And from 2011...

From time-to-time it probably occurs to people that the liberal bias in the United States would not be as intense if free Americans simply boycotted the purveyors of socialist claptrap. To that end, below is a list of media outlets, newspapers, products, businesses, charitable organizations, foundations, entertainers, columnists, etc. that you may wish to boycott, followed by a list of those that generally support liberty and are not working against capitalism and the American culture. To make the list as productive as possible, please submit additions to the author of this web site at: colony14@gmail.com and the list will be updated. If possible, please briefly mention why the name belongs on the "boycott" list or the "support" list. (Leftists, socialists, and other parasites of productive Americans need only to switch the boycott and support headings on the lists!)

BOYCOTT LIST

The following support leftist causes, work against American traditions and culture, disregard the U.S. Constitution, or are generally annoying in one way or another:

Any person, company, or organization that boycotts the State of Arizona for having the common sense to protect itself from illegal immigrants

*Oprah Winfrey (for promoting Obama on her TV show, and who produced a YouTube video in which Demi Moore, Ashton Kutcher, Cameron Diaz, Courtney Cox, Eva Longoria, and other celebrities “pledge to be a servant to our president and all mankind;” to view the assemblage of leftards, go to:
<http://americac2c.ning.com/forum/topics/i-will-not-pledge-to-king?xgs=1>)*
