kill the disbelievers wherever you find them, take them captive, harass them, lie in wait and ambush them using every stratagem of war."¹⁷
9. Muhammad was the originator of the Final Solution – the killing of the Jews.¹⁸
10. "I have been made victorious with terror (cast into the hearts of the enemy.)"¹⁹

This is peaceful and tolerant Muhammad.

This is the peaceful and tolerant Koran.

The bottom line is that Muhammad with the Koran as his blueprint should be charged with crimes against humanity encompassing apartheid, deportation, deprivation of personal liberty, enforced pregnancy, enforced prostitution, enforced sterilization, enslavement, ethnic cleansing, extermination of peoples, forced disappearance of persons, murder and mass murder, political persecution, racial discrimination, rape, sexual slavery, sexual violence against men and women, bestiality, and torture.²⁰

The threat of Islam is with us every day. It is time that the free world combat Islam by exposing Muhammad and Islam with the truths from the sources surrounding Muhammad and the Koran.

One cannot slander Muhammad. Muhammad with his actions has slandered himself.

One cannot slander the Koran. The Koran with its statements against humanity made by a psychopath slanders itself.

With the Muhammad-Koran-inspired terrorist attack on the free-thinkers of *Charlie Hebdo* on 7 January 2015, and with the solemn memorial marches and vigils accompanied by church and synagogue services in Paris and other European capitals and minor cities, Islam has again won the day.

The victory on the one side of the double, evil-faced Islam is that Muhammad-and-Koran-energized terror has eliminated some of Muhammad's and Islam's critics and opposition.

The victory on the other side of the double, evil-faced Islam is that with the appearance of imams and Islamic political leaders such as the hypocrites Turkish Prime Minister Ahmet Davutoglu and Palestinian Authority President Mahmoud Abbas, hand-in-hand and arm-in-arm with Islam-kowtowing political leaders of the free world, and all of them voicing in unison the mantra that the terrorist attack had nothing to do with Islam, the cancer that is Islam has shown a caring attitude that symbolizes its self-proclaimed peacefulness and toleration.

This is Islamic two-faced – ism at its best because it has been accomplished at the expense of those intentionally murdered and the placation of the still living kafirs!

Se soumettre est l'Islam!

La liberté ist Charlie!
