

THE DEMOCRAT PARTY BECOMES COMMUNIST

PART TWO: The Communist Goals of the Democrat Party

OPENING STATEMENT

Part One of this essay series, *The Democrat Party Becomes Communist*, presented documented evidence that the establishment of communism as the governing form in the United States of America has been the Democrat Party's goal since the turn of the 19th to the 20th century. This goal has been sought despite the logical and historically proven fact that the deep-rooted instinctive sovereignty of individuals and their undeniable diversities in options and inclinations guaranteed by the *Constitution for the United States of America* renders all collectivist dogmas absurd.

Psychological disturbances permeate the Democrat Party. The Democrat Party is saturated with political madness to such an extent that it is more likely to become mentally ill and depressed than any other political party. Indeed, Democrats lead lives of self-imposed political desperation.

There is no better proof of these two statements than examining the communist goals of the Democrat Party. On January 10, 1963, the *Congressional Record* documents¹ that Congressman A. S. HERLONG, J.R. OF FLORIDA² addressed the Speaker of the House of Representatives as follows:

¹ Consult the *United States Congressional Record* – Appendix, pp. A34-A35, January 10, 1963 at [https://www.govinfo.gov/app/collection/crecb/crecb/Volume%20109%20\(1963\)](https://www.govinfo.gov/app/collection/crecb/crecb/Volume%20109%20(1963)), accessed 11 October 2020.

² Albert Sydney Herlong (1909-1995) was a Democrat who represented the fourth and fifth districts in Florida from 1949-1969. He was a Democrat from 1937-1985 and then he switched political parties and was a Republican from 1985-1995. Exposing the list of communist goals as he did in 1963 indicates that he likely had Republican leanings at that time.

"Mr. Speaker, Mrs. Patricia Nordman of De Land, Florida, is an ardent and articulate opponent of communism, and until recently published the De Land Courier, which she dedicated to the purpose of alerting the public to the dangers of communism in America. At Mrs. Nordman's request, I include in the RECORD, under unanimous consent, the following "Current Communist Goals," which she identifies as an excerpt from "The Naked Communist," by Cleon Skousen: [From "The Naked Communist," by Cleon Skousen]"

Willard Cleon Skousen (1913 – 2006), author, educator, politician, FBI Special Agent, and lecturer was a conservative anti-communist. Born in Alberta, Canada, he became a Federal Bureau of Investigation special agent in 1940. Between 1951 to 1955, he taught law and politics at Brigham Young University in Provo, Utah. From 1956 to 1960, Skousen was the police chief of Salt Lake City, Utah. In his later life, Skousen was active in promulgating conservative values. He was also an expert on Mormon theology. One of his opinions was that slavery is not a racial problem but a problem of humanity. Skousen's book *The Naked Communist* has been described as irrational paranoia.

Ben Carson the present Secretary of Housing and Urban Development under President Trump "claims that (the) Democratic Party or liberal politicians have communist or fascist beliefs ... and has "endorsed the work of W. Cleon Skousen, ... especially *The Naked Communist*, as an interpretive key to America today." According to Ben Carson *The Naked Communist* "lays out the whole progressive plan for fundamentally changing America. The only thing that's truly amazing is how quickly it's being done."³

Below are the 45 communist goals that Mr. Skousen presents. I list the 45 communist goals as they apply to the United States of America and place my comments following each goal in red with a link, if available, to the documentary

source. Additionally, I have signified at the end of each section whether the goal has been achieved or partially achieved. If the goal has been achieved, I have placed a 1.0 after the abbreviated form for GOAL ACHIEVED, i.e., GA 1.0. If the goal has been partially achieved, I have listed it as GOAL PARTIALLY ACHIEVED followed by 0.5, i.e., GPA 0.5. This will assist in calculating the percentage of communist goals that the Democrat Party has achieved. The results are at the end of the following section.

Communist Goals (1963) That in 2020 are also the Goals of the Democrat Party

1. U.S. acceptance of coexistence as the only alternative to atomic war. **This has been expanded to include the willingness to coexist with any anti-American government such as Iran, which was the foreign policy of Barack Hussein Obama.**

GPA 0.5

2. U.S. willingness to capitulate in preference to engaging in atomic war. **For example the United States capitulated to Iran many times under Obama.** (<https://thehill.com/blogs/pundits-blog/international/238840-obama-capitulates-to-iran-then-dissembles-and-declares>, <https://bloviatingzeppelin.net/obama-capitulates-to-iran/>, accessed on 20 October 2020.

3. Develop the illusion that total disarmament [by] the United States would be a demonstration of moral strength. 4. Permit free trade between all nations regardless of Communist affiliation and regardless of whether or not items could be used for war. **Free trade agreements almost caused the annihilation of America's industrial base. Successive Presidents**

supported free trade and America's industrial and manufacturing output declined between 1968 and 2017. This has implications for a war effort, where, like in World War II, America converted peacetime production into wartime production.

The U.S. signed treaties with both China and the USSR in which it demilitarized and they militarized to gain an advantage.

Beginning with the former Secretary of State Henry Kissinger and President Richard M. Nixon, the U.S. opened trade relations with China. Today, the U.S. is on the verge of suffering catastrophic medicine coverage because the country imports almost all of its medications from China. America's spare parts industry is in trouble for the same reason. This has a huge impact on the U.S. military and military readiness. 7. Grant recognition of Red China. Admission of Red China to the U.N. China was admitted to the United Nations on 23 November 1971 and became a member of the UN Security Council on that date, replacing The Republic of China (Taiwan). At a Security Council meeting on 23 November 1971, after the General Assembly passed Resolution 2758, the President of the Security Council and the other representatives made statements welcoming the People's Republic of China representatives. On January 1, 1979, the United States under the leadership (?) of President James Earl Carter formally recognized the communist People's Republic of China (PRC) and severed relations with Taiwan.

8. Set up East and West Germany as separate states in spite of Nikita Khrushchev's promise in 1955 to settle the German question by free elections under supervision of the U.N. "The 1974 amendment to the German Democratic Republic's (East Germany) Constitution deleted all references to the "German nation" and "German unity" and designated East Germany "a socialist nation-state of workers and peasants" and "an inseparable constituent part of the socialist community of states." On October 3, 1990 East Germany ceased to exist and was reunited with West Germany. (the Federal Republic of Germany).

10. Allow all Soviet satellites individual representation in the U.N. The soviet satellite countries were Yugoslavia, Albania, Czechoslovakia, East Germany, Poland,

Romania, and Hungary. Yugoslavia joined the U.N. as an original member on 24 October 1945. By 1992, it had been effectively dissolved into the following five independent states, Bosnia and Herzegovina; Croatia, Macedonia, Montenegro, Serbia, and Slovenia, which were all subsequently admitted to the U.N.

16. Use technical decisions of the courts to weaken basic American institutions by claiming their activities violate civil rights. The Trump administration was not allowed to conduct background checks of Muslim immigrants to the United States.

Nancy Pelosi and colleagues are opposed to screening any immigrant concerning their posing a danger to the United States.

The United States has ca. 30-35 million illegal immigrants. Many of them will be voting Democratic (i.e., Communist) illegally in 2020 and thereafter.

18. Gain control of all student newspapers. Not all student newspapers are under communist control. The following example is typical of the bulldozing action of communists. The educational programs *No Child Left Behind* and others have caused children going to school to remain children who are functional illiterates. A huge segment of the American population is made up of functional illiterates. Americans are ignorant of the past. Universities across the United States financially support Social-Justice-Warriors that exist to enforce political correctness and to make sure that fellow students do not state competing political views. The Justice-Warriors are constituted to enforce correct political speech or they are to turn in the uncooperative students for espousing the incorrect political views. Obliterating the American past and its principles of freedom, liberty, and private ownership, is the major goal of the communists then and now. Statue defacement and toppling of statues and memorials by BLM and Antifa and presentment of statues to Satan are conclusive evidence of the presence of evil. 23. Control art critics and directors of art museums. "Our plan is to promote ugliness, repulsive, meaningless art." The first thing that communists have to do in order to take control of a country is to make people ashamed of their culture and forget their background. A good step is bastardizing their arts and comparing them to the rest of the world, and exploiting it as being cultural backwardness. The idea is they can show the only solution is to spread the wealth and fund accepted arts to produce better arts. This happens daily. A tabulation of the number of goals accomplished (GA) and the number of goals partially accomplished (GPA) has the following result:

Goals Accomplished (GA)	34 (instances yielding 34 total points)
-------------------------	-----------------------------------------

Goals Partially Accomplished (GPA)	11 (instances yielding 5.5 total points)
------------------------------------	-------------------------------------------

This gives an 88.7 % of goal accomplishment, whereby those goals not yet accomplished are still being undertaken for complete accomplishment.

The communist goals publicized in 1963 that in 2020 are also the goals of the Democrat Party show that the Democrat Party has intended the United States of America become a communist nation. It has steadily pursued this goal.

Throughout the past generations, perhaps the past 100 years, the Democrat Party and its politicians have created a legal framework with laws and federal and state organizations that can easily facilitate the transition/transformation of the American republic into the American Communist state. Socialist-communist-liberal politicians have been elected to public office. Their goal is to destroy American democratic-republican freedoms by changing and undermining the American legal system and installing a communist agenda within the American federal system's separate branches. Communism will be a success when the last bastion of republicanism and freedom has been destroyed.

In many scenarios, communism no longer exists as a valid terminology. It has changed its name into more politically correct appellations: today it is called International Democracy, Liberalism, Socialism, Progressivism, International Socialism, Globalism, the United Nations programs such as Global Compact, United Nations Sustainable Development, international democracy, citizenship of the world, the nationality of the world, a new United Nations, governments of socialism, etc., and above all, the New World Order.

America's first New World Order Presidents are Franklin Delano Roosevelt Woodrow Wilson.

THE MARX-ENGELS FRAMEWORK TO FACILITATE THE TRANSFORMATION OF A COUNTRY TO COMMUNISM

Since the publication of the *Communist Manifesto* in 1848, the United States of America has instituted policies and programs, mostly by Democrat Party presidents that align with the basic framework established by Karl Marx and Friedrich Engels to make a country communist.

Karl Marx (1818-1883) and Friedrich Engels (1820-1895) laid the groundwork of communism in the *Communist Manifesto* (*Manifest der Kommunistischen Partei*) in 1848. The theory and research was expanded by Marx's massive work *Capital: Critique of Political Economy* (*Das Kapital*) in 1867, which explored and broadened the theories of political economy expressed by Adam Smith (1723-1790), David Ricardo

(1772-1823), James Mill (1773-1836), Claude Henri St. Simon (1760-1825), and Charles Fourier (1772-1837). As a competitor to the *Holy Bible* and the teachings of Jesus Christ, the *Communist Manifesto* is considered to be eternally relevant to social and political economy.⁴

The *Communist Manifesto* presents ten platforms that must be implemented for communism to be successfully achieved. These political objectives are presented below in their original German with the respective English translation.⁵ American presidents of the Democrat Party and the Republican Party and Congress have implemented respective political laws, regulations, and established organizations that empower the government to accomplish each of these objectives. The result is that mainly the Democrat Party has consigned Americans to the grave of communism. Marx stated in the *Communist Manifesto* that if all of the political planks are applied and achieved and enforced, the country has become communist or communist by any other appellation such as socialist or internationalized democracy.

Following each of the ten platforms are the corresponding intentional federal laws, regulations, and organizations that have been established in the United States of America. Communist-oriented politicians can use them to guarantee the existence of the platforms and institute communism.

CONCLUSION: CONNECT THE DOTS

The myriad links in this essay and the supportive links below are the documented dots proving the evilness of the Democrat Party.

The following nine rules supposedly originated from Dusseldorf, Germany and were found by Allied Forces after World I in May 1919. No one knows the origin of these *Communist Rules for Revolution*. It is possible that the propaganda machine of Nazi Germany authored them.¹²

The rules are included at this point in the essay because they support the 45 goals listed by Willard Cleon Skousen in *The Naked Communist*.

1. Corrupt the young: get them away from religion. Get them interested in sex. Make them superficial; destroy their ruggedness.
2. Get control of all means of publicity. Get peoples' minds off their government by focusing their attention on athletics, sexy books, plays, and other trivialities.
3. Divide people into hostile groups by constantly harping on controversial matters of no importance.
4. Destroy the peoples' faith in their natural leaders by holding the latter up to contempt, ridicule, and speak against, condemnatory utterances.
5. Always preach true democracy; but seize power as fast and as ruthlessly as possible.
6. By encouraging government extravagance, destroy its credit; produce fear of inflation, rising prices, and general discontent.
7. Foment strikes in vital industries; encourage civil disorders and foster a lenient and soft attitude on the part of government toward these disorders.
8. By special argument cause a breakdown of the old moral virtues; honesty, sobriety, continence, faith in the pledged word, ruggedness.
9. Cause the registration of all firearms on some pretext with a view of confiscation of them and leaving the population helpless.

¹² <https://skeptics.stackexchange.com/questions/31405/were-these-communist-rules-for-revolution-written-in-1919>, accessed on 20 October 2020.

These nine rules can be augmented but not limited to, the following:

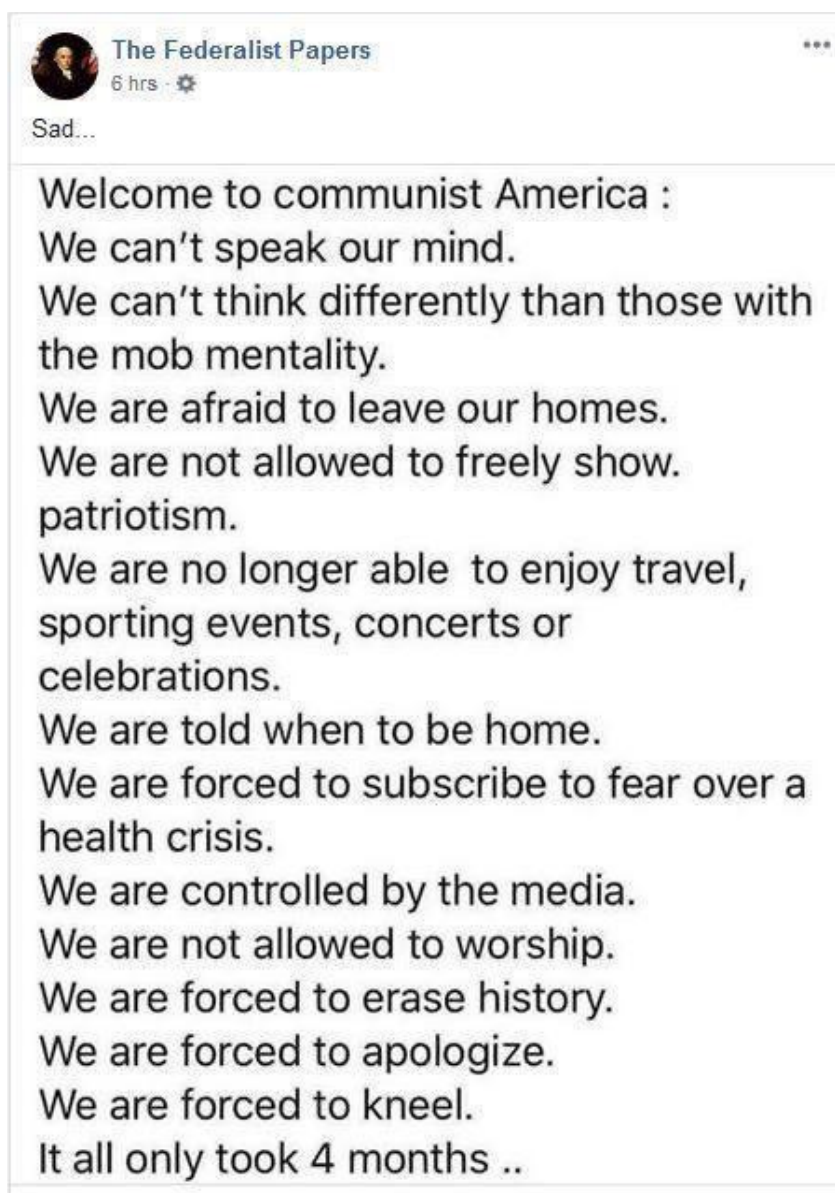

- Expand the grounds for abortion, legalizing homosexuality and same-sex marriage, sex change, although the human DNA proves that one is either a male or a female and have all of these paid for by federal and state governments.
- Implement unrestricted immigration and multiculturalism, and allowing illegal aliens the right to vote in American elections and access to all federal and state government assistance and welfare programs without requiring them to pay taxes.
- Include the integration of Muslims in American society, which is really only surface propaganda because Muslims are forbidden to integrate into any society that is not Islamic.
- Make the ideas of economic profit bad except for the Democrats. President Trump is evil because he is a billionaire. Therefore, question his sources of income and whether or not his profits are legal.
- Allow the federal and state government to control all phases of one's life *from the cradle to the grave*. Call this *the process of social discipline*.
- Ever increase federal and state spending so that the governments will be in eternal debt, and the governments will eventually collapse. (The Cloward-Piven Strategy)
- Allow civil servants and members of the armed forces to strike.
- Free criminals from prison and include them in resocialization programs paid for by honest American workers.
- Teach courses on the positiveness of revolution and anti-Americanism in universities.
- Give university degrees for non-sensical studies like basket-weaving, or a Harvard University doctorate without requiring the writing of a doctoral thesis (Obama doctorate).
- Appoint sociologists, psychiatrists, etc., as special defense counsels in legal proceedings before a court of law.
- Allow the regulations of the welfare state to replace individual freedoms and responsibilities.

- Abolish the *Constitution of the United States of America*.
- Always vote Democrat Party.

There can never be a rational compromise of individualism with the collective destructivism of communism. The individual has a cause-effect relationship with one's being that belongs to the self and not to the collective commune. Communism argues that it is full of liberty. The logic tells us otherwise. The republican institutions that the Democrat Party wants to undermine and overthrow are precisely those institutions that guarantee and protect ordered liberty in the American republic.

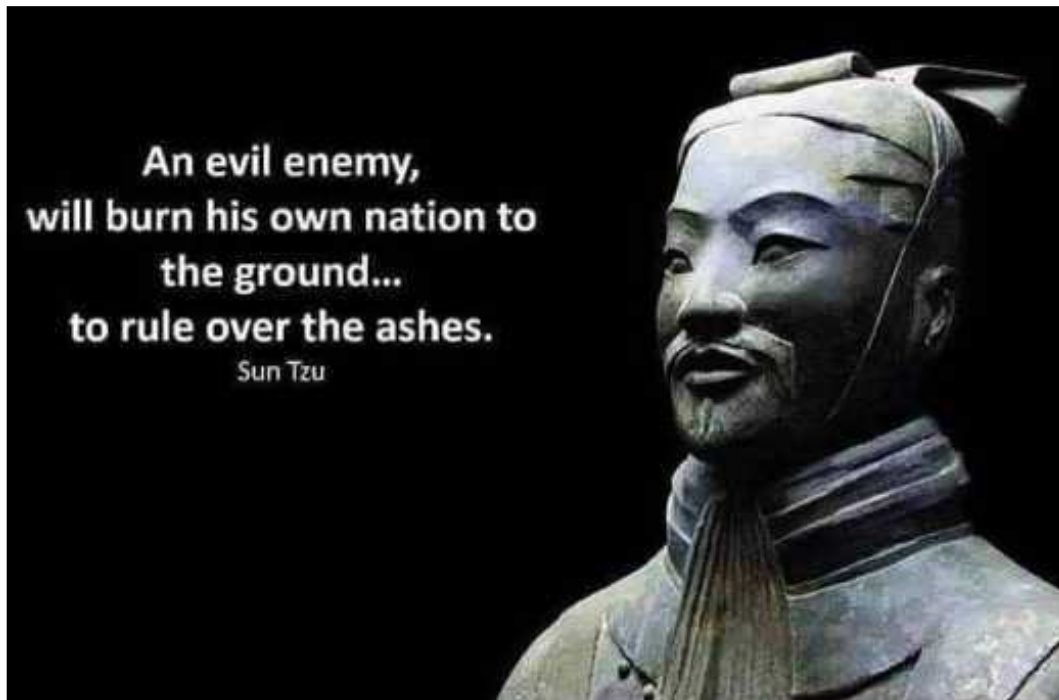

Anyone who thinks that the 45 goals presented by Willard Cleon Skousen in his book *The Naked Communist* or that the ten building blocks to make a country communist that were formulated by Karl Marx and Friedrich Engels in their *Communist Manifesto* can be associated with the American Democrat Party are irrational paranoia,¹³ are paranoid themselves. The documentary evidence that the Democrat Party is communist is overwhelming. The Democrat Party does not have any allegiance to the principles of the *Constitution for the United States of America*. It does not honor the Founding Fathers of the United States of America. It does not care about minority rights. It hates the values for which American soldiers gave their lives in two world wars and smaller wars and conflicts against communism.

The Democrat Party exists because it is in love with itself. It wants power, money, and control over the American people. To reach these goals it will undertake any measure unlawful and exploit the system and its ethical and moral laws. In short, the Democrat Party has no ethical and moral honor. The Democrat Party is evil.

The Democrat Party is America's evil enemy. What happens to such an evil enemy? Because the Democrat Party likes the Communists of the Peoples Republic of China so much,¹⁴ here is the answer from a Chinese philosopher:
