LET'S ERECT A MEMORIAL STATUE

I have followed and watched the destruction and vandalism in DemocRAT Party-controlled cities and states in the United States of America throughout the past weeks. The DemocRATS have allowed such activity under the general motto *Summer of Love*.

I am enthralled over the idea that a memorial statue should be raised in honor of the arsonists, destroyers, protestors, rioters, and vandals who have participated in an incomparable eradication of America's past and present that they do not support.

These Lumpenproletarians have been endowed with a life-long suspension of patriotism and intelligence by the Great Evil. This vacuum leading to the nothingness that is void of ethics and morals has been long-cultivated by the DemocRAT Party.

Therefore, the time is appropriate for a memorial statue to be erected in all Democrat Party-subjugated cities and states to commemorate their historically unequalled manifestation of what they consider to be right and just.

Here is my favorite conceptualized choice to praise the DemocRAT Party with its Clintons, Obamas, Cuomos, Newsoms, Whitmers, Pelosis, DeBlasios, Soroses, Bidens, Durkans, Wheelers, Lightfoots, and associated political comrades who border on ignoramuses. All of them have illogically-functioning, sick minds, and would vandalize the Day of Judgement.

The memorial statue truly depicts the pervasive anti-intellectualism prevailing in the circulating dregs of a society that they do not want to change only, but want to eradicate from the face of the earth.
