

Rotten Rodham
By Don Fredrick
(sung to the tune "Rockin' Robin")

She rides in a limo all day long
Lying and scheming and planning more wrongs
Huma gets her coffee, makes her bed
And she sees that every email has been shred

Rotten Rodham, not not
Rotten Rodham
Dump rotten Rodham
And we'll make the nation great again

All the lefty pundits cover her tracks
Eager to see her raise our income tax
Give away free college and print more dough
Never ever thinkin' how it hurts Joe Blow

Rotten Rodham, not not
Rotten Rodham
Dump rotten Rodham
And we'll make the nation great again

Crooked little Debbie at the DNC
Helped pave the way for pal Hillary
Bernie tried to stop her but got shoved aside
Lucky not to get a dose of cyanide

She waddles in her pantsuits day and night
Thinks the Oval Office is her own birthright
But come November this much is clear
What she'll get is nothing but a big Bronx cheer.

Rotten Rodham, not not
Rotten Rodham
Dump rotten Rodham
And we'll make the nation great again
