WHY DID TRUMP WIN?

The political pundits on all of the news networks and in the newspapers covering the 2016 United States presidential election are asking this question:

Why did Trump win?

It is a valid question because the mass, lamestream media in the United States was against Donald J. Trump becoming the 45th President of the United States of America from the beginning on June 16, 2015 when he decided to be a candidate for the office. All of the leftist fascists were against him. All of the establishment, from lobbyists to the core of whiners in Washington, D.C., including the deplorables in the Democratic Party and the Republican Party, were against him.

Americans who voted for Donald J. Trump have had enough of the Clintons and they knew that if the pathological liar and fascist Hillary Clinton would have become the President of the United States of America, the country would have been sold out by a traitor to the highest bidder willing to donate millions of dollars to the corrupt, mafia-like Clinton Foundation. Moreover, Americans knew that the illegal, anti-patriotic politics of Barack Hussein Obama would continue throughout the next four years. Emphatically, the possibility that Dude William Jefferson (the Cigar) Clinton would once again be an occupant of the White House, the center of government that he besmirched, was just too much for the Trump voters to digest. The voters for Donald J. Trump were sick of Obama's change and anti-Americanism and pro-Islam policies. They had had enough of eight years of Barack Hussein Obama Regime lies and they did not want to have four more years of the same under Hillary Clinton. They had had enough of George Soros and his monetary influencing of Washington politics. They had had enough of Democratic-Party-and-Republicans-in-Name-Only cronyism.

The unstated motto of the Democratic Party and the Barack Hussein Obama regime put into action is: *Those who deceive win*. However, with the election of Donald J. Trump, we know that that motto and action can be defeated because those who are truthful, patriotic Americans win! Therefore, enough Americans in the most important states voted for Donald J. Trump to be the 45th President of the United States of America.

Hallelujah!

The results show that Donald J. Trump solidly defeated Hillary Clinton in the election: 279 electoral votes to 228 electoral votes. Thus, he has the electoral mandate to MAKE AMERICA GREAT AGAIN!

On November 7, 2016, I received **AN APPEAL** to the citizens of the United States of America from a former United States Navy SEAL, Captain Larry Bailey, now retired. It includes more reasons why Americans voted for Donald J. Trump. Captain Bailey's supplication is as follows:

AN APPEAL

At the very last minute of this awful campaign, I have finally figured out why I am voting for Donald J. Trump and why I am voting against Hillary Clinton.

A strong case can be made for Trump's business experience and Hillary's political career. Trump has the former, and Hillary has the latter — in spades. The evidence clearly demonstrates that Trump has had an unbelievably successful business career.

Hillary, on the other hand, has not had a single successful political accomplishment — not one, and I have watched and looked. I saw her scandals in Arkansas, in the White House, and in the State Department.

What she DID do in the latter was initiate the Arab Spring, which resulted in chaos and destruction throughout the Middle East — Libya, Tunisia, and Syria, for example. And it was on her watch that our military forces were unilaterally evacuated from the battleground in Iraq that they had won at such great cost. Now look at what has happened in that poor country: nothing more needs mentioning than "ISIS."

And I can tell you from personal knowledge that she was personally responsible for the four Americans killed in Benghazi, Libya, on September 11-12, 2012.

Donald Trump loves his country! That is clear! That he has embarrassed it is also clear. Trump has been at times a very nasty man, but even nasty men can have redeeming qualities. Nasty women can also have those qualities, but one of them is not Hillary Clinton. Her nastiness cannot be redeemed, because it is deeply and unrepentantly rooted in pure Satanic evil.

Her devotion to Saul Alinsky, who dedicated his book, *Rules for Radicals*, to Lucifer (yes, THAT Lucifer — the Devil), is clear throughout her career — from her attacks on Bill’s sexual-assault victims to her involvement in the occult and to her unbridled support for the murder of the unborn.

And here’s the nub of it, America: given the choice of voting for “Nasty” versus “Evil,” I will go for the former every time, as periodic excursions into nastiness can be forgiven by the Creator. I am a textbook example of one who has experienced such excursions, but I know that having repented of them, I am forgiven by a merciful God.

I would never state categorically that Hillary Clinton could never be forgiven for specific acts of evil, but I doubt that there is forgiveness for her lifetime pursuit of the generic Evil of which I speak.

My advice for America? Choose “Nasty”—Donald Trump—over “Evil”—Hillary Clinton. Only in a Trump administration can we, I believe, expect national forgiveness for national sins. In the latter, I shudder to think of our fate for following an unrepentant Hillary.

Please think on these things before voting.

Without knowing the contents of Captain Bailey's APPEAL, American voters thought about the reasons Captain Bailey listed in his APPEAL and proudly voted for Donald J. Trump to become the 45th President of the United States of America.

May God Bless America!
